The President For a Day Story.

The story that David R. Atchison of Missouri was president for a day started as a joke. Atchison was president of the senate at the expiration of President Polk's term, and the law at that time provided that that official should succeed to the presidency in default of both president and vice president.

March 4, 1843, was Sunday, and President Zachary Taylor did not take the oath of office until Monday, March 5. Somebody thereupon started the joke that neither Polk nor Taylor was president during the odd day and that Atchison must have been. But if Taylor could not under the constitution be president until he had taken the oath of office how could Atchison? He did not take the oath either.—St. Louis Republic.

The Word "Tarifa."

The word tarifa has an interesting origin. It is derived from the Arabic "rifa," meaning an inventory of fees payable on demand, and became current in the following way: A certain Moorish general, by name Tarifa, seized in the year 710 upon a small seaport some twenty miles from what is now Gibraltar and the southernmost town in Europe. Here he founded a station for levying toll on all craft trading in the neighborhood and bestowed his name upon the place, after the manner of Constantine, Alexander and others. The word came eventually to signify a schedule of charges and passed into the French, Italian and English.

WEDDING.

Gearhart-Venen.

Forest Grove lost one of her most charming daughters last Saturday when Miss Mabel L. Venen became the June bride of Mr. J. A. Gearhart, a young professional man of Portland. Miss Venen has lived in Forest Grove practically all her life with the exception of three years' residence in Chicago, where she met Mr. Gearhart, and received her education here.

The beautiful and impressive wedding ceremonies were performed at the home of the bride's parents, Mr. and Mrs. A. S. Venen, at 10 a. m., Saturday, Dr. Short of the Taylor Street Methodist Church of Portland, officiating. The decorations in white and green were very artistic and made a charming effect. The parlors were decorated with white lillies, roses, ferns and ivy. The ceremonies were performed beneath wedding bell made of white lillies suspended from a bower of rich green. Miss Chloe Venen attended her sister as bridesmaid and Ray Venen acted as best man. The bride was gowned in white silk organdie and carried white carnations. Mr. and Mrs. Gearhart went to The Dalles for the wedding trip and will be at home after July 15, at 15th and Flanders, Portland.

NEW HERRICK HALL

Plans are Completed and Actual Work Commenced.

Specifications for the new ladies' hall at Pacific University were adopted by the board of trustees of that institution at its meeting in Portland last Thursday. As nearly all the money for the new building is raised or subscribed, the preliminary work of clearing away the debris on the site of the old building has already begun, and construction will be carried on as rapidly as possible, in order to have the building ready for occupancy as early as conditions will allow for sometime during the next school year. The dormitory will be three and one-half stories in height, will be located on the site of the old building and will be built at an estimated cost of between \$30,000 and \$40,000. In general exterior design the building will resemble Marsh Hall, as it is the object of the trustees to keep the general architectural effect the same in the various buildings.

The materials used will be brick and stone and suites of rooms will be provided for about 70 women. Large dining-rooms on the ground floor will provide accommodations for all who room in the hall, besides the members of the faculty and other students. The structure will be L-shaped, and the plans contemplate the addition of another wing at a later date.

The burning of Herrick Hall and the necessity of rebuilding immediately has caused a postponement of the new library which is planned for the institution. The \$20,000 required to secure the Carnegie Fund of a similar amount has been nearly raised but nothing further will be done in the matter until the new dormitory is under way.

The next semi-annual re-union will be held at Gaston the first Thursday in Oct. A vote of thanks and three cheers was extended the people of Forest Grove and vicinity for their help in making the reunion a success. A record of deceased comrades is kept in the hands of the secretary and should an old comrade drop off his obituary is clipped from the paper and pasted in this record.

The register shows the following comrades by states: Ohio, 6; Illinois, 20; Iowa, 14; Penn., 2; N. Y., 1; Mich., 4; Wis., 7; Minn., 2; Nebr., 1; W. Va., 1; Ark., 1; Ore., 8; Ind., 9; Wash., 1; Colo., 2; Ky., 1; Mo., 5—Total, 85.

Forest Grove Wins

agents in a ten inning game last day and finally got their reward. Cornelius 11, Forest Grove, 7. The king of the heat—well, just to that it, would bring more sweat to a brow than solicitation for the "W. Fund," and make a Dutchman for the "anhauser bush" and his stein. But the boys played ball, nevertheless. The local aggregation the visitors a close shave—this is a sure of speech, as one of the stars played the entire game with a bunch of violets on his chin. So was the shave that we led by trips up to the seventh, then Robinson and his colts settled down and were as stingy of bingles and as an old maid is of a kiss. The tors of a week ago didn't do a thing with the stick, but went skyward allowed the visitors to slide up to seventh notch by the ninth, thus the score. They weren't content with a few feet in the air, but sought a cooler climate in clouddom in the Corneliuss trotted around four times in the last half held our boys down no runs, making the final score, Cornelius 11, Forest Grove 7.
