

ENGLAND SAYS NO ALUM IN FOOD
and strictly prohibits the sale of alum baking powder—

So does France So does Germany

The sale of alum foods has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder, say plainly—ROYAL BAKING POWDER

and be sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.
