A steel of special hardness, patented in Germany by F. Munster, results from subjecting the molten metal to a blast of nitrogen.

With a tensile strength often exceeding three hundred thousand pounds per square inch, steel piano wire seems to be the strongest material known, and it possesses the additional valuable property of a very high elastic limit.

A peculiar process for separating non-magnetic particles like gold from sand has been patented by L. T. Weiss. The metallic particles in mass are electroplated with iron, by a special apparatus, and can then be separated by any magnetic method.

Glass water-pipes, which have a covering of asphalt to prevent fracture, are in use in some parts of Germany. They give thorough protection against moisture in the ground, against the action of acids and alkalis, and they cannot be penetrated by gases.

Dr. Max Reithoffer, a professor in the Technical High School of Vienna, in conjunction with Herr Karl Morawetz, the government inspector of clocks, has completed a system for synchronizing clocks by means of wireless telegraphy, and permission has been secured for regulating the public clocks by this agency.

The use of milk of lime for quickly and effectively extinguishing fires in coal mines is recommended by Inspector Wolfgang Kummer, a German. The suggestion is not new, but has been newly tested with satisfactory results. The emulsion—which can be used with hand or power pumps—runs into and fills the crevices of the coal or mineral.

A new type of mitrailleuse is being constructed at the government armory of St. Etienne, France. This weapon is far more powerful than the existing type, its firing capacity being three hundred shots per second, with a maximum range of 5,400 yards. The tests with the weapon have proved highly satisfactory, except for a natural tendency to become heated through continued discharge, but this defect is being remedied.

The Gauls of Paris has been investigating that grave question, "Why do men wear mustaches?" About one hundred men answered the question. Six replied that it was too much trouble to shave, one declared that it was to hide his teeth, another that his long nose without it gave him a bad appearance, and three that it avoided colds. Three others maintained that it improved the air they breathed, and seven were of the opinion that a mustache was necessary to health. Seventeen men were content to state that they did it to please themselves, while only two said it was to please their wives. About sixty gave the reason that women did not like clean-shaven men.

F. Doffeln, a German naturalist, has recently seen in Ceylon a species of ant, the oecophylla smaragdina, in the act of "sewing" two leaves together for the purpose of forming a nest. This observation confirms the report of the English naturalist, Ridley, made in 1880. Doffeln saw a row of the insects pulling the edges of the leaves together; then others trimmed and fitted the edges, and finally a seam was made by fastening the edges with a silky thread, yielded by larvae of the same species which the workers carried in their mandibles. He made a drawing illustrating the method of working. According to Ridley, the sewing ants pass the thread-giving larvae like shuttles through holes in the edges of the leaves.

JOSEPH CHAMBERLAIN, WHO WON VICTORY IN ENGLAND.

Joseph Chamberlain, who won a notable victory for the tariff unionist cause at Birmingham, England, and who will be one of the few members of the Balfour government returned to Parliament, has been a member of the latter body since 1885. He has been thrice Mayor of Birmingham and served as Secretary of the Colonies, President of the Local Government Board, and President of the Board of the Organizers of the Unionist party. Mr. Chamberlain's wife is Mary, daughter of W. C. Endicott, Secretary of War in President Cleveland's first cabinet. He has been Chancellor of the University of Birmingham and also served as Lord Rector of Glasgow University.

When Lincoln Won His Spurs. Leaving the question of his relative standing in the profession at large for further consideration, it is confidently submitted that Lincoln won a creditable position at the local bar, almost at the outset of his career, among contemporaries who were not only capable lawyers, but men of exceptional force and character. Indeed, it is exceedingly doubtful if the bar of any other State in the Union possessed as much native talent and ability as the frontier State of Illinois when Lincoln won his spurs.—Century.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a tendency to close, and hearing is lost. If you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

"First Aid" to the Bowels

DOCTOR CASCARET

Office - In your own Vest Pocket

On call any Minute-Day or Night

When Heartburn, Sour Stomach, Headache, Bad Breath, Coated Tongue, Belching of Stomach Gas, or any of these forerunners of Indigestion appear, Old Dr. Cascaret wants to be right on the spot in your pocket.

He wants to check the coming trouble instantly before it can grow into a habit of the Bowels to be costly.

Ladies, who extend to Dr. Cascaret the hospitality of their Purse or their Dress Pockets, will be rewarded with a fine complexion, and healthy Happiness.

These will about fifty times repay for the trifling space occupied, and the ten cents per week at cost.

Dr. Cascaret guarantees to cure the most obstinate cases of Constipation and Indigestion, without discomfort or inconvenience.

His medicine does not gripe nor purge, nor create a drug habit.

Because it is not a "Bile-driver," nor a Gastro-Juice Waster, but a direct Tonic to the Bowel Muscles.

It exercises naturally the muscles that line the walls of the Intestines and Bowels.

Want of Exercise weakens and relaxes these Bowel-Muscles, just as it weakens Arm and Leg muscles.

Old Dr. Cascaret goes directly after these Bowel-Muscles. He wakes them up just as a cold bath would wake up a lazy person.

Then he works them (through the nerves) till they get so strong from that Exercise that they don't need any more help to do their duty.

But Dr. Cascaret wants to be right on the spot, in your Pocket or Purse, where he can regulate these Bowel-Muscles all the time, in health, and out of health.

Because, even the strongest Bowel-Muscles may be overworked.

Heavy dinners, late suppers, whiskey, wine, or beer drinking, nervous excitement, sudden exposure to cold or heat and a dozen other every day likelihoods tire the Bowel Muscles.

In such cases a little Cascaret in time is worth fifty dollars worth of Treatment later on, to say nothing of the suffering, discomfort, loss of Business Energy, and loss of Social Sunshine it saves.

Old Dr. Cascaret carried constantly in your Vest Pocket, or in "My Lady's" Purse is the cheapest kind of Health-Insurance, and Happiness - Promotion, that ever happened.

Little thin enamel Cascaret Box, half as thick as your watch, round-cornered, smooth-edged, and shaped so you don't notice its presence.

Father, it is true the young man loved me so suddenly that I was not prepared for it, and yet I feel that I am also to blame in the matter."

BLOOD POISON THE BLACK FLAG

The black flag is an emblem of horror and dread. When it is hoisted in an army, the order has gone forth that "no quarter" will be given, everything must be destroyed. Helpless women and children, as well as oppositons, meet the same fate, and a trail of desolation, suffering and death is left behind. Contagious Blood Poison is the black flag of the great of disease. This vile disorder is known as the blackest and most hideous of all human afflictions, overthrowing its victims and crushing out the life. It is no respecter of persons; no matter how pure the blood may be, if innocently the disease is contracted, when this awful virus enters the circulation the hideous, hateful and humiliating symptoms begin to appear, the sufferer feels that his very presence is polluting and contaminating. Usually the first sign of the disease is a little sore or ulcer, but as the blood becomes more deeply poisoned the severer symptoms are manifested, the skin and throat ulcerate, the glands in the groins swell, a red rash breaks on the body, the hair and eyebrows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores. In its worst stages the disease affects the nerves, attacks the bones and sometimes causes tumors to form on the brain, producing insanity and death. Not only so, but who contract the poison suffer, unless the virus is driven from the blood the awful taint is handed on to offspring, and they are its innocent victims. Blood Poison is indeed a "black flag." Mercury and arsenic, so often used, never can cure trouble. These minerals merely drive the symptoms away for awhile, but shut the disease up in the system, when they are left off it returns more than before. This treatment only fails to cure blood poison eats out the delicate lining of the stomach and bowels, produces chronic dyspepsia, loosens the teeth and frequently causes mercurial rheumatism to add to the patient's suffering. S. S., the great vegetable medicine, is the conqueror of this vile disease. It gets down to the very root of the trouble and cures by cleansing the blood of its particles of the poison. S. S. does not hide or cover up anything but clears the entire circulation of the virus and puts the system in good healthy condition. It cures safely as well as certainly, because there is not a particle of mineral in it. We offer a reward of \$1,000.00 for proof that S. S. is not purely vegetable. When the blood is purified and strengthened with this

Several years ago I had blood poison and my flesh was in an awful condition. Great sores would break out and nothing I put on them would do any good. My hair and eyebrows fell out and I was a fright. My mouth was so sore I had to live on milk and water. I took Mercury for a long time and instead of getting better I continued to grow worse and my arms and hands became solid sores. My legs were drawn so I could not walk and I felt that my time was short here if I did not get some relief. I began to use your S. S., and it helped me from the start. After taking it awhile the sores all healed, my rheumatism was cured and to-day I am a strong, well man. It got all the mercury out of my system and it cured me sound and well. ADAM SCHNABEL, Evansville, Ind. No. 211 Mary St.

S.S. RELY VEGETABLE.

It remedies the symptoms all pass away and no sign of the disease is ever again; nor is there left the least trace to be handed down to posterity. Send book with instructions for self-treatment and any medical advice desired will be sent without charge to all who write.
