Henry E. Cheney has re-enlisted in the service of Uncle Sam. He is in Company B, Hospital Corps, and will be stationed at Presidio, Cal., for the next six months. He served three years in the Philippines, and after his term had expired he concluded that his honorable uncle was his best friend after all.

There is perhaps, no other newspaper in the county that ever handled as large an "ad" as that of Nelson B. LaCourse in another part of this paper. In all it has 240 inches of space and covers two full pages. Mr. LaCourse is making one of the largest sales of general merchandise that has ever been offered here and as a medium through which to exploit his sale he selects The News.

A man who is too economical to subscribe for his home paper sent his little boy to borrow the copy taken by his neighbor. In haste the boy ran over a stand of bees, and soon looked like a warty summer squash. His cries reached his father, who ran to his assistance, and failing to notice a barbed-wire fence, ran into it, broke it down, cut handfuls of flesh from his anatomy, and ruined a \$5 pair of pants. The old cow took advantage of the gap in the fence and got into the corn field and killed herself eating green corn! Hearing the racket, the wife ran, upsetting a four gallon churn of rich cream into a basket of playful chickens, drowning the whole flock. In her hurry she dropped a \$25 set of false teeth. The baby, left alone, crawled through the cream and into the parlor, ruining a \$20 carpet, and swalling the teeth as it went. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails off four fine shirts.—Exchange.
