THURSDAY, NOVEMBER 7, 1907

That Washington county is in a prosperous condition, and everybody has money, is proved by the fact that at the public sale held by A. C. Davis a short time ago, only \$127 in notes were offered by the purchasers. The balance, about \$1,400 was paid in cash.

The News feels that it has done its part in the matter of the lights of this city. It has acquainted the citizens with conditions as near as it was possible to state them; the contract was published and everybody ought to be acquainted with the whole matter. If there is any action to take it certainly lies with those in power, but if there is no action taken must The News assume it was in the wrong?

Checks "payable only through clearing house" get the money just the same as the old fashioned kind for all necessary purposes. This little hesitation in the stream of financial wealth, when Oregon is producing for the good year 1907, a lumber product of \$30,000,000 live stock and wool worth \$20,000,000, poultry and eggs worth \$3,000,000, a grain crop worth \$15,000,000, and a fruit crop of \$5,000,000, and erecting buildings worth \$20,000,000, seems just a little queer, and things will right themselves. Oregon banks have plenty of money, our people are out of debt, our mortgages are paid and a little cool judgment and optimism will bring us out all right.

A great deal of interest is being manifested in the Oregon State Good Roads Convention to be held at the rooms of the Portland Commercial Club Nov. 14 and 15. Hon. John H. Scott of Salem, president of the state association, urges the appointment of delegates and asks for a large attendance. There will be present a number of able speakers who have given years to practical road building. The county judges and county commissioners of Oregon are especially responsible for the success of this meeting and are urged

to send delegates. The same is true with regard to commercial, industrial, agricultural and horticultural societies, reporting a list of same at once to President Scott, at Salem.

The adoption by Minnesota bankers of the clearing house certificate method of settling balances and meeting heavy demands for money was a wise move, and is, moreover, absolutely safe for all parties concerned. But for the adoption of this method the east would soon have drained the west of all its ready money, because the east, having already adopted that plan was paying the balances due western banks in clearing house certificates, while the western banks, before adopting the same plan, paid their balances due the east in cash. The result, if continued for any length of time, would have proved disastrous to the west, notwithstanding its general prosperity. As matters have now been arranged, the east, with its horde of gamblers and speculators and parasites in general, can go hang for all the west cares.—Ex.

### SHAKE IN A BOTTLE.

Advice of Noted Authority, Also Gives a Simple Home Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.
