PACIFIC UNIVERSITY'S TRACK TEAM WINS FROM WILLAMETTE

Contest Close. Score 63 to 54. Reginald Robinson Carries off Most Points for P. U.

Before a grand-stand with few people the track team of Pacific University defeated Willamette in a close and hard fought contest by the score of 63 to 54. The day was ideal and some very good records were made. The half mile, won by Alexander Robinson in the exceptional fine time of 2.1 minutes, was a surprise to the wearers of the Orange. Holman Ferrin was in the best of form and captured first places in the pole vault and high jump. The Willamette men excelled in the weight events, taking all three places in the shot put. The mile run was one of the best races of the day, all competitors staying close to our famous miler, "Alex." Robinson who set the pace.

The results were as follows:
220-yard dash—Cummings (Willamette), Low (Willamette), Koch (Pacific); time, :24 1-5.
880-yard run—Robinson (Pacific), Forbes (Willamette), Abraham (Pacific); time, 2:01 3-5.
100-yard dash—Robinson (Pacific), Humphreys (Pacific), Belknap (Willamette); time, :10 4-5.
120-yard high hurdles—Robinson (Pacific), Lowe (Willamette), Belknap (Willamette); time, :18.
220-yard low hurdles—Lowe (Willamette), Mason (Pacific), R. Robinson (Pacific); time, :27 3-5.
1/2 mile run—A. Robinson (Pacific), Abraham (Pacific), Forbes (Willamette).

440-yard dash—Humphreys (Pacific), Reeves (Willamette), Mason (Pacific); time, :52.
Pole vault—Ferrin (Pacific), Poland (Willamette), Westley (Willamette); height, 9 feet, 9 inches.
Running broad jump—Humphreys (Pacific), Booth (Willamette), Cummings (Willamette); distance, 20 feet, 2 inches.
Shot put—Hornschuh (Willamette), Pierce (Willamette), Westley (Willamette); distance, 36 feet, 10 1/2 inches.
Discus—Mayfield (Pacific), Belknap (Willamette), Lawrence (Pacific); distance, 102 feet, 9 inches.
High jump—Ferrin (Pacific), Westley (Willamette), R. Robinson (Pacific); height, 5 feet, inches.
Hammer throw—Belknap (Willamette), Lawrence (Pacific), Nelson (Willamette); distance, 111 feet, 6 inches.

MISS FARNHAM IS DELEGATE.

Will go to Boston to Attend National Convention of the Womens' Federated Clubs.

Miss Mary F. Farnham has been appointed delegate by the Federated Womens' club of Oregon to represent this organization in the Biennial National Federated convention, which will be held in Boston June 22d. After attending meetings in Boston Miss Farnham will attend the centennial exercises of Bridgton Academy.

Miss Farnham was fitted at Bridgton Academy preparatory for her work at Mt. Holyoke. The late Cyrus Hamlin who was missionary to Constantinople and founder of Roberts College, was an early graduate of Bridgton Academy.

President M. E. Ingalls of the Big Four will deliver the centennial address.

The Star Drilling Machine Co.

is erecting a plant at PORTLAND, OREGON for the manufacture of their world famous PORTABLE WELL DRILLING MACHINES for water, oil, gas, etc., etc.

A moderate amount of money will start you in a profitable business.

STAR PORTABLE DRILLING MACHINES have been proved by Competitive Tests to be The Best in The World.

For full particulars regarding well drilling machines, tools, supplies, etc., write to THE STAR DRILLING MACHINE CO., PORTLAND, OREGON, AKRON, OHIO.

dress. After a short visit to her old home in South Bridgton, Maine, Miss Farnham will return to Boston for a few weeks' stay. Mrs. G. O. Rogers and son will accompany Miss Farnham on her trip.

UNIVERSITY OF WASHINGTON CONDUCTS SUMMER SCHOOL

Prominent Educators will be There—Prof. Chambers to be Stationed at Friday Harbor.

In the announcement of the Fifth Summer Session of the University of Washington appears the name of Prof. Chambers of Pacific University, in the faculty, along with a number of names from other outside institutions.

Among the most prominent of these are Dr. Wylie from the University of Iowa, Dr. Hart the historian, from Harvard, and Dr. Curry from the Boston School of Expression. They have in all some thirty teachers, mostly from the regular faculty. Last summer there were two hundred students in attendance.

Prof. Chambers will have classes at the marine station at Friday Harbor and will later assist in a biological and photographic survey of Puget Sound. For this work the station force is supplied by the state with a steam launch and other necessary equipment. They will make a tour of the Sound but will keep headquarters at the station which is located at a picturesque point in the heart of the beautiful San Juan Islands.

Puget Sound and vicinity is a splendid field for such work as will be carried on by Prof. Chambers. The shores of the island are rocky and tideswept with numerous indentations and channels.

Exploration below tide lines will be carried on by means of a steamer equipped with apparatus for dredging will bring to the surface the life of the deep sea.

Prof. Chambers had charge of the work carried on last summer by Willamette University at Newport and Yaquina Bay.

The Summer Session at Seattle, which lasts six weeks, begins June 22nd.

THE ASSEMBLING OF OLD ALUMNI

The Members of the First Graduating Classes to be Present at Commencement.

Commencement promises to be this year of unusual interest to students and friends of the University. All the living members of the first three graduating classes will be present, which will be a unique affair in the history of the institution. Forty-five years have passed since Harvey W. Scott a member of the first graduating class in 1863 received his A. B. degree.

The meeting of the Associate Alumni will be a leading feature of the program on Tuesday evening of Commencement week. The members of these three classes will take a prominent part in the Alumni meeting. These early graduates are men who occupy places of honor and prominence in our own state. They have been instrumental in shaping the state's history. Mr. Scott has remembered his Alma Mater and frequently contributes of his means which has made possible its growth. Besides Mr. Scott there will be Geo. H. Durham of Grants Pass and Edward B. Watson of Portland, both of the class of '66 are prominent lawyers. The class of '67 consists of the Hon. J. O. A. Bowley of Astoria, who is president of the Associate Alumni and a prominent attorney at that city. J. Ekannah Walker D. D. has been for over thirty years a missionary at Shaowu, China, and David Rafferty of the same class is a successful physician of Portland.

Rev. Luther R. Dyott D. D. will deliver the Commencement day address. Rev. Paul Rader of Portland will address the Christian Associations on Sunday evening. The closing exercises of Tuatlatin Academy will take place on Tuesday. Commencement exercises of the college will be held on Wednesday. Besides the regular Commencement Concert several recitals will be given.

President M. E. Ingalls of the Big Four will deliver the centennial address.

MISS LEISER GIVES RECITAL.

A Well Rendered Program by Conservatory Students. Miss Leiser Assisted by Miss Hoople.

Wednesday night, in the chapel,

Making Good.

There is no way of making lasting friends like "Making Good," and Doctor Pierce's medicine well exemplify this, and their friends after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Loss advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "boose," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are over afterwards in favor. Easy to take as candy—one to three doses. Much imitated but never equaled.

Miss Leah Leiser gave a piano recital, assisted by Miss Nell Hoople. Miss Leiser has been working for some months on her program and every number showed much careful preparation.

The first number, by Scarlati, was a very graceful and brilliant character, and was played exceptionally well. The rhythm and motion were strongly marked and the rapid passages were beautifully clear.

The Henselt number "If I were a bird" was one of her most popular numbers, and Miss Leiser's brilliant technique showed to great advantage in the rapid passages of chords.

The Hungarian Dance and Fruehlingensauschen were both greatly appreciated by the audience. The Chopin Etude is a very difficult selection and from a technical standpoint was perhaps as great a success as any number on the program. The phrasing was beautiful and the delicacy of expression was good.

The Fruehlingensauschen of Sinding was one of the most satisfactory numbers on a very artistic program. The soft melody spelling and dying away in the bass with the beautiful runs and arpeggios accompanying in the treble. Her interpretation showed true musical taste and a thorough appreciation of the tender beauty of the selection.

The final number was the heaviest thing on the program and required the most careful preparation. It was the "Old Norwegian Romance" by Grieg, composed for two pianos. Miss Hoople played at one piano and both pianists played with fine interpretation. It is a very long and dramatic composition and is one of the most ambitious of Grieg's piano works.

The recital was not a graduating program and Prof. Chapman, as well as Miss Leiser, is to be complimented on the exceptional work done by undergraduate pupils.

DRAMATIC STUDENTS WILL GIVE PLAY AT HEILIG

Trial Scene in Merchant of Venice and Our Boys Will Be Staged.

One of the most prominent features of the commencement program will be given by the students in the dramatic department. The performance will consist of a three act comedy "Our Boys" preceded by the Trial Scene from the "Merchant of Venice." The play "Our Boys" is a modern English comedy full of mirth provoking witticisms. The characters are distinct and offer splendid opportunities for good acting.

Those taking part are students who have had special training along this line of work.

While the plays will be entirely different from that given last year, they will be no less interesting and well given.

The proceeds of the performance will be applied on the gymnasium fund. Already nearly \$3,000 has been secured and we are sure that students and alumni will give the undertaking their hearty support.

Friday evening, June 12, the play will be given at the Heilig theater, Portland and on Monday, June 15, at Marsh Hall.
