Fred Watrous, of the Corner Store, has been entertaining his many friends and customers with a large phonograph of late. Mr. King said he had a good time and came home with twenty dollars less than he intended to and all because someone picked his pocket for the amount. The News acknowledges a call from Mesdames Sallie Moffott and Geo. Loud, of Ames, Iowa, who are visiting their friend A. B. Thomas and wife. Mrs. Moffott used to be a printer and when she got a whiff of printers ink no amount of persuasion would keep her away from the old haunts. The other lady is in the undertaking business, but of course that business while closely related to the printing business, doesn't have the same charm, however, we acknowledge a pleasant call.

The editor of this paper, and A. E. Nourse, visited part of Sunday at the palatial farmhouse of James Kirby just over the line in Yamhill county. Mr. Kirby went into that region when the entire mountains were covered with a fir forest and by the "sweat of his brow" and with the assistance of his faithful wife, they now have a good substantial home surrounded by a hundred and seventy acres of good land that lies out of doors. This is not all Mr. Kirby has over there, but shortly after the noon hour however, he didn't have quite as much as he did before.
