A CALL TO TRACK MEN

Begin Your Track Training at Once. Good Prospects for Success.

Now that the Track season is fast approaching, it is desired that every man interested in Athletics and who wishes to get Pacific put out a winning team, set out at once and begin active training.

Pacific University may well be proud of its past record in Track Athletics. Only four years ago our team was the champion of Oregon. While we do not boast to carry off first honors this year, those in charge believe that prospects are brighter than any previous year since then. All our last year's squad is back and we have some very promising material among the new students. Coach Hahn knows our capabilities and under his directions we can all be in first class condition at the beginning of the season, whereas before we have spent one-half our time "training down."

Seldom do the students of a college of this size have the opportunity of training under a coach of the ability of Mr. Hahn. Mr. Hahn has had several years experience as a coach and thoroughly understands his business.

The new students may think they have no ability along this line, but they as well as the others should get out and "get on the marks" and find out just what they can do. A track team must be developed. From our small number to select from we cannot expect to pick out a squad of winners, we must develop them. Victories are not won in a day. Nowhere is this more true than on the track. It takes weeks of constant and faithful training to store up nerve force and muscular energy for the final contest.

The Cross county squad is out doing three and four miles every night. This kind of work is the best that can be taken to develop "wind" and strength of limb. High jumping, hurdling, pole vaulting and shot putting can be practiced in the gymnasium and there is no reason why our men cannot be in good form to do good hard training as soon as the weather permits.

Mr. Arnston has not definitely arranged our schedule of meets, but some good trips are assured and it is our best interest to be fully prepared to meet our opponents.

FOR BENEFIT OF ATHLETICS.

Arrangements are being made for the presentation of a minstrel show by the students of the University. The exact date has not yet been set, but will probably be the latter part of March. The matter was brought before the Athletic committee some time ago, as a means of raising funds for athletics.

A committee consisting of Lawrence, Ferrin and Ward was appointed to complete the details and make necessary arrangements. Students with talent for the stage are requested to see the committee.

The plan suggested is somewhat as follows: The main feature, of course, will be the Minstrel Show, consisting of dark songs, dialogues, and the latest and oldest jokes.

Then a boxing contest is suggested, to fill in, until the stage is ready for the closing performance. This will probably be a burlesque on the Merchant of Venice, short and to the point. The committee has attempted to arrange the program thus in order to give variety to the performance and at the same time be humorous and delightful from beginning to end.

Miss Hartley has secured several of the latest songs and will have charge of the musical part of the program.

Prof. Orr has kindly consented to help in staging the play, which under his direction should be well worth seeing and hearing. This will be the first appearance of Pacific's Minstrels for some time. In the past this kind of entertainment has generally been given once each year and has been successful in every way. Cooperation from all the students is all that is needed to make the Minstrel a success.

Miss Margaret Whalley and Miss Grace Chandler of Portland, were visiting Edith and Helen Allworth during the term recess.

LAST RECEPTION OF THE YEAR.

The College Reception Given by the Senior Class. Unique Entertainment.

The regular opening reception of the semester was held in Brighton chapel Saturday evening, Feb. 8. The Senior class was in charge of the evening and had arranged the entire program. After the usual greetings were exchanged, little booklets were passed around in the shape of Senior caps, and the guests were divided into groups of six, each group to write an original college yell or song. Many pleasing songs and yells were composed in the limited time of twenty minutes. One poem of nine verses was composed on the Senior class, deserves special mention. Group twenty brought forth a very pleasing limerick which was also upon the Seniors. Group eighteen composed a German college yell which received first prize. This German yell was dedicated to the memory of Abdullah Ben Kori.

The prize rewarded was a beautiful Pacific pennant. The Group, in order to settle the controversy who should keep the pennant, drew lots for it, Miss Sewell drawing the lucky number. After this a magic lantern exposition was given of "Who's who at Pacific." Each view thrown upon the screen was accompanied by some rhyme in explanation. Some of the familiar forms seen was that of "the college ghost," "Herr Koch trying to ride the Freshman mule," "The doctor and his umbrella," and "the Musician." Special credit is due to Mr. Sparks who drew the crayon etchings of these familiar campus scenes and portraits.

Next followed a poem on the Junior class. Accompanying each verse of this lyric a very beautiful likeness of each member of the class was thrown upon the canvas. The grand march for which Miss Pearl Miller played followed, seemed as welcome as ever. Refreshments of ice cream and wafers were daintily served by the young ladies of the class. The happy crowd broke up about eleven each one feeling that they had been amply repaid for the evenings entertainment.

NEW SEMESTER BEGINS.

The formal opening of the new semester was held at 1:15 Wednesday afternoon, instead of in the forenoon, as the custom has been for several years.

A larger number than usual of students, and friends of the school, were present, and the college band expressed the enthusiasm of the occasion.

The speakers announced were Rev. Dyott of the First Congregational church of Portland and Rev. D. L. Thomas, but for some reason they failed to make an appearance, so Rev. Clapp and Rev. Folsom, took their places. After the regular chapel services Pres. Ferrin spoke a few words of welcome and introduced the speakers.

Rev. Clapp is a favorite with the students and his ready wit furnished much hearty laughter. He said he was to deliver the "supposed speech of Dr. Dyott." The points of emphasis in Rev. Clapp's talk were the forming of character and the wrong use of time. He laid special stress upon the amount of time the average student wastes upon social affairs, intercollegiate work, and things that do not add either to scholarship or character building.

Rev. Folsom briefly emphasized what Mr. Clapp had said, but added, that one of the things a student should cultivate is concentration of mind. Much time is wasted because students do not concentrate their minds on the work they are doing. The faculty, he said, have an interest in the students beyond merely pouring knowledge into them like one pours water into a number of empty bottles.

Anticipating the cold wave Thursday night, some thoughtful persons tried to carry the thermometer cage inside to save the bulbs of the thermometers from freezing, but found it too large to go through the door. If they will report their kind deed to the department at Washington they will doubtless receive a liberal reward as the government jealously guards all its property.

RECIPE MIXED OFTEN.

Druggists Hear Much Praise for This Simple Home-Made Mixture.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water. This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys; cleansing the clogged-up pores of the eliminative tissues, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

The druggists in this neighborhood say they can supply the ingredients which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

Notice.

I take this method of calling attention of the merchants of this county to the laxity displayed by them in the sale of cigarettes and tobacco to minors. The violation of this law was forcibly illustrated in a case in court on Monday afternoon, January 27th; briefly stated,—a boy of twelve years of age had purchased tobacco and cigarettes of a number of merchants in plain violation of the statutes of this state. I shall consider it my duty to prosecute all offenders of this law hereafter. Kindly familiarize yourselves with the provisions thereof.

Dated at Hillsboro, Oregon, this 31st day of January, 1908.
JOHN M. WALL,
Prosecuting Attorney for Washington County.

Last Tuesday evening a very helpful meeting was led by Sumner Bryant. Mr. Bryant's subject was "How to make preparation for the test." The great trial test of a man's life was compared with tests which we are familiar with in school life. The necessity of being prepared at all times, for this test is liable to come at any moment, and the need of a thorough preparation were points emphasized by the leader. A short discussion by those present followed.

ONE WEAK SPOT.

Most Forest Grove People Have a Weak Part And Too Often It's the Back

Everyone has a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Tells you the kidneys need help—For backache is really kidney-ache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys. Cure backache and all urinary ills.

Mr. V. M. Vose, living on Jefferson St., Hillsboro, Ore., says: "Doan's Kidney Pills proved of great value to me. At the time I began their use I had been suffering for a long time from a weakness of the kidneys and back. I would arise in the morning feeling unrefreshed and listless to begin my household duties. My head ached at times and I seemed to be weak all over. My kidneys were out of order and gave me a great deal of annoyance. I procured a box of Doan's Kidney Pills, and after taking a few doses was greatly relieved. I was so delighted that I procured another supply and in a month was entirely free from the complaint. I am much better in every way since using Doan's Kidney Pills and give them the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them **Medicines of Known Composition.**

By this bold step Dr. Pierce has shown that the formulas of such excellence that they are fit to subject them to the fullest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of the ingredients composing it, but a small standard medical work of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, some of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription, were used by the Indians as "Squaw-Weed." Our knowledge of the uses of a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for restoring the normal functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.
