W. J. R. Beach caught sight of a bear on the divide between Scoggin and Patton valleys when he was out there Monday. His horse began to snort and twist her head which drew his attention to the big black bear. No harm was done to the bear.

T. J. Ott of Ashland, was here visiting his brother H. D. Ott last Friday, having just returned from an extensive trip to Virginia and eastern states. Mr. Rider of Iowa, was here the first of the week visiting Mr. and Mrs. Dixon who celebrated their fiftieth wedding anniversary at Dilley last week. Mr. Rider had not seen or heard tell of them for thirty years and did not know where they were until seeing the news item in the Portland papers.

All of these sales were made by Mark L. Noble, the real estate man.

Monday a fellow and boy started from Dilley with a mule team for Beaverton but when they got to Cornelius the man fell by the wayside, got drunk and the boy was tipped out of the wagon. The lad instead of trying to go on reversed his steps and set out for Dilley and when he arrived he was sent on the train to Beaverton.

Last Saturday's foot ball games cleared up the championship horizon a considerable and it looks as though Whitman and O. A. C. will have to play a post season game to determine the pennant team. It would be a great game to be played in Portland and would certainly draw as big a crowd as has been seen on Multnomah field in many a day.

Some fine peaches were brought to this office the first of the week by C. M. Hawthorn of Gales Creek. They are from the root of a prune tree and this is the first year of fruitage. The peaches are very late and are of a good quality and size. Mr. Hawthorn has not named this new variety yet. They are excellent for canning and are very large.

Our John Fletcher was carrying his head around in a black scarf the first of the week—don't think for a minute that he has been in a scrap, as he says he can run too fast for a fight. And we know he has some speed from the way his boys can minimize distance. He deals in real estate and had one acher too many and that was the cause of the whole trouble.

At a meeting of the officers of the Christian church held the first of the week, Rev. Sias was reelected for the ensuing year with an increase of \$300 in salary. The church is in a flourishing condition and the membership large. The many friends Mr. Sias has made here during his pastorate in this

city will be glad that the members of the Christian church have engaged his services for another year.

The many friends of Lloyd Hicklin, who formerly attended Pacific University, will be saddened to hear of his death last week in Idaho. Mr. Hicklin was a bright and genial fellow, and robust when he attended school here, but he received injuries from a fall a few years ago which rendered him almost helpless. Hi Clark, Uncle Armentrout and a few others returned from their week's fishing on the Wilson river last Friday, and brought back with them all kinds of nice salmon which they have barreled for winter use. Hi says that the fish were so thick that all they had to do was to drive the big ones into shallow water and then begin an onslaught with stones when the big pools of fish went through the shallows.

Mr. and Mrs. Levi Sparks celebrated their forty-fifth wedding anniversary with a dinner and reunion. Mr. Sparks was born in Brown county, Ohio, in 1832, and moved with his parents to Dubuque, Iowa, in '47, where he married Miss Savilla J. Spurgeon, a relative of Spurgeon, the great evangelist. Thirty two years ago they came west settling at Vancouver, Washington, and in 1891, came to this city. Mr. and Mrs. Ward Munkers and Miss Zula Shorb were guests at the dinner besides the family.

Miss Pearl Chandler received word last week from the Portland Y. M. C. A. that she had been appointed membership secretary for that city and she took up her duties there Monday. This is a responsible position and Miss Chandler is to be congratulated upon receiving the appointment. She is ably fitted for the position having graduated from Pacific University last year, was at one time secretary for the Oregon Fire Relief Association at McMinnville, and for some time has been doing a similar work in the Office of Judge Hollis of this city.

R. V. Hoyt, the furniture man, whose store rooms are in the new Patterson building, is certainly showing his knowledge of the proper kind of furniture in the proper place in his window display of a dining room furnished with mission furniture. Window displays will be a big feature with Mr. Hoyt as he has it arranged so that he can make any kind of a room out of the window by changing the screens and furnishings. He will put on a modern parlor, bedroom, den, and other rooms, and the people will watch his displays with interest. They will add much to the appearance of the business section. Mr. Hoyt's motto is to please the people. Before coming here he conducted a furniture store in Tacoma.

Oh my, oh my; what pumpkin pie that mammoth squash at Abraham Bros. would make. It weighs 77 lbs., and while we know nothing of the culinary art—we'll venture that a pretty fair pie could be manufactured out of one pound of squash, and the other necessary constituents of a Thanksgiving eye-opener. Then taking this for granted, this giant squash on display at the Corner Store would make about a half a dozen dozens plus five pies. It is really some pumpkins and was raised by C. W. James on his farm north of Cornelius. The vegetables in this county are vying with one another, it seems, since the fifty pound head of cabbage raised by Peter Evers made its appearance in Judge Langley's office a few days since.

### Court Petitioned to Use More Rock.

A petition to the county court asking for the completion of the rock work on Depot street was signed by the business men of this city Tuesday and presented to the court by a committee composed of Judge Hollis, E. W. Haines, Mayor Laughlin, Judge Langley, Ira Bradley, C. O. Roe, W. R. Harris and Carl Hinman. The commissioners acted favorably upon the petition and will complete the road with No. 2 rock which is a grade coarser than the finish rock on Pacific avenue and which it is thought will make a better thoroughfare. It was the intention to begin work at the crusher yesterday but owing to the inclemency of the weather it will be deferred a few days.
