A DAZZLING EFFECT.

Old Time Illumination With Lanterns and Candles.

In these days of electric lights, with all their capabilities for brilliant illumination, it is amusing to read what the subjects of George II. considered a dazzling effect. A Frenchman visiting in London at the time of the coronation of that monarch in 1727 writes enthusiastically in praise of the lighta Follette mentioned no names, county to represent and advertise cc- ing of the city as well as of a ban-

"Most of the streets," writes M. Saussure, "are wonderfully well light-Aten accused of working to defeat Cash salary \$21 weekly expense ed. In front of each house hangs a lantern, or large globe of glass, inside of which is placed a lamp which burns all night. Large houses have twes act according to the will of of Chicago, Capital \$2,000,000. Ad- two of these suspended outside the

How one are light would have dazzled the good people of that day!

"When the coronation procession en-tered Westminster hall," the writer continues, "the light of day was beginning to fade. Forty chandellers, in shape like a crown, hung from the cell-Saturdays and Sundays commencing at ing. each having thirty-six wax can-

Saturdays and Sandays control of Monday diles. 1 p. m. each day, limited to Monday "On the king's appearance all sudters are said to be roosting high night train leaving Portland at 8 p.m. denly lighted, and every one in the room was filled with astonishment at the wonderful and unexpected lilumi-Round trip tickets sold any day in nation.
