#### ART EXPOSITION A SUCCESS.

Portland Largest Contributor Paintings Valued at \$15,000

The Loan Art Exhibit at Marsh Hall, Nov. 8 and 9 was thoroughly enjoyed by a large number of visitors and terminated in complete success in every way.

There were forty paintings by well known American and Foreign artists loaned by their Portland and Forest Grove owners besides a large number of Chinese and Japanese porcelains, embroideries, and carvings.

Among the most attractive were landscapes by Twachtman; "Venice," by Bunce; "Portrait of the Artists' Father," by George De Forest Brush; Dumond's "Sketch, Lynn, Conn." and two moonlight scenes in France by the same artist; Keith's, "Early Spring in California," and "Between Showers," and Richard's "Irish Coast."

J. A. Weir's "Chicken Yard" and a late production of Twachtmans, "Landscape" of a river valley were the only impression pictures in the exhibit. They were among the most interesting.

Richards water colors of the "Irish Coast" suggest with remarkable skill the immensity of the ocean.

Three pictures on exhibition here were at the Lewis and Clark Fair which were sold to Portland people. They are Violet Oakley's panel design representing Wm. Tyndall printing his translation of the Bible into English at Cologne, 1525, A. D. and smuggling the book into England; Dumond's "Sketch, Lyne, Conn.," and Talcott's "Springtime in Conn."

Miss Georgina Burns of Portland, recently returned from two more years of study in New York, contributed a "Portrait Study." Portraits, a collection of Chinese and Japanese embroideries porcelains, carvings, contributed by Forest Grove patrons were among the attractive features of the exhibit.

There was an old Saltzuma vase of great value and beauty which represents a lost art among the Chinese.

Portland and Forest Grove citizens heartily co-operated with Miss Lillian Bain in the collection of these works of art. The main Portland contributors were Mrs. William Ladd, Mrs. W. S. Ladd, Mrs. Helen Corbett, Mrs. H. F. Jones, Dr. Wm. Jones, Mr. I. N. Fleischner, Mr. W. B. Ayer, Mr. C. E. S. Wood, Mr. H. C. Wortman, Mrs. Hugh Hume, Mrs. F. C. Kamm and Miss Burns. Mrs. G. O. Rogers was the main Forest Grove contributor. The people and students of Forest Grove appreciate the kindness of the patrons of the exhibit and the efforts of those who have given their time to its collection and arrangements. Mr. Wortman and Miss Burns of Portland, were out to the exhibit. They were well pleased with the display and cheerfully offered support if ever the occasion again should present itself.

#### SECOND TEAM MEETS DEFEAT

Portland Academy's Second Team Wins Over Pacific Second by a Score 5-0

On the local gridiron Saturday afternoon the second team of the Varsity tried for foot-ball honors against Portland Academy. The day was ideal for a good game and what few visitors were present were not disappointed. Both teams played good clean foot-ball.

Portland Academy kicked off to Pacific and P. U. ran the ball in for good yardage. The ball was carried back and forth with good gains for each side. P. U. in attempting to make a forward pass failed and was penalized 15 yards, which brought the visitors dangerously close to P. U.'s goal. Within the next three downs the Academy forced the ball over for a touchdown. The score at the end of the first half stood 5 to 0 in favor of the Academy. In the second half the Varsity boys went into the game with a strong determination to win. It was only the lack of time that this was not the case as P. U. had the leather oval within seven yards of Portland's goal and making good yardage at every down when time was called.

Captain Holman Ferrin deserves special praise for his management of the team. He found the Academy's weak points and used his men with telling effect. H. P. Humphreys and Prof. Thorn of Portland Academy, were the officials in charge.

Consternation reigns among the girls at Willamette University as a result of a mandate coming from Dean Kirk, of the women's department, regulating the hours when they should be seen upon the streets after nightfall and curtailing the visits of the Varsity lads to the girls' dormitory.

#### Professor Lyman Publishes History

Professor W. D. Lyman, instructor of History in Whitman College, has for some time past been doing considerable literary work.

During the summer he spent several weeks in the Olympic mountains, and while out wrote a number of valuable articles for the newspapers. The articles were concerning certain investigations made during his trips.

He was engaged during the spring weeks, and is engaged at the present time, in preparing the manuscript of a book on the history of the Columbia river. This will be one of a series of books entitled "Historic Rivers of

America" which will be published by the Putnams in the near future. When all are completed the series will include about twenty volumes, each giving a full history of some noted American river. There are now, finished or in the process of completion, about ten volumes. They include the histories of such rivers as the Delaware, Susquehanna, James, Hudson, Connecticut, Mississippi, St. Lawrence and Colorado. The series will be well constructed and highly illustrated. A number of different men are writing the different volumes.

Professor Lyman's volume on the Columbia river will contain about eight hundred pages and will be illustrated with about one hundred engravings.

He is working on it whenever time permits and expects to have it completed in January, 1909.

Pacific University's Band which was organized at the beginning of school, is making good progress under the direction of Vernon Gould.

Rev. Folsom occupied the pulpit of the Congregational church Sunday.

The Debate Council is busy making arrangements for the Triangular debate between Pacific University, Whitman College and Willamette University.

Herbert Hayes Arnston short hand class has grown materially this year. A new typewriter has been installed to meet the growing needs of the class.
