### ISSUES PROCLAMATION.

#### President Sets Apart November 28 as Day of Thanksgiving.

Washington, Oct. 28.—The president's annual Thanksgiving proclamation, issued Saturday, selecting Thursday, November 28, for the people to asemble to pray that they may be given strength so to order their lives as to deserve a continuation of the man fild dessings of the past year, triumphantly declares that nowhere in the world is there such an opportunity for a free people to develop to the fullest extent all powers of body, mind and character.

"During the past year we have been free from famine, from pestilence, from war," it deciares. "Our natural resources are at least as great as those of any nation. Much has been given us from on high and much will rightly be expected of us in return. Into our care the 10 talents have been entrusted, and we are to be pardoned neither if we squander and waste them, nor yet if we hide them in a napkin.

"We should earnestly pray that the spirit of righteousness may grow greater in the hearts of all and that our souls may be inclined even more toward the virtues that tell of gentleness, for loving kindness and forebearance one with another, for without these qualities neither nation nor individual can rise to the level of greatness."

Action of Portland Clearing House Necess tated by Refusal of Eastern Banks to Honor Balances.

Salem, Or., Oct. 29 .- By order of a proclamation issued late last night by Jovernor Chamberlain, Oregon banks will enjoy five business holidays, in which interim it is expected that the situation in the East will become more clarified and the coast banks will be enabled to secure the cash balances du them from New York.

This action was taken at the instance of the Portland clearing house comm tee, which met last evening to talk ova the situation with Governor Chamberlain. The bankers arrived in the city by special car.

Briefly stated, the situation as described to the governor is that Oregon anks have heavy deposits of cash in the East and the Eastern banks refuse pon any conditions to send money West in payment of demands. There as been no run or indication of a run y depositors upon Portland banks.

Believing that in one week they can effect a satisfactory arrangement with county banks and also arrange for the shipment of money due them from the East, the banks asked that the remainder of this week be made a legal holiday. November 2, the last day mentioned in the proclamation, is Saturday. Monday will therefore be the next banking day.
