

# The House that is Satisfied Only when You Are!

## Quick

Our heaters are going like hot cakes. Come in while our line is complete. We can give you a better stove for the money than the other fellow.

## Wood Choppers Supplies

Simonds' saws, horse shoe sledges and wedges, Collins & Adkins axes. We carry a well assorted line of goods in these lines.

## RANGES

The famous Universal range will give you entire satisfaction for twenty years. This range is made by scientific workmen who know their business. A written guarantee goes with each range so you take no chances whatever.

**\$27 to \$55**

### SPECIAL PRICES

We are overloaded on farm trucks and will make a special price this month only. Come in and look them over.

### Notice!

**We pay spot cash for our goods and we give you the advantage of the cash discount.**

## GUNS

We have a nice line of shot guns both single and double barrel and repeating shot guns. Don't fail to get our prices before you buy.

## Windows, Doors, Moulding

We always have on hand a full stock of windows and doors. Our moulding is the best money can buy no knots or cross-grain sticks.

## PLOWS

CANTON and SYRACUSE

Come in and let us show you the best plow you ever saw. They are guaranteed to turn any soil.

# M. PETERSON & SON,

The house that is satisfied only when you are.

### GREAT ARTISTS COMING.

Five Concerts to be Given by Artists of National and International Reputation.

For the benefit of the conservatory students and all lovers of music in the college and town, it will be welcome news that a course of five concerts has been arranged. Some artists of national and international reputation have been secured.

Edward Baxter, Perry the celebrated pianist, will give one of his notable lecture recitals. Madam Mary Elizabeth Cheney, the noted soprano of New York, will appear in recitals. Also Mr. Konrad the excellent cellist. Mrs. Pauline Miller Chapman, mezzo soprano, will give the notable program she gave in Berlin, Germany, which was a decided success. The Commencement Concert is included in the course and will as heretofore be given by three or four artists. As some of these recitals are very expensive, it is desired that every one interested in good music, music that is educational and of the higher grade, do all in his or her power to make a success of these concerts. Course tickets will be available at lower terms than single admissions.

Miss Hartley was a Portland visitor Wednesday.

### PACIFIC DEFEATS P. A.

The Varsity Eleven Wins for the First Time Over the Academy. Score of 12 to 7.

Last Saturday our team came off the gridiron, victorious, for the first time in the history of our football relations with Postland Academy.

For a number of years past, P. A. has opened up the football season with the P. U. squad, and the results of the games have been either a tie or unfavorable to us. But last Saturday's game drove away the "hoodoo"; and as a result there is much rejoicing among the football men and Student Body in general.

No doubt the Academy was anticipating handing us a big sack full of lemons as a large delegation of rooters, co-eds and members of the faculty accompanied the team, to render their "warriors" all the assistance possible, and witness the presentation—but to no avail. The grandstand was well filled with people and the songs of cheer and victory as sung by our co-eds greatly enthused our boys, and no doubt did much towards making them victorious.

The most prominent figures on the field were Referee Thorne, his white shirt, and Rule Book. These were all over the field at once and were ready at all times to pass judgment on any disputed question that might arise. His word was infallible, and on many contested points, he would consult his friend, the Rule book, and say, "As is written in this book. P. U. penalized 15 yards"—then he would proceed to "step it off." Mr. Thorne must have had some kind of intuition before the game, that he knew all about football, but from the contentions, which his decisions aroused in Saturday's game it would look like as if he couldn't tell the difference between a touchdown and a cosine.

The teams were very evenly matched and both sides played clean ball. The Forward Pass was used to a great extent by both sides. This play

makes the game more open and renders the liability to injury much less, as most fatalities occur in the hard line bucks.

The most exciting moment of the game occurred when "Big" Sam, made a run of 65 yards for a touchdown. Sam, who always has his weather eye open, to make a gain of some kind for Pacific, was, none the less, on the lookout for an opportunity to add to P. U.'s football laurels Saturday afternoon. Sam's opportune moment arrived when P. A. fumbled the ball. He seized the leather oval with his big wiry hooks and galloped down the field as if the sheriff from Hillsboro were after him, for exceeding the "speed limit." Sam was greatly aided in his "flight by Gwynn and Ferrin, who kept the visitors at bay until he was safely back of the goal posts.

The work done during the past week by Coach Hahn, clearly demonstrated the benefits to be derived from scientific coaching, as our men played better ball and used more head work than in the game a week before with the High School. The game by plays was as follows:

P. A. received the ball from Pacific and were forced to punt on the 3rd down. The ball was seized again by the Academy and downed on their 45 yard line, and by the failure of a forward pass, Mr. Thorne, stepped off his first, 15 yards penalty against his own team. The visitors again punted to our 50 yard line, P. U. by two downs and a punt forced the ball back to their 20 yard line. The Academy punted to our 50 yard line, and by a forward pass we gained 20 yards, Humphreys made another 25 yards by a run around left end. The Varsity punted and the ball was forced over the line for a touch back. The Academy then punted to our 45 yard line, and on the first play P. U. was penalized 15 yards

for holding. (Mr. Thorne smiles as he steps it off) P. U. then punted and were penalized 15 more for a signal catch (more stepping off by Mr. Thorne) P. A. took the ball to our 16 yard line and on the third down tried for a drop kick, but it was blocked. Gwynn fell on the ball and our men forced it back to their 40 yard line and by a forward pass we gained 26 more. P. A. then took the ball and by a pass made 15 yards, the next down netted them 15 more, this left the ball on the visitors 45 yard line. By another forward pass they lost the ball, which was immediately gathered in by Lawrence and carried down the field for a touch down. Ferrin's aim was true for a goal and the same stood 6 to 0 in our favor. The Academy kicked to the Varsity, who punted it back to our 50 yard line. The visitors advanced the ball to our 18 yard line when it was taken from them and on the first down the varsity was penalized 15 yards for holding. This placed the ball on our three yard line, Humphreys punted to our 20 yard line. The Academy fumbled on the first down, P. U. got the ball on her 16 yard line, and by the failure of a forward pass she was penalized 15 yards, (more smiles and "stepping off" for Mr. Thorne). This left the ball on our one yard line, the Academy got the ball but lost it on a pass. P. U. punted to the P. A.'s 54 yard line, and forced it back 3 yards the first down. P. U. held them for downs. Ferrin then made 6 yards by a quarterback run and Williams 9 more through the line but the varsity was again penalized and the ball was put back 15 yards, (More work for Mr. Thorne). Humphreys then punted to P. A.'s 40 yard line and time was called.

The second half was played with more spirit by both sides. By a foul pass the ball rolled over P. U.'s own

goal line and scored two points for the Academy. With a succession of forward passes, drop kicks and line bucks the Varsity forced the ball over their line for a touch down and when time was called the score stood 12 to 7 in our favor.

### DR. WALKER GIVES ADDRESS.

Graduate of '67 speaks Upon Missionary Work in China. In Orient for 35 Years.

Chapel exercises Friday were conducted by the Rev. Elkanah Walker of China. Mr. Walker is a graduate of the class of '67, Pacific University and has been for thirty years a missionary in China. He and his daughter, Miss Josephine, whom many will remember as a graduate student several years ago, are at present taking a much needed rest in this country.

After the scripture reading Mr. Walker gave a short but interesting talk. He spoke briefly of his school days and mentioned the stir aroused by the purchase of the first school bell, forty years ago. At that time Pacific Avenue was known as "Hard Scrabble" street, with good reason, it is said. In comparing conditions now and then he very aptly quoted the verse in Isaiah beginning, "Instead of the thorn shall come up the fir tree. He went on to speak of Christianity as the great motive power which is changing the whole world for the better.

One hundred years ago Robert Morrison introduced Protestant missions into China; today there are one hundred and fifty thousand converts, three thousand missionaries, and China, the lover of ancestral customs, of all that is old indeed, whether good or bad, is growing ashamed of its past.

The older students will remember that it was Mr. Walker who presented the Chinese dragon, popularly known as the "College Spirit", to Pacific University. He has consented to leave a

curious souvenir on exhibition in the Index room for a few days. It is a large cylinder covered with red satin and standing several feet high. On the sides are printed in gold letters the names of the principal men of the church. The inscriptions on the streamers which hang from the handle read: "The Shaowu church of the American Board reverently present to the great America, Kingdom, to Dr. of Divinity Walker, Rev. Joseph, a great man of transforming virtue. It was presented to Mr. Walker and his daughter by the Christians of the Shaowu station in the Foochow Mission and is supposed to be carried before them in procession as a mark of especial distinction.

### PHYSICAL TRAINING

Director Hahn Outlines the Work. Under Strict Supervision.

Mr. Hahn, a graduate of the Law Department of the University of Michigan and the world renowned athlete, will direct all athletics the coming year. Coach Hahn spoke briefly of his plan of work before the students Friday.

Gymnasium classes will be organized and every student in the University is required to join one of them. By having several classes every student will receive instruction in physical culture. Gymnasium work will consist of Indian club swinging, dumbbell practice, bar work and general calisthenic exercise. Out door gymnastics will be mainly of value to track men. Distance men for the track will commence their paper chases and long country runs as soon as the football season is over. The weight men will take their work regardless of climatic conditions. The young ladies as well as the young men will be required to take some form of exercise. Never before has athletics been placed on such a broad basis.

We thoroughly believe in the present values of Oregon land. But if you **WANT to SELL** LIST your place with US.

We have a large acquaintance east and are now figuring on a colonization scheme. Will want at least 1000 acres. Call and we will explain. **OREGON LAND CO.** Forest Grove Oregon
