It seems that there will be a full quota of candidates after all.

A good representation at the Court House from this end of the county is a thing that we are entitled to and now is the time to look after the matter.

The Portland council has been considering a plan to put all unemployed men of that city to work. They started the plan last Fall and if the same gait is kept up by that body that has been kept, the unemployed will get to work about harvest time.

Senator Fulton seems to be wrought up by the charges made against him by Mr. Heney—even to the extent that he was about to leave his duties at Washington and come back to Oregon to answer them. But upon reconsideration of the matter, no doubt Mr. Fulton thought that the Oregon people know what a politician is. There is plenty of time for the senior senator to clear his skirts after congress adjourns.

We wonder if those who are advocating the Parcels Post measure, are also considering who will eventually pay the bills for transportation. It costs so much for transportation no matter whether the government does it or the individual does it, and when the vast area of the United States is taken into consideration with that of England—where they claim it is a success—there is a difference of about thirty times more area of square miles and a difference of only about one-half the population. This will all cost somebody a great amount, and we wonder if the farmer doesn't know who actually foots the bills, and too, if the benefits of the new system will offset the costs.

No ice to Subscribers.

Owing to the fact that the Postoffice Department at Washington, has issued an order that no weekly newspaper shall give more than one year's credit to a subscriber, without laying itself liable to the first class rate of postage. The Washington County News wishes to notify its subscribers who are in arrears more than one year that they are requested to come in at once and settle their accounts. Our time is limited for straightening up our list and we trust those in arrears will make all possible haste and save us any unnecessary embarrassment. Statements of account will be mailed to those who do not answer this appeal within the within the next thirty days.
