Much complaint has lately been heard on the streets about minors shaking dice in the candy "joints." Of course, it might be said that it was only done in fun, but we all know it is gambling and that minors are not allowed to play such games of chance. Keep on the safe side and stop it right away.

The Pacific Railway & Navigation Company is the possessor of a fine coach, having two compartments, one for passengers and the other for baggage and express. A mail service will soon be put on between Hillsboro, Banks and Buxton.

A party consisting of 27 persons with camping outfit arrived in the city Tuesday and are now engaged in making the locating survey for the extension of the A. & C. railroad between Seaside and Tillamook. Their first camp is at Vollmer's place, six miles up the Necanicum from Seaside, and from present appearances, they will go out east of False Tillamook and over the Buchanan road to the North Fork of the Nehalem, striking Upper Town on the Nehalem, and thence down Foley to Garibaldi.—Seaside Signal.

Those who will attend the State Fair will have a chance to see a model road built by the government. The United States government road experts are at work upon a mile of experimental road. This piece of work is well under way and a quarter of a mile is now ready for use. The plan is first a systematic grading and drainage which is thoroughly done, then a 5-inch coating of coarse crushed rock thoroughly rolled, when wet and final coating of finer crushed rock sprinkled and rolled until the print of a team and wagon cannot be noticed after having passed over the finished surface.

A Square Deal

It is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman or child. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz., pure triplene glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-the-bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.
