

Correspondence.

Notice to Correspondents.

The correspondence department of *The News* is one of the most important we have and we are very sorry to note there are a number this week who are conspicuous by their absence. Those that do appear came in very late and it is a task to get them in type on short notice. Therefore we wish to call your attention to the fact that it is necessary that news letters reach us not later than Tuesday noon. The *News* is proud of its correspondence staff and trusts in the future that your letters will come earlier and more of them. If any are out of stationery make note of it at bottom of next letter, and same will be forwarded at once. EDITOR.
