 —Have you pains in the back, inflammation of any kind, rheumatism, fainting spells, indigestion or constipation, Hollister's Rocky Mountain Tea makes you well, keeps you well. 35 cents. Dr. Hines' Drug Store.
 With the lack of the usual amount of rain several of the old Oregonians of the city are disposed to be ill. Oregon without rain would not be Oregon and the Oregonian without rain would not be an Oregonian long.
 The fine weather of the past week has kept the farmers busy. Very few have found time to come to town. The roads are unusually dusty for this time of year and rain would not be out of place, if not a blessing.
 It does not cost a cent to register and there are only a few days left in which to do it, as the registration books close on the 15th of this month. It is a moral obligation—you owe it to your country and to yourself.
 Doctor Gavey, now established at Hood River and formerly a student here, has returned from San Francisco where he went with the Oregon doctors early during the catastrophe. Dr. Gavey is visiting with the Shannons.

JOHN ANDERSON
 The Tailor

It is said that an advertiser in a Berlin newspaper was recently fined because he stated in his advertisement that he had the greatest bargain in the empire. What a lot of fines there would be in this country if such a law would be in force in the United States.—Ex.

Capt. Paul Rheimers, a former German sea captain, has purchased the Bonn place south of Cornelius. Mr. Heim, also a German, was the owner of the property and received \$6,000 for the place with its entire equipment. M. L. Noble made the transaction.

E. I. Naylor received three gold medals Wednesday evening, awarded to him by the Lewis and Clark commission. One was for mohair, another was for Cotswold sheep wool and the third for Angora rugs. Mr. Naylor has one of the finest flocks in the state of Oregon.

The Pacific Co. st Condensed Milk Co.'s new factory at Chehalis is running full capacity. The factory here in Forest Grove is sending out two cars daily, on Wednesday one was sent to Kansas City and another to St. Louis. The scarcity of help has been greatly relieved the last few days and everything is running smoothly.

Roswald Beulah of Sheridan and a Grovitee of other days, drove into the city today with two of the finest horses seen in this section for some time. He was shaking hands with many residents who remember the days of his youth that were spent in the old town on the Tualatin Plains, before driving back to Sheridan with his blooded team.

J. N. Hoffman has received notice that he will be expected to start on his trip to England at any moment. His grip is packed and he will leave not later than Sunday. The journey will occupy three months in which time he expects to do wonders for his brother hop growers. The combination which sends Mr. Hoffman represents about 31000 bales of hops.

W. M. Jackson, County treasurer, and formerly a resident of Dilley, was in the city last Thursday attending the Washington County Veteran's Association. Mr. Jackson was successful in securing a renomination under the new primary law and is very grateful for the regard in which he is held by his fellow citizens of the county.

The Pacific Monthly promises us a number in June that "will be extraordinary in every respect, in fact the equivalent of two numbers in one. It will contain a most graphic and complete symposium contributed by the best writers, business, professional and scientific, covering the recent appalling events in San Francisco, as well as a thorough review of what is, has been, and is to be in Alaska. This number profusely and magnificently illustrated, will be ready about June 28."

gent of the Club reached this place, most of them "having a sufficiency when they reached Hillsboro and turning back on another road for home. The run was longer and more difficult than was contemplated. High speed was prohibited by rough roads and more time had been consumed than had been at first thought necessary to cover the distance to Forest Grove.

Woman Suffragists.
 A very interesting meeting of the equal suffragists was held in the reading room last Tuesday evening. Interesting from the fact that Mrs. Morgan, the guest of the afternoon, was a woman representing the upper-class of clubwomen in the State of Colorado, and expressed her views regarding woman suffrage in that state, very simply and without the usual clamoring and attempt at oratory and appeal of the average travelling equal suffragist.
 Mrs. Morgan only happened to be in the city at the time of the meeting and was called upon to give her testimony in regard to the workings of Equal Suffrage in Colorado. She readily believes that it is savagery to deny the rights of suffrage to women and was very indignant over some of the anti-suffragist literature she had seen while in this city, which falsely represented conditions in her own State of Colorado.

The Student Vote
 Concern is felt among the students who voted in the municipal election over reports as to their being prosecuted for voting in Eugene when their home is in another city. The prosecution, if any is to be made, will be conducted by the municipal league. Judge J. J. Walton, president of the league and for 32 years secretary of the Board of Regents of the university, said:
 "The question of students voting in municipal elections is an old one, and about 25 years ago was settled, but seems to have come up again. At that time it was clearly shown that they had no legal right to vote.
 "Unless the University gives some assurance that students will not vote in future the case will be sifted to the bottom.
 "It is expected, however, that favorable adjustment will be made. Citizens of Eugene are not going to run the risk of having a number of students without legal or vital interests locally, deciding elections."
 Before the recent election the faculty passed a resolution advising students to refrain from voting. It stated that students were liable to expulsion if they voted.—Telegram.

To Our Agents.
 Agents O. R. & N. and Southern Pacific (Oregon Lines)
 As a result of the recent Earthquake and Fire in San Francisco, a large number of men are without employment. Please ascertain and advise immediately if any of these men can be given work in your vicinity, in any capacity.
 In making your report, give names of industries and number that can be taken care of in each line. It is probable that many will be inexperienced in the lines desired, but a knowledge of the class of work will enable us to place the men to the best advantage possible.
 Do not delay this report, as the people are greatly in need, and any assistance to be effective must be given at once.
