

FRISCO'S RELIEF

People of Forest Grove and Vicinity Respond Heartily With Substantial Donations

Plans for Relief Answered by Forest Grove People with Promptitude

The people of our community have responded very heartily to the calls for relief from the devastated districts in California. The committee which was appointed by the mass meeting of citizens held last Friday has met with universal success everywhere in obtaining supplies and cash for the 'Frisco sufferers.

The list of contributors is a long one and includes all kinds of people and nearly every citizen in the city. Not only did the city respond, but the country was extremely liberal and the money which was shipped today contained products from nearly every farm in the vicinity of Forest Grove.

The committee that has charge is made up of the following citizens: J. Peterson, chairman; L. J. Corl, secretary; Merle Markee, treasurer; Fred Watrous, M. A. Allen, A. B. Thomas, Frank Emerson, Rev. Belknap and H. Teegarden. The committee met and sub-divided the work and a fair division of the work was made in order to facilitate the carrying out of the undertaking.

Hams, flour, potatoes, clothing, bedding and everything that can be

made of practicable use was loaded into the car. Over \$400 in cash was subscribed which was laid out for food supplies. The country contributed over 150 sacks of potatoes and there were near 30 sacks of flour. The car loaded was shipped direct to General Greely, who has succeeded General Funston in command at the Bay City and was gulled out yesterday evening.

New City Hall

Plans are being laid whereby Forest Grove is soon to have a city hall. Details of construction have not yet been decided upon but it will be located on the present site of the water tower—the highest spot in the city.

It is the plan now to join with the Fire Department and construct a building for joint occupation, the funds to be provided partly by the city and partly by the Fire company. A committee of the firemen met with a council committee last Tuesday, and bids will be received as soon as the style of architecture and the general plans of the building can be decided upon.

If Forest Grove ever was in need of anything it certainly is a city hall. Ever since the town has been incorporated, the little box that now serves as jail and council chamber has been used and it is hardly big enough or good enough for a good sized hen-house.

On account of the Bay City disaster, Mr. and Mrs. William Clarke, who were to leave immediately for Eureka, California, returned to Forest Grove, Friday. They remained at the home of Mr. and Mrs. Bailey, Friday, took dinner with Mrs. Shipley, Saturday, and left again for Portland Saturday afternoon. Mr. Clarke's company has been somewhat hindered by the San Francisco affair so he has been awaiting word from headquarters.

MARRIED VS. SINGLE

Dignified Business Men of Forest Grove Arouse Old Enthusiasm for Frisco Relief Fund

Largest Crowd in History of the Club Diamond Witness a Warm Game of Base Ball

By PAT SPARKS

In wheeling little go-carts The married men'll dot But in baseball with the singles Its twenty-three skiddoo. —Wagner's Opera "Rufhauser"

The plural men of Forest Grove got their's last Saturday, when they met the single men in a San Francisco benefit game on the Club Grounds. The score was 15 to 14. It was an ideal day for the game and one of the largest and most enthusiastic crowds that has ever assembled in Washington County to see an exhibition of the national sport, jammed the grandstand to the limit, and the overflow packed along the lime lines and throated clamorously for their respective contingent. There was all kinds of interest shown by both sides, plenty of ragging, but just enough to lend spice to the game and keep the spectators awake. After all expenses were paid the management turned in \$110.05 to the local committee of the California relief fund.

The stars of the day were Brooks and the Schultz brothers for the singles and Taylor, Baldwin and Goff for the plurals. The type-sticker put up a good game at short. He guzzled up everything that came his way and lopped them over to first in a manner that would make a professional cry for joy. Walt Baldwin did stunts in the same territory for the anti-single group and he is entitled to a medal from his married brethren. Will Bellinger clouted out the only three base hits of the day. Willis Goff pulled down all the sky-scrapers and long drives that came into left field.

The game started off at 2:15 p. m. with the single men at the bat, but they couldn't do much with Parker on the knoll—one score was enough. The married men looked at life from a different standpoint, their wives were in the grandstand and the hubbies knew that they must use the bat or their wives would—when they got home, so they pounded out the spheroid for four trips in the first canto. In the third they each crossed the rubber four times and in the fourth and fifth, the wifeless folks bunched their hits and stacked up nine more credits, making a total of 15. The singles did no more with the willow but held the plurals down to three in the fifth and a like number in the ninth. The game ended 15-14 with the single men to the good.

Here's the way the boys lined up:
Single Position Married
Kappel.....C.....Raines
Schultz, R.....P.....Parker
Brooks.....S S.....Baldwin, W.
Baldwin, H.....1 b.....McNamer
Schultz, W.....2 b.....Taylor
Morley.....3 b.....Kertson
Christian.....r f.....Bellinger
Loomis.....c l.....Roe-Clapshaw
Buxton.....1 f.....Goff

Score by innings
1 2 3 4 5 6 7 8 9 R
Singles 1 0 4 4 6 0 0 0 0-15
Married 4 0 4 0 3 0 0 0 3-14
*Batted for Bellinger in 8th and 9th

San Francisco's Call for Help

The officials of the Southern Pacific have sent out the following communication asserting the necessity of continued operations in order to relieve the suffering humanity in the Bay City. From Oakland, Calif.
J. P. O'Brien—

Having gone over the situation in San Francisco, I am deeply impressed with the necessity of urgent forwarding of food stuffs with which to feed the 200,000 homeless people. The situation is well organized and the United States Quartermaster's Department is receiving and distributing, through its channels and through various local relief associations, all supplies as fast as they arrive, but the fact should be made public in all quarters that it will require continued efforts on the part of everyone to keep supplies coming. The railroads are of course handling all such supplies without charge and the people must respond to calls for relief.

(Signed) E. H. HARRIMAN, President.

J. P. O'Brien:

Please notify all your people who are furnishing supplies that they are being received in good shape and are well distributed to the needy through the Army Commissary Department. The Northwest is doing remarkably well in this emergency.

(Signed) E. E. CALVIN, Gen. Mgr. of S. P. Co.

LESSON IN ECONOMY

Many Are Beginning to Save-up for the Jamestown Exposition.

(Charles Frederick Stansbury.)

"Where are you going to spend your vacation next year?"

"At the Jamestown Celebration at Hampton Roads, Virginia," is the reply of six out of ten people—especially young people—within a certain radius of Norfolk, Va., the headquarters of the Exposition Company. Most of the young people referred to are just now conjugating "to save-up," conversely, and have gotten from "I shall save-up" to "I am saving-up."

The area within the radius mentioned can be marked out upon the map of the United States by any boy or girl who will take a pair of compasses and sticking the point into Norfolk, stretch the pencil end to the Mississippi River and describe a circle. Ambitious and patriotic young persons within this area are beginning to hoard dimes, quarters, half-dollars and dollars, so that at the end of a year they will have enough money for at least a two weeks' sojourn among the delights and wonders of the Hampton Roads celebration.

The young people are not the only ones who have begun to save. Many elderly couples whose children are married and scattered are economizing and saving in order that they may attend in the pleasant evening of their lives the interesting Exposition, celebrating the nation's birth in Virginia.

The saving up process is a simple one and the money can be got together even by those in humble circumstances by beginning to save in time. It goes without saying, that the result will more than justify the care and self denial required.

Take, for example, the young members of the various branches of the Y. M. C. A. Every year many of them combine to take a vacation trip to some point within their means. For this purpose many of the boys save up for months beforehand. Can anyone doubt where they, with boys' love of water, ships, pageants and adventure, will want to go next year? It is not every year that they can get a chance to visit so interesting and varied an exposition as that celebrating the founding of Jamestown in 1607. The outing will be at once a picnic and a liberal education. Here will be seen the armies and navies of the world, in addition to the industrial and artistic branches of the ensemble. Where is the boy that would not willingly cross the continent to see an exact reproduction of the most famous sea duel in the world on the spot where it actually occurred?

To enjoy this excursion, the boys and girls and men and women, who were not born with a silver spoon in their mouths, must begin to "save-up." The earlier they begin to save, the more fun they can have next year.

RESULTS OF PRIMARIES

Vote not Heavy Although Fairly Representative—Nice Day and A Quiet One.

Few Democrats Vote—South Forest Grove Polled Heaviest Vote in the County.

The results of the primaries in this county were fairly satisfactory and it is the general opinion that the republicans nominated a strong ticket. It is almost certain that many of the men found on the state ticket are men independent of any boss and of a character that would seldom get a nomination in the old style convention where the ward healer was supreme. It is yet early to form a clearly definite opinion concerning the usefulness and practicability of the new primary law but little or no sentiment has been brought out against it by this first trial and public opinion seems to be slowly but surely precipitating a judgment in favor of it. Although the vote was light last Friday more people participated in the primaries than ever before and it is safe to say that the people's candidates won. The cost is a minor consideration when the benefits derived are clearly those of the people. The largest cost by far was carried by the candidates in securing their nomination and the pros and cons of this feature is entirely another consideration, perhaps ethical or economic.

As to Statement No. 1, a majority of the representatives over the state are signers of that much thrashed out article. The scheme is a good one, however, and it lies with the people whether they will enforce this provision and elect their own U. S. senator, which they can do by sending those to the legislature who have signed the statement and refusing to return those who broke their promises.

The republican nominations in this county are as follows.

For the Legislature:
W. N. Barrett, Hillsboro; Bruce F. Purdy, Gaston and Wilbur K. Newell, Gaston.

For County Judge:
J. Wesley Goodin, Glencoe.

For Commissioner:
W. J. Butner, Beaverton.

For Sheriff:
J. W. Connell, Hillsboro.

For Clerk:
E. J. Godman, Hillsboro.

For Recorder:
Willis Ireland, Hillsboro.

For Treasurer:
W. M. Jackson, Hillsboro.

For County Surveyor:
L. C. Walker, Forest Grove.

For Coroner:
E. C. Brown, Hillsboro.

For U. S. senator Bourne was given a substantial majority over Cake his nearest competitor, while Huston's majority was about 500.

Withycombe distanced Geer while the vote between Benson and Gatch for secretary of state was very close, Benson winning by five votes. Steel was an easy victor for treasurer, Crawford for attorney general while Duniwag came out with a big lead for state printer.

The state ticket, however, is probably as follows:

U. S. Senator, short term:
F. W. Mulkey.

U. S. Senator, long term:
Jonathan Bourne, of Portland.

Representative 1st District:
W. C. Hawley of Salem.

Representative 2nd District:
W. R. Ellis.

Governor:
James Withycombe.

Secretary of State:
F. W. Benson.

State Treasurer:
G. A. Steel.

Supreme Judge:
Robert Eakin.
Superintendent of Public Instruction:
J. H. Ackerman.
State Printer:
W. S. Duniwag.
Attorney General:
A. M. Crawford.
Labor Commissioner:
O. P. Hoff.

A KANSAS CITY PRODUCT

The Central Publishing Company issues a Book of Special Interest to Farmers.

The Central Publishing Company, in the Manufacturers' Exchange Building, this city, has in press the most unique and useful book for farmers and others ever published in this country.

It presents in plain, forcible language the most improved methods of breeding and raising horses, cattle, hogs, sheep and all kinds of poultry; of cutting and preserving the different kinds of meat; of making butter and providing other household necessities and luxuries.

It also contains well-constructed interest tables; approved forms in blank and detachable leases, bills of sale, wills, mortgages, deeds, etc.

The most attractive feature of the work is its well-arranged, exceedingly practical system of keeping before the interested eyes of the party using it every item of any importance in his business, so that at any time through a period of twenty years he may see clearly his financial condition, knowing all his sources of revenue, the items from which he can reasonably expect ready sales with profits, and those of uncertain cash values, which will, if disposed of, bring him losses. So informed, such a farmer would certainly be prepared to ward off all financial blows that would drive to insolvency his equally industrious neighbor who possessed no such information. All forms in the book to be filled are so plain; all entries to be made, as they occur, are so thoroughly and often explained, that any child of ordinary intelligence, capable of reading or writing well and of applying the primary principles of arithmetic, will have no difficulty in performing such duties.

The mechanical excellency of the work, independent of its merits in other respects, is astonishing, considering the small price asked for it.

We cheerfully commend this Kansas City production, especially to all tillers of the soil, believing that its general adoption by them would mark a new era of greater financial success in all their industrial undertakings.—Kansas City (Mo.) Journal.

New Soda Fountain in Carnation

C. L. Bump, the progressive merchant of Carnation, has installed a new \$200 Rainier-Special Soda Fountain and visitors to this suburb of the city can now be served with cold drinks. A pleasant ride to the suburbs over the F. G. T. Co.'s line will afford, among other things, a cold soda.

The SHUR-ON mounting and the best quality lenses, fitted by M. J. Abbott, the optician, with Abbott & Son, will give satisfaction or money will be refunded.

ABBOTT & SON
The Jewelers

BUGGIES

On April 1st we will show the people of Forest Grove and vicinity the finest line of Buggies, Hacks, Stick Seat and Rubber Tired Rigs ever shown in Washington County

Our rigs will be the celebrated
Studebaker
and
Mitchel, Lewis & Staver Co.

No other dealer is able to show you two such fine lines as we have. **COME AND SEE THEM**
