## OLD MAIDS' CONVENTION.

Students of the Art Department to Give Unique Entertainment— Splendid Program Arranged

Saturday evening at Marsh Hall will be given one of the most unique entertainments of the year by the Art students, the proceeds of which will go to make up the large deficit incurred by the Art exhibit given last fall by Miss Bain. The Old Maids will assemble in convention. The largest delegation is assured from Hoop-pole township. Skamokwa and South Park will send large delegates. It will be the largest, the most gorgeous and the most elegantly gowned assembly of Old Maids that ever convened in Forest Grove.

These Spinners are to initiate legislation so as to clear the matrimonial field of obstacles and make it a field of opportunity. Silks and satins will be worn made during the middle of the nineteenth century. Old fashioned courtes will be sung by these antiquated warblers, assisted by the Misses Shannon, Cornelia Barker and Prof. Chas. W. Cook.

The Old Maids will be transformed, before your eyes, into blooming young girls.

The greatest debate of the season will be participated in by these "ladies of the marble heart." Young men, come prepared to receive your share of local hits. No one will escape their wily tongues.

## College Presidents Meet.

At the invitation of President W. N. Ferrin, the presidents of the Denominational colleges of Oregon assembled at Forest Grove. The purpose of the meeting was to formulate plans to further the interest of higher education in the Christian colleges of the state. Six college presidents, together with a member of the faculty from each institution, were present. President Ferrin and members of the faculty tendered to the guests an elaborate ban-

quet served in the dining room at Herrick Hall, after which they repaired to the beautifully decorated parlors, where papers touching upon college affairs were given by different Presidents.

President Riley of McMinnville college, spoke upon the influence of a Denominational College. He emphasized the importance of maintaining a faculty of men of high ideals if the denominational college would accomplish its purpose. President Riley produced statistics illustrating the large per cent of eminent men in our country that received their training at Christian colleges. He said "There is only one possible way of developing the symmetrical man, and that is through the influence of a Christian college."

President Crooks, of Albany college, followed with a very strong address upon the need of a better classification of the high schools of the state. He cited facts showing how high schools varied in their courses of study. He maintained if the High schools of the state were properly classified, the colleges could more easily establish uniform courses of study. President Crooks then discussed the advisability of introducing and maintaining Commercial courses in connection with regular college work. His first remarks would indicate that commercial courses should have no place in college work and that such courses should not be maintained in the college but left to the care of the regular business college. The discussion showed that there was a tendency to lower the standard of a college education. By maintaining such courses oftentimes students would fall prey to them and leave their college work to finish a few months training in a business course and as a matter of course would never complete their college work. Pres. Riley however contended that the Christian college was the place to inculcate ethical principles in the business man.

President Mock of Dallas College spoke upon the subject: "Is the time ripe to effect an organization of the Denominational colleges of the state?" He said that there was great need for such an organization in order to promote a closer relationship in educational work between the colleges of the state. There could also be a more uniform system of entrance requirements for admission brought about under such an organization. Professionalism in athletics could be rooted out and more strict rules could be enforced if there was united agreement and cooperation.

After discussions pro and con on these subjects President Crooks moved that such organization be effected. The motion carried and W. N. Ferrin of Pacific University was elected president of the league, President Riley of McMinnville college elected vice president and President Crooks of Albany college secretary.

Those present were favored with a beautiful piano solo by Miss Frances Clapp. Miss Kate Shannon rendered in a pleasing manner a vocal solo. Miss Heldel delivered in a charming style a reading from Tennyson.

After a vote of thanks to President Ferrin and the faculty of Pacific University the meeting adjourned to meet at the call of the executive committee next fall.

Those present were: Pres. Crooks of Albany, Prof. Jones of Newberg, Pres. Kelsey of Newberg, Professors Mathews and Sherwood of Salem, Pres. Riley of McMinnville, Pres. Mock of Dallas.

From Pacific University were: Pres. and Mrs. Ferrin, Principal Bater, Prof. W. F. Farnham, Prof. and Mrs. Taylor, Prof. Kori, Dr. Boggers, Miss Haskell, Miss Yancey and Mr. Arnston.

## Easter Breakfast.

Easter morning, S. B. Lawrence invited a few of his friends to breakfast, at his home on College Way. Since Pridoux and Shiveley's time, the egg feed has been an annual event. It is reported that on this occasion all records were broken, but the number of eggs consumed by the winner of the contest has not been made public. Those who partook of the breakfast were, D. I. Aller, B. F. Lawrence, J. W. Lawrence, V. M. Waterman, S. B. Lawrence and H. H. Arnston.

## Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and arrangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not resolve fatally.

No medicine extant has such a long and unbroken record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of value of its ingredients. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good. It purifies the blood, its effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. W. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Advisor (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Pacific University, Willamette University and the Oregon Agricultural College will hold a triangular track meet on May 16, at Corvallis.

Mr. Arnston has arranged dates with Willamette at Salem, McMinnville at Forest Grove and Newberg at Forest Grove. This completes our track schedule for the season.

The Junior Annual is progressing in a satisfactory manner. The copy is ready for the press. The prints have been sent to Hicks-Chatten-Engravers, at Portland, and it is expected that all material will be in the hands of Mr. J. F. Woods, our local printer, by May first.

Professor Cook and his mother had a very pleasant vacation at Yaquina.

Archie Markee visited with Arthur Silverman during the Easter vacation.
