

A PRETTY MILKMAID

Think Peruna Is a Wonderful Medicine.

MISS ANNIE HENDREN.

Miss Annie Hendren, Rocklyn, Wash., writes:

"I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Mana." "I can now do all of my work in the house, milk the cows, take care of the milk, and so forth. I think Peruna is a most wonderful medicine." "I believe I would be in bed today if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good." "Peruna has made me a well and happy girl. I can never say too much for Peruna." "Not only women of rank and leisure praise Peruna, but the wholesome, useful women engaged in honest toil would not be without Dr. Hartman's world renowned remedy." "The doctor has prescribed it for many thousands of women every year and he never fails to receive a multitude of letters like the above, thanking him for his advice, and especially for the wonderful benefits received from Peruna."

Monseur Hyde.
"M. James Hyde," says the Paris Figaro, "the exceedingly rich American who apprentices to the most high society of New York, comes from commanding at Paris a carriage electric. It is to the French industry that M. James Hyde is addressed himself for to have the most comfortable, the most commodious and the most elegant of the vehicles of the city."—Translated by Harper's Weekly.

Wasted Effort.
"It takes time, trouble and infinite patience, of course, to be a goo! Sunday school teacher, but you have the satisfaction of knowing that you are helping to mould the character of the rising generation." "Yes, but it makes me sad to think how quickly a year's work is undone when the apple time comes."

TERRIBLE TO RECALL.
Five Weeks in Bed With Intensely Painful Kidney Trouble.

Mrs. Mary Wagner, of 1367 Kosuth St., Bridgeport, Conn., says: "I was so weakened and generally run down with kidney disease that for a long time I could not do my work and was five weeks in bed. There was continual bearing down pain, terrible headaches, and at times dizzy spells when everything was a blur before me. The passages of the kidney were irregular and painful, and there was considerable sediment in my urine. I don't know what I would have done but for Doan's Kidney Pills. They would save an improvement from the first box, and five boxes brought a final cure."

Carl Schurz.
"No other man of foreign birth ever received such fine command of the English language or used it so felicitously. A man who objected strongly to his name once said: 'I wish Mr. Schurz would write so well; I could hate him better.'" In 1877 Carl Schurz visited Boston to make a speech against Governor F. Butler, who was running for Governor of Massachusetts. While speaking on the question of the resumption of specie payments, an issue that was paramount at that time, Mr. Schurz likened "inflation" to a balloon that had carried the American people off its feet. At that time he used the following expression, which brought the immense audience to its feet: "We have carried our feet on solid ground again and we propose to keep them there."

Quite True.
Boston—They say she's extremely beautiful. I should say so! The time I saw her she was sailing down the street in—
Boston—Pardon me; why do you use that senseless expression? How do you sail down the street?
Boston—Easy enough. I saw her sail in Venice—The Catholic Standard Times

A NATIONAL EVIL

Tipping Progress from the Bottom to the Top.

Tipping is rapidly becoming a national evil. It began with the payment of small gratuities to waiters in restaurants and hotels. In this form it was an importation from Europe. Of course, the waiter ought to serve the customer faithfully without being bribed to do the work which he had been hired to perform, but the custom has grown to such an extent that unless one fees he is sure not to obtain good service. He submits, therefore, to the imposition, as the less of two evils. The practice has spread to such an extent that the man who blacks your boots, that helps you on with your coat, that hands you your hat, that tells you the way, that brings you a glass of water, that shaves your face, or cuts your hair, expects a gratuity in addition to the pay which he receives for performing his work.

The tipping evil has gone higher up than this, and is now beginning to spread itself through all the departments of business and politics. It is the duty of the legislator to pass good laws, but he sometimes has to be tipped to do it. It is the duty of the policeman to protect property from robbery, but he often has to be tipped to do it. If you want to sell a line of goods it is even necessary to tip the butler, the farm superintendent, the purchasing agent. Do you want a switch connection or a prompt supply of cars from a railroad? It may be well to tip the railroad official with a gift of money or of stock.

It is about time to check this tipping abuse. Let us stop it first high up, and work down to the bottom.—Wall Street Journal.

Only the Promise.

A big sea turtle was sprawling around in the tank in front of the restaurant. "Look, papa!" exclaimed the little boy. "Let's go in and have some real green turtle soup!" "Not yet, Georgie," said the father. "Wait till some day when you see this tank empty."

Side Lights on History.

The Hessians at Trenton had surrendered. "Ah, well," they said, "think how much more disastrous it might have been if we had had to make a hurried retreat!" Later, as if to verify their words, came the Hessian fly.

Bred Contempt.

Girl with the Gibson Girl Neck—Can't you see something familiar in the face of that man sitting on the opposite side of the car?
Girl with the Julia Marlowe Dimple—Yes; it's his eyes. I wish he'd be a little less familiar with them.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
FRANK J. CHENEY makes oath that he is senior partner of the firm of F. J. His Reputation.

Miss Medicus (sister of the new village doctor)—Have you heard of Dr. Medicus about here?
Native—Rather, mum! Do you see that hearse and carriages goin' by over there? That's one of his funerals.—Harper's Weekly.

Usual Dash of Cold Water.

Bonus—I've been nearly dead for sleep during the last week. I could scarcely keep awake while I was writing that story that was printed yesterday.
Nagrus—I can easily believe it. It affected me the same way while I was reading it—from sympathy, I suppose.

Life-Saving Service.

In perhaps no other country is the life-saving service as proficient as in the United States. The system was first established in 1871, and there are at present 277 life-saving stations supported by the government, 192 of which are on the Atlantic coast, 68 on the Great Lakes, 16 on the Pacific coast, and one at the falls of the Ohio River near Louisville. There were only 365 disasters along the coasts during the year ending June 30, 1905, and out of 4,089 persons involved only twenty-seven were lost.

For that Dandruff

There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."
Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."
Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."
Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."
Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."
Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."
Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."
Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."

How Good Food may Turn to Poison

DECAY is not digestion, you know, even when it takes place in the stomach. Food decayed in the body after being eaten is as dangerous to health as food decayed before being eaten. Food nourishes or poisons, just according to how long it remains in the bowels undigested. Cascarets are the simplest and surest safeguard against Delayed Digestion yet discovered. Sold in a thin Enamel Box, half as thick as your watch, which fits into the vest pocket or lady's purse as if it grew there. In this round-edged Enamel Box are found six small Candy Tablets. One of these toothsome tablets works wonders for digestion. Soon as placed in the mouth it starts the Saliva flowing, which at once gets to work dissolving it. The Saliva becomes blended with the Candy Cascaret tablet, and from the moment they start going down your throat together they start working together. Now, what do they work at? Bowel-work, of course—Digestion. Most of the Digestion occurs in the thirty feet of intestine that connect with the Stomach. They are lined with a set of little mouths, that squeeze Digestive Juices into the Food eaten. The Digestive Juices thus mix with the food, just as Saliva mixes with Cascaret tablets, dissolving and changing that food into nourishment, as it passes along the channel. The Intestines are also lined with millions of little suction pumps, that draw the Nutrient from Food, as it passes them in going through. This Nutrient is then carried into the Blood, and spread over the Body as Brain, Bone and Brain. But, when the Bowel-Muscles are weak, the Food moves too slowly to stimulate the little Gastric Mouths and there is no flow, or too little flow of Digestive Juice, to change the food into nourishment. Then, the food decays in the Bowels, and in the thirty feet of Intestines. When this Decay begins the little suction pumps draw Poison from the decayed Food, into the blood, instead of the Nutrition it should have drawn. Now, Cascarets contain the only combination of drugs that Stimulates these Muscles of the Bowels and Intestines just as a Cold Bath, or open-air Exercise, stimulates a Lazy Man. Cascarets therefore act like Exercise. They produce the same sort of Natural result that a Six Mile walk in the country would produce, without any injurious Chemical effect. The Vest Pocket Cascaret Box is sold by all Druggists, at Ten Cents. Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
