THATHER
Men are wanted at the stone crusher. Thatcher can boast of its fine roads made of crushed rock covered with dirt.

Farmers are busy hauling cord wood to Forest Grove; they make two trips a day.

More help needed at the hop yards. Men and women make \$2 and \$3 per day.

Allen Hayden had a new phone put in his house last week.

Help is also wanted in the prune orchards to pick and dry prunes.

Mrs. M. S. Roberts was called to Portland last week on account of the serious illness of Mr. Robert's son's wife.

Card of Thanks.
To those friends and neighbors in Cornelius and Forest Grove who in so many ways helped to lighten our care and sorrow in the long illness and death of our beloved husband and father, and for the beautiful floral offerings, we truly feel grateful and ever shall remember. Especially do we wish to thank the members of the I. O. O. F., Rebeccas and relatives.
Mrs. L. S. Foster and family.

The Forest Service and the Bureau of Animal Industry are working hard in an endeavor to eradicate or diminish the common forms of stock disease found on the western ranges and their efforts are meeting with much success. It is anticipated that a large number of stockmen will avail themselves of this latest offer of assistance and as a result the loss of stock will be greatly reduced and range conditions improved.

Bud Sames told the local quill pusher in Portland Sunday that he would not play foot ball with the Multnomah Athletic Club this year. This will be a great loss to the club for "Bud" was the star of the bunch and won most of their victories by his almost all powerful boot. Everything depends upon the punter according to the revised rules and Bud has no equal in hiking the oval over the goal. Unlike Moulou, who by the way will not return to Oregon University and who scored most of the points for the U. of O. last year. Bud has used the drop almost entirely instead of the place kick. A team, without a punter, now is worse than a home without saking fluid in Portland on Sunday when the thermometer is up in the torrid regions. So Bud will be greatly missed by his winged "M" colleagues.

H. J. Blaesing of the Blaesing Granite Co. of Portland, was here last week and erected a fine polished Gray Scotch Granite Monument in the burial lot of H. F. Gordon in the Naylor Cemetery, weighing 7500 pounds. It is a substantial and artistic memorial and reflects much credit to the firm, who have the reputation of doing first class work.

Oscar Baldwin has gotten into his new rooms in the Paterson building and has his rooms splendidly equipped and intends to add still more stock and furniture. He will run a mission lattice work up to the border on the walls leaving an opening for the ice cream parlor in the rear room.

—Dr. Large reports a son weighing nine pounds, born to the wife of John Ranes at Gales Creek, the 7th inst. Parties wishing the attendance of Dr. Large in this class of cases, will greatly oblige him if convenient, by engaging his services two or three months prior to the expected event.

Sam Show who went back east a few months ago to try and find some climate better than Oregon, returned last week to the Grove satisfied that this is one of the best spots on God's great ball.

—The new school books are now on sale at The Bazaar.
