

RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system.

The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, red and acid. Then instead of nourishing the different nerves, muscles and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become irritated and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer is in intense agony; and if the disease is not checked it often leaves victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acid blood is made pure and rich, and as it goes through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

While at work for the F. G. & P. R. R. in the swampy region, I contracted Rheumatism and was completely helpless for about four months and spent over \$150.00 with doctors, but got worse every day, and finally quit them and began S. S. S. I took a few bottles and was cured sound and well. My health is now splendid, and I weigh 175 pounds. There is a lady living near me who is now taking S. S. S. for acute Rheumatism. For two months she could not turn herself in bed, but since beginning your medicine about three weeks ago has improved rapidly, and is now able to sit up. I can recommend S. S. S. to all suffering from Rheumatism.

I was severely troubled with Rheumatism. I had it in my knees, legs and ankles, and any one who has ever had Rheumatism knows how excruciating the pain is and how it interferes with one at work. I was truly in bad shape having been bothered with it for ten years, on and on. A local physician advised me to use S. S. S. I did so. After taking two bottles I noticed the soreness and pain were greatly reduced. I continued the medicine and was thoroughly cured; all pain, soreness and inflammation gone. I recommend S. S. S. to all Rheumatic sufferers.

The Wasteful Captain.
She was a fair passenger in search of information and the captain was naturally only too willing to gratify her. He had explained that the action of the propeller forced the ship through the water and added, as a further item of information:

"We made twenty knots an hour last night, miss."

"Did you really?" said the sweet mouth. "And whatever did you do with your helm all?"

"The captain went red and his eyes watered."

"Threw them overboard," he said, cheerfully.

"Fancy!" she said.—Tit-Bits.

Cleveland's One-Cent Warrant.
Ex-President Grover Cleveland holds the only warrant for one cent ever drawn by the Secretary of the Treasury upon the United States Treasurer. It was in payment of the balance of the salary due the Democratic chief-tain at the close of his term in 1897, and its issuance was made necessary by one of those mistakes that are rare on the part of the expert bookkeepers engaged in running the accounts of the government.

Every quarter the President of the United States is entitled to three checks—one for \$4,166.66 and two for \$4,166.67. The table of methods of paying government salaries shows that if the \$50,000 a year for the President is divided into twelve equal installments, one for each month, the amount will be \$4,166.66 2/3, but the two-thirds of a cent cannot be paid at the end of a month, and so the practice is to send the President a check for \$4,166.66 one month and the other two months of the quarter the amount is \$4,166.67.

In some manner President Cleveland failed to get a check one month for the extra cent that was due him, and when the books were balanced at the close of his term it was detected. With all due solemnity the officers of the treasury drew the famous warrant for one cent, and Mr. Cleveland received it with the same amount of seriousness. He has never cashed the warrant.

Beware of Ointments for Catarrh that Contain Mercury.
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Eels in Scotland.
Although eels abound in Scotch waters and are caught in great quantities, they are not considered fit food there. No matter how plentiful and how very fine and large they may be in any district of Scotland, no native will eat one. The objection to the eel is said to be based on its serpentine appearance and the fact that it is not overfastidious as to what it feeds on.

"Well, after you have worked on a machine for eight hours and the thing won't go, what do you do?"
"Oh, well, sir, if you've got one of that kind of machines, I don't want the job!"—Yonkers Statesman.

What Joy They Bring To Every Home

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
