General Manager
M. FOGLE,
Assistant.

ON THE FARM.

HOW NATURE PROVIDES FOR US.
The most independent man on earth is the farmer, for he makes the earth yield him almost everything needed for life. He knows that as he sows so will he reap. He usually keeps strong and healthy from constant strife with Nature—in sunshine and in pure air. At night when work is done, he finds most refreshing sleep, such as only a tired man knows. In the same way that the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Dr. Pierce's Golden Medical Discovery. It is Nature's most valuable and health-giving agent—made without the use of alcohol. It contains native medicinal roots, and is the concentration of Nature's vitality as found in the American forests. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities.

Dr. Pierce found that the bark of the Black Cherry-tree, the root of the Mandrake, Stone root, Queen's root, Bloodroot and Golden Seal root, made into a scientific, non-alcoholic extract by the use of glycerine, made the best alternative and tonic. The refreshing influence of this extract is at once apparent in the recovered strength of the patient—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which otherwise may poison the system. This alternative and tonic extract has been found to stand alone as a safe, invigorating tonic, as it does not depend on alcohol for a false stimulation, but is Nature's own method of strengthening and cleansing the system. It tones up the stomach and purifies the blood in Nature's own way. It is well known all over the world as Dr. Pierce's Golden Medical Discovery. The name was given to this vegetable compound because one of the important ingredients was Golden Seal root. * * * Such an authority as Dr. Roberts Bartholow, of Jefferson Medical College, says of Golden Seal root, "very useful as a stomachic tonic. Cures catarrh of the stomach and headaches accompanying the same." Dr. Grover Coe, in his book Organic Medicines, speaking of Golden Seal root, says that "as a liver invigorator it has few equals." Further he says, "in chronic inflammation of the bladder we deem it one of the most reliable agents of cure, as a tonic in the convalescing stages of fevers, pneumonia, dysentery and other acute diseases Hydrastis (Golden Seal root) is peculiarly appropriate."

Dr. Coe continues: "We would here add that our experience has demonstrated the Hydrastis or Golden Seal root to be a valuable remedy in bronchitis, laryngitis, and other affections of the respiratory organs."
Prof. Hobart A. Hare, M. D., University of Pennsylvania, says of Golden Seal: "Of service in chronic catarrh of the stomach and bowels following abuse of alcohol, a tonic after malarial fever. Has a distinct, anti-malarial influence. Good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc. Is a curative agent in chronic dyspepsia."
Prof. John M. Scudder in Specific Medication says of Golden Seal: "It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system. I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."
Dr. Pierce's Favorite Prescription specially put up for women's ills—for those distressing—dragging down ailments—peculiar to women—is also a temperance remedy that is best known by its cures. With Dr. Pierce's medicines, their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Dr. Pierce's great thousand-page illustrated Common Sense Medical Advice will be sent free, paper-bound, for 31 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Board of Trade edition of The Washington County News, published at Forest Grove, is a credit to that city and its publisher, J. F. Woods. While its principal purpose is to bring Forest Grove, the home of Pacific University, prominently before the public, it gives Washington county a good write-up and tells of its wonderful resources and the great possibilities for its future, both to the capitalists and the men and women looking for homes in the most productive, most healthful and best section of Oregon—God's own country. The publication is printed on heavy book paper, is well filled with illustrations of men and homes in Forest Grove, and is just the thing to send to friends in the east.—Hillsboro Independent.

Hoffman & Allen Co. can supply your wants in blankets and comforts at low prices.

—The top price at Bailey's for your Wool and Mohair.

—I have the exclusive agency for White Clover butter, manufactured by the T. S. Townsend Creamery Co. It is packed in waxed cartons, the only sanitary package used for sending out butter. Nelson B. LaCourse. 42-2

With the Greater Norris & Rowe circus, museum, menagerie, hippodrome and congress of nations, which will exhibit in this city Friday, May 8, afternoon and night, is a family of acrobats that go under the name Astral St. Leons. This family was engaged and came direct from Melbourne, Australia to the Norris & Rowe circus. There are seven members of the troupe, and among them are performers that turn double full twisters, and double somersaults from the bare ground, a feat that has been accomplished by but three performers in the world, and then on rare occasions only. In their contract with Norris & Rowe they agree to perform this almost incredible act at every representation of the show. During the run of the circus in San Francisco this spring of sixty performances, 279,873 persons paid admissions to the big show, and the St. Leons made one of the big distinct hits of the program, which includes performers from every country in the world. Their act cannot be described—"it beggars description." The new big street parade will take place at 10 o'clock. By arrangement, the Norris & Rowe circus will be the only big show to visit this section of the country this year.

South American Animals.
Many curious animals haunt the marshy parts of South America north of the pampas. Frogs big and ferocious (the ceratophrys), given to making vicious springs when closely approached; the capybara, a cavy "contented with the bulk of the sheep," the huge capybara rat and the swarthy tapir are frequently seen. Along the forest margins troops of peccaries are often met with, occasionally the jaguar, sometimes the puma; likewise that toothless curiosity the great ant bear, long in claw, long nosed and remarkably long tongued. Very plentiful, too, are those "little knights in scaly armor," the quaint, waddling armadillos. Long footed jacanas pace about upon the floating leaves. A familiar object is the great jabiru, a stork with a preference for the desolate lagoons, where it may often be observed standing on one leg and wrapped in preoccupation.

gon law school debating team to represent the state against the University of Washington law school team at Seattle in May. Mr. Peters left a brilliant record along forensic and oratorical lines while at Pacific. He was twice a member of the victorious teams that won over the University of Oregon in 1904 and the University of Washington in 1905. He also carried off first honors in the state oratorical contest in 1904. Mr. Peters while a student at Pacific always took an active interest in student affairs and has worked to further the interests of his Alma Mater.

—Dr. C. L. Large reports a daughter weighing eight pounds born to the wife of Rev. Merritt Davis in South Park, last Saturday. Parties wishing the attendance of Dr. Large in this class of cases, will greatly oblige him, if convenient by engaging his services two or three months prior to the expected event. Dr. Large has both phones.

MORE EVIDENCE.

It Is Coming In Rapidly in Forest Grove.

Evidence on the following subject will prove of interest to every Forest Grove reader. So many people go through the same experience daily. This public statement should be proof positive to every wavering doubter. Read it carefully.

Fred Landrock, living on Third St., Hillsboro, Oregon, says: "My wife suffered from kidney and bladder trouble for a long time and no matter what she did, she could not turn over in bed. She also had trouble with the kidney secretions which were very frequent and irregular. All the different remedies she tried did her no good and she also used plasters and liniments but failed to find relief. At last she heard about Doan's Kidney Pills, and procured a box. They helped her from the first and it was only a short time before she was entirely free from the slightest symptom of her complaint. I also used Doan's Kidney Pills and the results were also highly satisfactory in my case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

COLLEGE NOTES
Miss Heidel was in Portland Thursday.
Miss Frances Clapp gave her recital in Portland Saturday night.
Mr. Gwynn went to McMinnville to attend the contest Friday night.
Miss Lillian Elder was the guest of Miss Bain at her summer home near the ocean.
Doc. Mason is contemplating doing some work for the government the coming year.
Miss Jennie Rasmussen was a guest at a large banquet given at Waldo Hall while in Corvallis.
Miss Pearl Chandler was out from Portland and spent a few days at home the latter part of the week.
Mr. W. W. Brock, "one of the boys," of Stella, Wn., was visiting C. D. Mason, during the holidays.
The Academy debating team lost to Pendleton on the Postal Savings' Bank question in a two to one decision.
Mr. Arthur Yoder, who was graduated in 1902, has just returned from the Philippine Islands, where he has been teaching for the past four years. He sailed from Manila March 22 and reached San Francisco April 19. Mr. Yoder had, before sailing, intended to return to the islands, but conditions have altered his plans.
Richard Frank Peters.
Richard Frank Peters of '05 was recently chosen as a member of the Ore-

gon law school debating team to represent the state against the University of Washington law school team at Seattle in May. Mr. Peters left a brilliant record along forensic and oratorical lines while at Pacific. He was twice a member of the victorious teams that won over the University of Oregon in 1904 and the University of Washington in 1905. He also carried off first honors in the state oratorical contest in 1904. Mr. Peters while a student at Pacific always took an active interest in student affairs and has worked to further the interests of his Alma Mater.
