Cake or Fulton-Which?

It will be well for republicans to study candidate for United States Senator at county as follows: the April primary. The candidacy of Gov. Chamberlain on the Cake platform adds new complications to the situation. If the three were to race for the June election, it would certainly add material strength to Mr. Fulton, as both Mr. Cake and Mr. Chamberlain are committed to Statement No. 1, or the election of a senator by direct vote of the people. But at the April primary either Mr. Fulton or Mr. Cake must step aside. We have studied the situation carefully and draw the following conclusions: 1st. Should Mr. Cake receive the

republican nomination, it will place Mr. Chamberlain "between the devil and the deep sea" without a platform to stand on, he having voluntarily as sumed a non-partisan, happy-go-lucky gait, going the whole hog on Statement No. 1 and telling his democratic brethren he recently loved so well that he has become infatuated "with most of the Roosevelt policies"-until after the June election-after which time the probationary state will cease and be again permitted to exercise his conscience by voting for democratic measures in the senate, if elected.

2nd. That as Mr. Cake has firmly stood for, and manfully defended Statement No. 1 for the past two years, there would be no just cause for Republicans to prefer a new convert from the Democratic ranks on this question to the exclusion of all other questions of vital importance to the state and nation which will come up during the Senatorial term.

3rd. That in the light of past history, with legislative hold-ups, corrupt use of money to "influence" senators and representatives, men seeking election to the legislature on Senatorial years to see the fun; special trains running with all other corrupting influences in connection therewith, thus bringing shame and disgrace on the fair name of our state; our people will never again return to the old system of election by the legislature.

4th. That a very large majority of the newspapers in the state are first, last and all the time in favor the people electing a senator.

5th. That nearly every Grange in the state has declared by resolution, that they will not support a candidate for the legislature who is opposed to election by the people.

6th. That it is a Republican measure passed by a Republican legislature.

7th. Nearly every candidate that has announced for the Legislature has subscribed to Statement No. 1, at least in modified form, and those who failed had to come and take their med-

8th. With 30,000 Republican majority behind Mr. Cake, would it be possible for Mr. Chamberlain to jump sideways into the United States Senate by using a little soft soap on weak-kneed Republicans? We think not.

9th. Should Mr. Fulton be nominated, the conditions would be entirely reversed, thus placing Fulton on the defensive instead of Chamberlain, weich would at least greatly reduce the Republican majority.

In view of these facts as we see them, we must say that to our minds, ublican voters of Washington County the salest, surest and best thing for or State Senator, at the primary elec- Republicans to do is to vote for Mr. ion April 17, 1908, I wish to say that Cake for United States Senator. - Cor-

GIVE NATURE A CHANCE.

The strongest minds have gotten their Inspiration direct from Nature. Nature is the great teacher of mankind. We can look to Nature for all our needs. In the recent Russo-Japanese war the surthe recent Russo-Japanese war the surgeons of the Japanese fravy and army discovered that wounds would heal more rapidly and with better success if left to Nature. They washed the wounds with water which had been boiled and thus sterilized—then bandaged the wounds with clean linen—no powerful drugs or antiseptics were used in their first aid to the injured. Such methods resulted in the loss of only 32 out of 682 men treated in a naval hospital for their wounds. It is only from lack of observing Nature's laws that most of us suffer at one time or another from indigestion, impure blood and a generally run-down system. or another from indigestion, impure blood and a generally run-down system, Our remedy lies in Nature's laboratory—deep in the fragrant woods—where are many American plants, the roots of which when properly treated will supply a health-giving tonic.

Many years ago a physician who had an extensive practice among the afflicted made a striking departure from the usual methods of his conferres in medicine—he went straight to Nature for the cure of those stomach disorders which resulted
