## PACIFIC DEBATERS CHOSEN.

Teams Will Meet Willamette and Whitman February 21--Music Furnished by College Band.

Friday night witnessed perhaps the best local tryout that has ever been held at Pacific University for selecting the debating teams. All the speakers showed careful and thorough preparation, and the chance which each had at rebuttal added greatly to the interest of the speeches besides stimulating each debater to his best work. The contest was so close that it was very difficult to decide which six men delivered the best speeches. The Gamma Sigma and Alpha Zeta societies each furnished six speakers and great enthusiasm was manifested throughout the evening.

The speakers alternated affirmative and negative and appeared in the following order: J. R. Ward, Alpha Zeta; S. B. Lawrence, Gamma Sigma; A. C. Allen, Gamma Sigma; G. A. Clapp, Alpha Zeta; C. F. Koch, Gamma Sigma; H. McCoy, Gamma Sigma; H. H. Arnston, Alpha Zeta; H. E. Witham, Alpha Zeta; W. Gwynn, Alpha Zeta; R. A. Imlay, Gamma Sigma; A. F. Child, Gamma Sigma; D. I. Aller, Alpha Zeta.

The judges were Pres. Ferrin, Prof. Taylor and Judge Hollis.

The men who made the team were Aller, Arnston, Gwynn, Imlay, Ward and Witham. Mr. Ward made the first speech of the evening and gave a clear and concise definition of the question. His argument was based on the superiority of the Japanese to the Southern European, the necessity of friendly relations with Japan and the value of "fair play."

Mr. Arnston also supported the affirmative and showed the need of Japanese laborers in America. Mr. Witham, on the negative, emphasized the danger of another "race problem" and spoke of the economic bearing of the immigration to our country.

Mr. Gwynn spoke for the affirmative and brought out strongly the progressive character of the race and their adaptability to American ways. Mr. Imlay presented the negative and based his strong argument on the economic and social phase of the question. Mr. Aller, also on the negative, compared the Southern Europeans and the Japanese and showed the moral and social evils of an oriental population.

## BASKET BALL WITH McMinnville.

Game Scheduled for Friday, January 17--Victory is Expected.

One week from Friday evening the B. B. team meets McMinnville College B. B. at McMinnville. The team has been practicing consistently and it appears that McMinnville is scheduled for a drubbing. Last year Pacific met McMinnville at home and in McMinnville and in both contests Pacific proved superior. However McMinnville says Pacific cannot do it again. McMinnville played a good last game with Newberg a short time ago and the score indicates that they have a stronger and faster team than last year. Rivalry in baseball between the two institutions has been keen and our team is going down to McMinnville imbued with the spirit that never says die. Witham, who tosses the ball in the basket as easily backward as forward will keep a McMinnville guard guessing, Gwynn who is playing left forward puts up a fast snappy game and will run down about three guards. Humphreys at center with a year's experience shows great improvement, and after having played against Foster of O. A. C. he feels confident of taking care of ordinary sized centers. All that can be said of the Ward Bros. who play guard is that they are always in front of the ball that starts for Pacific's goal.

## Academy of Sciences.

The Third Annual meeting of the Oregon State Academy of Sciences will be held at the Oregon Agricultural College, Corvallis, on Friday and Saturday, January 17 and 18, 1908.

An invitation to be present and participate in this meeting is extended to persons in the state whose scientific interest would naturally lead them to become members of the Academy.

## \$25,000 SECURED FOR NEW CHAIR.

Rev. Furgerson of Chicago Raises Fund in Illinois for a Chair in Bible-He Will Head Department

At a meeting of the board of trustees early last spring plans were formulated and arrangements made with W. D. Furgerson to raise money for the new department of Bible. Rev. Furgerson immediately took the matter up and during the fall has secured the \$25,000. Mr. Furgerson thoroughly canvassed the state from Chicago to Galesburg. Mr. Furgerson has had experience along sociological lines. Rev. Furgerson who will head the department of "Bible Literature" is a graduate of the Chicago Theological Seminary.

The establishment of such a chair will mean that the department will teach all the Bible that is at present taught by the other departments.

Once established here Rev. Furgerson will arrange conventions and conferences of a religious nature throughout the state.

## TRACK SEASON OPENS BRIGHT

Meets Arranged on the Sound--Coach Hahn Will Put the Men in First Class Condition.

In an interview today Captain Mason of the track squad, said that prospects for a team this year are very bright and with the good meets assured it will be "up to the fellows" to begin their training at once.

Manager Arnston is in correspondence with University of Washington and he reports that the team will probably take a trip north early in the season. Meets with the institutions of the state have been arranged and a hard schedule is ahead of the team.

Trainer Hahn expressed himself as being pleased with the prospects this year. With Robinson Bro's, Gwynn, Ward Bro's, Humphreys, Waterman, Witham, Lawrence, Abraham, Ferrin Bro's and Aller, all old track men out it seems a decided fact that Pacific is scheduled for a series of victories. Pacific is a little weak in the high jump but McCoy, a new man, comes here with a good high school record in that event and he may make "Shorty" Weathered raise his record an inch or two to hold his position. The mile men are taking regular cross country runs and a cross country race between the classes will be held in two weeks. Cross country running has never been carried on here systematically before and from all indications it is going to develop men who will make good running mates for Alex Robinson.

It is up to the fellows individually whether or not P. U. goes into the field with a winner or a second rate team.

## PROF. KORI ADDRESSES UNION

Linguistic Observations His Theme Meeting Held in Parlors at Herrick. Refreshments Served.

Social Union met last Monday evening in Herrick Hall. This was the first meeting of the year and was well attended by faculty, college students and invited guests. Prin. Bates called the meeting to order. After a short business meeting Miss Leiser rendered a piano solo in her pleasing manner. Prof. Ben Kori delivered the address of the evening. He selected English words and traced them back to their origin. He pointed out the changes both in form and meaning which they had received. He divided the development of a language into three stages in which he classified them. He paid English a glowing tribute and said that he believed that it would be the universal language. Prof. Kori's address was very profitable and by his pleasing style was made very interesting. An open discussion followed his address. At the close of the meeting light refreshments were served.

The noted Attorney and lecturer, C. E. S. Wood, has consented to deliver sometime in the near future a lecture upon the subject of art.

Mr. Haskell Ferrin entertained a few of his friends Saturday evening. Those present were: Misses Thomas, Templeton, Messrs Ferrin and Abraham.

Mrs. Fulsom entertained her Bible class Monday evening consisting of Helen Bollinger, Mavilla Fletcher, Grace Payne and Esther Silverman.

## Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely will these organs be established in health and vigor and vitality. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label--contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments. Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

## Miss Chandler Entertains.

One of the most enjoyable social functions of the Christmas holidays was the New Year's party given by Miss Helen Chandler. Throughout the evening the guests were required to use only their left hands and those caught using their right ones, were compelled to pay a forfeit, the redeeming of which furnished a great deal of amusement for the evening. Each guest was given the name of some animal, and these animals were drawn on a blackboard with the left hand, many of which had to be labeled in order that the others might know what they represented.

After the New Year was ushered in with the blowing of whistles and the ringing of bells the guests repaired to their respective homes.

Those present were Misses Mizpah, Daisy and Camilla Abernethy, Rasmussen, Templeton, Clapp, Hoge, Chandler, Hoffman, Messrs. Lawrence, Ralph, Paul and Richard Abraham, Clapp, Humphreys, Mason, Mills and Ferrin.

## MAKE IT YOURSELF.

Says Many Persons Here Can Be Made Happy Again By Using This.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffer from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

## Notice to Fruit Growers in Washington County.

The Fruit Inspector of this county has found that almost all trees are infested with fruit pests and the law requires the owners or persons having possession thereof to destroy or eradicate such orchards or pests. You are therefore notified that unless such orchards or pests are destroyed or eradicated before the first day of March, 1908, I will proceed under the law to either cut down or destroy such orchards or have the trees sprayed at the owners expense.

W. R. HARRIS, 26-27-31-32 County Fruit Inspector.
