JUBILEE SINGERS GIVE CONCERT. LEAP YEAR SKATING PARTY

Large Audience Greet Tennessee Company--Third Number of Chapman Concert Course.

The Tennessee Jubilee Singers who appeared here Friday evening as the third number of the concert course were greeted by the largest audience that has assembled in Brighton chapel so far this year.

The entertainment was good judging from the enthusiasm and applause, although perhaps it was not exactly as represented: The first part which consisted of Negro Melodies, characteristic before-the-war-songs, were not to the writer's mind, as good as the second part. For a production of its kind however it was well given, as it was characteristic of plantation life in ante bellum days. The well known "Swing Low Sweet Chariot" was the best rendered number in this part of the program.

The second part consisted of solos, duets, quartettes and choruses, and was better both in selection and rendition than the first part. The original presentation of "Old Black Joe" called forth much applause, but the effect was somewhat spoiled by the encore. The last number on the program "Good Night Gentle Folk" was undoubtedly the best number of the evening.

The second bass caused much laughter by his peculiar antics, and we noticed that some attraction in the balcony drew his particular attention.

PROF. CHAS. CHAMBERS SPEAKS.

Addresses Students Upon the Subject of Science and Its Value to the World.

On Wednesday at chapel Prof. Chambers gave a very interesting address on the value of the science of Biology and of science in general to the students or any one interested in such lines of thought. He began by tracing the progress of the science in America from the time of Agassiz down to the present day and showed how rapid the development had been. He told of the sacrifices of men to obtain scientific facts--some even having given their lives to the cause.

The study of Biology does not make the student cruel but on the contrary makes him appreciate the value of animal life and is more tender with regard to their suffering. Science is always looking toward the future in hope of learning something worth while and to this end men have devoted their whole lives to establishing some small fact.

Science cultivates in the student observation, honesty and a desire for proving the smallest points and to discover truth. This interesting address was beautifully expressed and touched the keynote of the value of science in the life of every student.

The basket ball team goes to McMinnville Friday where the boys will try for honors in basket ball. "Bump" will accompany the team just to throw a few baskets for P. U.

A new course has been added to the history department, that of "current events." On credit will be allowed during the coming semester.

MAKES WORK EASIER

Forest Grove People Are Pleased to Learn How It is Done.

It's pretty hard to attend to duties with a constantly aching back; with annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache.

They cure every kidney ill. Mrs. A. H. Vose, living in Beaverton, Ore., says: "Doan's Kidney Pills have proved of great value to me. At the time I began their use, I had been suffering for a long time from a weakness of the kidneys and back. I would arise in the morning feeling unrefreshed and ill-fitted to begin my household duties. My head ached at times and I seemed to be weak all over. My kidneys were out of order and gave me a great deal of annoyance. I procured a box of Doan's Kidney Pills and after taking a few doses was greatly relieved. I was so delighted that I procured another supply and in a month was entirely free from the complaint. I am much better in every way since using Doan's Kidney Pills and give them the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name--Doan's--and take no other.

Young Ladies Entertain Friends-- Large Number of Students Present.

Last Saturday night a very successful Leap-Year skating party was given by the Misses Chandler and Templeton. Although all those present were not aware of the fact, the party celebrated the first anniversary of roller skating at Pacific. Just one year ago, forty students met at the rink to test whether or not skating was worthy of their patronage. What their decisions were could easily be seen a year later. Never before has so large a party been held. Nearly all those who were present the first time, and are still in school, could be seen on the rollers. The number of falls were not as large as that of last year but otherwise the enjoyment was just as great.

The ladies in charge had some innovations in the manner of procedure and thus changed the customs which have been followed for so long. How strange it appeared to see the ones who always before had been on the floor all the time, sitting demurely along the wall, coats thrown carelessly across their broad shoulders to shield them from the cold until someone should come and ask them to skate. But like all other pleasant affairs skating cannot last forever and after ten o'clock all left the scene of where so many evenings had been joyously spent.

Those present were: Mrs. Chandler, the Misses Chandler, Templeton, Hoffman, Helen Chalmers, Clara Chalmers, Thomas, Bowie, Mildred Fletcher, Wheelton, Lake, Bollinger, Wilson, Ireland, Koerner, Stearns, Hawley, Harbison, Rasmussen, Eva Fletcher, Messrs. R. Abraham, Allen, A. Robinson, H. Ferrin, Clapp, Koch, J. R. Ward, Wetherred, Humphreys Brown, Mason, Miller, Peterson, C. Ward, Bryan (and Hope.)

Philo-Alpha.

The last meeting of the Philomathean and Alpha Zeta societies was held in joint session last Wednesday evening in Philo hall.

The Philomathean part of the program was the presentation of a play. The farce was an incident of the young ladies' attempts at entertaining without their mother. Christine Wilson as Anna Allot was entertaining a couple of her girl friends one afternoon when Miss Busy, an old maid friend of Anna's mother called. Miss Busy found fault with everything and was continually comparing things with what they were when she was a girl. Anna and her sisters Emily and Nellie were quite disgusted to have her call but they went on with their preparations for tea. The girls served sandwiches, cake and tea but at the first bite Miss Busy jumped up crying that they were trying to poison her. After carrying on for a little while she left threatening to tell their mother of the indignities she had suffered. Belle Wilman, a newly rich girl friend was insulted at the practical joke the girls tried to play on her. But she could not go the few blocks to her home until her carriage came. Katie Ryan, however, said it was all a mistake, that Anna had not intended to put cough syrup in the sandwiches or salt in the cake. Mrs. Allot soon came home. She had heard Miss Busy's side of the story and she gave the girls quite a lecture for their conduct. But Nellie said that she was not sorry to have had an opportunity to give Miss Busy and Belle Wilman a piece of her mind. All the actresses did very well. The cast was as follows: Mrs. Allot, Esther Silverman, Anna Allot, Christine Wilson; Emily Allot, Bertha Leabo; Nellie Allot; Helen Bollinger; Miss Busy, Frances Clapp; Belle Wilman, Mavilla Fletcher and Katie Ryan, Frances Lake.

The Alpha Zeta part of the program consisted in a number of choice musical selections and a discourse of Philology by Mr. Dooley. The "Blue Blaze Band" an aggregation of four of the best artists in the society covered themselves with glory and provoked much laughter. Messrs. J. Ward and Gwynn favored the audience with a selection on the harmonica and guitar, after which Mr. Gwynn gave an ora-

tion on Mr. J. Ward. The other numbers on the program were as follows: Trombone solo, Bryant; Mr. Dooley on La Grippe, Aller; Instrumental Solo, Markee; The Blue Blaze Band, Knight, Brown, Wagner, Holmes; Reading, Mobley, Vocal Solo, Witham; Harmonica Solo, Chas. Ward; Vocal Solo, Hope; Instrumental Solo, Clapp; Vocal Solo, Mason; Mandolin Trio, Miss Sorenson, Messrs. Aronson and Ferrin. The program was closed by an instrumental solo by Miss Jessie Hoge.

Pacific University has been recently placed on the accredited list of schools for the State of Washington. Any graduate of Pacific is entitled to the same privileges now accorded the University of Washington graduates. This makes it possible for our students who have their A. B. degrees to teach in the Public and High schools of that state by conforming to the same rules governing the state institution. Our graduates would only be required to be acquainted with the state's school laws in order to do this.

Misses Edith and Helen Allworth spent Saturday and Sunday in Hillsboro, the guests of Miss House.

Students who contemplate taking trips to Hillsboro should consult A. C. Allen as to the condition of the roads.

SHAKE IN A BOTTLE.

Advice of Noted Authority, Also Gives a Simple Home Prescription.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack. Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime. Just try this simple home made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood, which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost. Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in stomach, gnawing or distressed feeling in stomach, perhaps nausea, "rises" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or effect you more completely than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is a non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Small advertisement for Dr. Pierce's Golden Medical Discovery.

Notice to Fruit Growers in Washington County.

The Fruit Inspector of this county has found that almost all trees are infected with fruit pests and the law requires the owners or persons having possession thereof to destroy or eradicate such orchards or pests. You are therefore notified that unless such orchards or pests are destroyed or eradicated before the first day of March, 1908, I will proceed under the law to either cut down or destroy such orchards or have the trees sprayed at the owners expense. W. R. HARRIS, 26-27-31-32 County Fruit Inspector.
