LEAP YEAR SKATING PARTY.

An Enjoyable Event—A Motley Array of Skaters, "Pat Murphy," George Washington and Si Perkins Present.

On Saturday evening occurred the most striking social function of the season, and the first of its kind held at Pacific for many years—a leap-year skating party in masquerade.

Taking advantage of the 29th of February, the one day in four years inserted in the calendar for the special benefit of the ladies, a coterie of Pacific girls invited their friends of the sterner sex to veil their features, don uncommon garb, and join in paying homage to the goddess of the fickle wheel.

The rink was filled with a motley array of characters. A stranger might have thought himself in a Congress of the Nations.

The grand march was led by the original Dusty Rhodes, gallantly escorting a Chinese maiden. Si Perkins, leading his daughter by the hand, gaped at everything in sight, and stumbled every time he took a look. A pair of shades joined the throng, unabashed by the laughter and lights. A gay summer girl coquetted with Old Black Joe, while Beau Brummel, in spike-tailed coat, made eyes at a maiden of doubtful age. The Gold Dust twins created a decided sensation. A 2-Paw clown attached himself to a stately daughter of Spain. Aesthetic taste was not even offended by the appearance of a blood-red Mephisto with a snowy angel at his side. A pair of "buccaroos" brandished their shooting-irons and threatened to stampede the crowd; but decorum was maintained by the presence of a dignified colonial gentleman and his lady.

After the grand march masks were removed, and a thoroughly enjoyable time was spent in skating.

The maskers were: Misses E. Fletcher, Templeton, Thomas, Bowie, C. Wilson, Koerner, Whealdon, Peterson, Hoffman, Lake, E. Chalmers, H. Chalmers, Harbison and Chandler; and Messrs Hope, Raul Abraham, Ferrin, Imlay, Humphreys, Brown, Koch, H. Ferrin, Peterson, J. Ward, Ralph Abraham, A. Robinson, Markee and Arnston.

The chaperones were Misses Bain, Yancey and Abernethy, attended by Prof. Orr, Prof. Cook and Mr. Hahn.

Prof. A. B. Kori Translates Semic Manuscripts.

Prof. Ben Kori has lately received two manuscripts, one of which will greatly interest scholars. It is arranged in the guise of questions and answers. These questions and topics discussed have agitated the christian world for over a century and has brought about what is known as the historical school or the school of higher criticism. The answers are very interesting for they pretend to solve from a peculiar point view these agitated questions. Reasonable explanations and arguments are also given, as to the validity of the Samaritans that they are the chosen people of God—the true people of Israel. Prof. Kori will begin immediately the translation of the Manuscripts. The Mss. are in Arabic and Samaritan script. This is a second of the series of pamphlets that Prof. Kori has translated for Dr. Barton of Chicago, the publisher of these Oriental documents. There is no other school in America except Chicago that has a language professor capable of instructing in the Arabic and Samaritan languages. These translations are of immense value to scholars and Biblical students who visit the Holy land and the territory of the Mohammedan people. The Arabic language is a Semetic language, allied very closely to the Hebrew. It is widely diffused, being the language in which Mohammedans must read the Koran, and is spoken as a vernacular tongue in Arabia, Syria, and Northern Africa.

Band Plays for Commercial Club.

At the reception given by the Forest Grove Commercial Club and Board of Trade, last Friday evening, at Vert's Hall, the musical part of the program was furnished by the Varsity Band. This is the first occasion outside of student activities for which the band has appeared; but the favorable comments on the "Kid Band," dropped by various business men, would seem to indicate that there might be more calls for its services in the future. The hearty vote of thanks at the close of the exercises, besides a more substantial compensation, are sure signs of appreciation.

The presence, at the reception, of Professors Bates, Boggess, Chambers and Ben Kori, lent a cheering influence, and the delicious banquet caused general contentment among the band boys, and they departed satisfied with a well spent evening.

Rev. A. B. Snider to Speak to Social Union.

Rev. A. B. Snider of the class of 1891, will address the Social Union, Friday, March 6, on the subject of "Egypt and Palestine." Mr. Snider has just returned from an eight months trip around the world. He visited Australia, Palestine, Egypt, and several other important countries in his recent tour.

Mrs. E. E. Payne and daughter Miss Frankie were visiting Miss Grace Payne Saturday and Sunday.

REV. PAUL RADER SPEAKS.

Prominent Portland Pastor Delivers a Forceful Address. Students Manifest Appreciation.

Rev. Paul Rader of Portland, who has been prominent in the prohibition work in Oregon and Washington, addressed the student body at the special chapel exercises last Wednesday.

Pres. Ferrin in his introduction spoke of Rev. Rader as an extraordinary man, having had the distinction of being one of the best full backs on the Multnomah football eleven and at the same time the pastor of a prominent city church. He has been known to play a strenuous game on Saturday and fulfill his pulpit duties on Sunday. Indeed Mr. Rader impresses one as a very broad minded man who is able to throw his entire will force and energy into whatever work demands his attention. His work for the Anti Saloon league has been of great value and his grasp of men and affairs is so clear and forceful that he is fast becoming prominent in the Northwest as a christian worker.

Rev. Rader used as the outline of his address these four lines from Henry Van Dyke:

"To think without confusion clearly
To love one's fellow men sincerely
To act from honest motives purely
To trust in God and heaven securely".

Under the first point the speaker said that one of the needs of the twentieth century is for men who can think "without confusion clearly." We are prone to think of the things that are far away or in the future while we should think of the things near at hand, and from them reach out to the things that are afar. In this day we are depending upon facts and from them we obtain our theories. This is illustrated best perhaps in the relation of God to man. The old belief was that God was very far away. Since the wonderful work of science and medicine has been given to the world, men have come closer to God because of it, and have come to know His love and mercy from a definite knowledge of his handiwork.

Another tendency of the times is for men and women to be automatic in their relations with humanity. We do not understand the people around us and do not try to do so. Consequently we can not realize their struggles and ambitions. So there is need of more sincere love of humanity. The appeal "to act from honest motives purely" comes strongest to college men. "Education," Mr. Rader said, "is that development of soul and mind which will enable to give his best in the best way possible." Above all these things we must believe and trust in God who stands behind humanity and makes possible all that is good and beautiful.

PADEREWSKI AT THE HEILIG.

Large Delegation from Pacific Hear the World's Greatest Pianist in Portland Monday.

Those who went to Portland last week to hear the Paderewski recital feel amply repaid for their time and money. Paderewski is generally recognized as perhaps the greatest living pianist and it is something of an education to see just how it is that he has gained this reputation. He is greeted everywhere by enthusiastic crowds and while this may be partly due to his formerly won successes, it cannot account that those who have heard him most are his most ardent admirers.

In technique he may possibly not equal Bauer or Rosenthal; from an artistic standpoint, however, it is nearly perfect and lacks only in a crashing sort of brilliance which is unnecessary in a normal interpretation. At the Portland concert, however, those who have heard him several times say that the loud passages and climaxes were played more in the style of Rosenthal than in his own more quiet way.

It is, however, his interpretation, the soul that he puts into his wonderful playing which makes him a master among pianists, to this is added a marvelous smoothness of technique, sweetness of tone and delicacy of phrasing. The most remarkable feature of his playing, however, is his unequalled pedaling. Not once in the course of a long concert, will there be a blurred or confused passage and yet he uses the pedal constantly. The most complicated parts are strengthened and enriched without a loss in clearness.

The program given Monday night was very familiar to those from Forest Grove as almost every number has been played here by teachers or pupils. This added greatly to the enjoyment and instructive value of the recitals.

Miss Fave Corwin was the guest of Miss Fordyce Friday night.

Mr. Wilson Miller is assistant station agent at Coquille, Oregon.

By taking a quill into his hand many a man has made a goose of himself.

Charley Ward has invested in a diamond with the expectation of getting Moore.

The student body of Whitman College grants the gold "P" to its Debaters, Orators and Editor of the college paper.

SIMPLE HOME RECIPE.

Mix This Simple, Healthful Recipe at Home and Try It, Anyway.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There is an intelligent thinking woman. In need of relief from weakness, nervousness, pain and aching, then it means much to you that there is a medicine that has been tried and true, a medicine of which a prescription is sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received. In the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. It is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.
