JAPAN CHANGES TUNE.

New Cabinet Based on Army and Navy Retrenchments and Economies.

Tokio, July 15.—Marquis Katsura, leader of the progressive party, who was ordered by the emperor to reorganize the cabinet, has announced his appointments. Marquis Katsura will be both premier and minister of finance. Minister of War General M. Terauchi and Minister of the Navy Vice-Admiral M. Saito are to retain their seats in the new cabinet. Count Komura, now ambassador to England, is to be minister of foreign affairs, but until his return from England General Terauchi will act as head of the foreign ministry in connection with his duties as minister of war. Baron T. Hirata, formerly minister of agriculture and commerce, is named as minister of home affairs. M. Goto, president of the South Manchurian railway, is to be minister of communications. E. Komatsuhara, formerly vice-minister of home affairs, is to be minister of education. Viseount Okabe is minister of justice and K. Oura, formerly minister of communications, is to be minister of agriculture and commerce.

Baron Katsura has gathered most of the members of his former cabinet about him. The new cabinet is expected to inaugurate a policy of retrenchment in expenditures for the army and navy. The fact that Katsura is to be head of the ministry of finance as well as premier indicates that a careful watch is to be kept on the treasury. This new policy is in response to a general demand from the people of Japan.

STORM DAMAGE SLIGHT.

Heavy Rains at Heppner Cause No Serious Losses.

Heppner, Or., July 15.—Monday's heavy rain storm was not so serious as at first reported. Other than the destruction of four small bridges and the covering of lawns with sand and debris, the actual loss is very slight.

A foot of water covered the floor of the electric power plant at the mouth of Donaldson Canyon, wetting the belt and machinery, and the city was in darkness for the one night.

In Sand Hollow the hay crop was considerably damaged by the overflow of water, which covered the alfalfa with mud and laid it flat on the ground.

Lightning struck a barn belonging to R. F. Clark, who resides about 15 miles north of Heppner. Two horses were killed in the barn.

The O. R. & N. train was unable to go out yesterday morning, owing to drift which lodged on the track at Valentine, a small station near Lexington.

COAL SHORTAGE ALREADY.

Serious Situation Expected in British Columbia This Winter.

Vancouver, B. C., July 15.—According to a dispatch received here reports gathered from various parts of the prairie west outline a rather serious prospect in regard to the fuel supply for next winter. Following a serious shortage in the winter of 1906-7 coal dealers and the consuming public stocked up largely last summer, but the winter turned out so unusually mild that the need for these precautions was not apparent.

Railways last winter had abundant rolling stock owing to the light crop, and there was never anything approaching a famine in any district. This summer, however, the financial conditions forbid the dealers to carry large stocks and prevent consumers from laying in even an average supply ahead. At the same time it is already clear the railways will likely be blocked in an effort to handle the immense crop, and in a month or two a large coal movement will be physically impossible. If, therefore, a severe winter follows, the situation may become serious.

Sun Starts Fire.

Reno, Nev., July 15.—Damage caused by a celluloid comb in the window of Frank Golden's jewelry store is being repaired today. The heat of the sun's rays Sunday caused the comb to explode and set the place on fire. For several days the heat in Reno had been intense. Sunday it was hotter than usual. Frank Hall was looking into Golden's show window when he saw flames suddenly burst forth from one of the several celluloid combs which were on display. He gave the alarm, but the fire had done considerable damage.

Would be Candidates.

New York, July 15.—Local leaders of the Independence party announce that the national convention of the party, which has been called to meet in Chicago on July 27, will complete its business in two days. The Independence party leaders state there are four candidates in the field for president. They are: Howard S. Taylor, of Illinois; N. W. Howard, of Alabama; Thomas L. Hilsen, of Massachusetts; and Charles A. Walsh, of Iowa.

Will Attack Puerto Cortez.

Washington, July 15.—A dispatch received at the state department yesterday from Consul Brickwood, at Puerto Cortez, renews the report that an attack upon Puerto Cortez by revolutionists is imminent. General Lee Christmas is reported within a few hours' distance with a revolutionary force, and another force is on a small island 18 miles away.

Honey Anxious to Let Go.

San Diego, Cal., July 15.—Francis J. Honey, who has been making a brief visit in this city, addressed a large gathering here last night. In the course of his speech, referring to the San Francisco graft prosecutions, he said: "I liken myself to a man with his hand on a bear's tail. If anyone will help me let go I will never take hold of it again."

OREGON STATE ITEMS OF INTEREST

OREGON HAS SURPLUS.

State Treasurer's Report Shows Almost \$375,000 on Hand.

Salem.—State Treasurer Steele has issued his semi-annual report for the period ending June 30. It shows that \$642,726.02, or over half the state taxes, had been paid in up to the close of the report, which reemphasizes the good financial condition of the state generally. The tax on foreign insurance companies, being 2 per cent of their net premiums during the period covered by the report, amounted to \$60,039.01, and the state income for inheritance taxes totaled \$17,162.88, the largest amount ever collected in six months before.

Cash on hand in the several funds of the state, June 30, was \$374,203.92, as against \$116,377.08 at the close of the previous semi-annual term, January 1, 1908, and shows a gradual and healthy increase of the state funds in all departments over the same period of a year ago. The total amount of the income from the loan of the irrevocable school fund during the year closing June 30, from all sources, was \$227,792.07, of which amount \$5,169.94 was paid out in warrants, and \$119,100 was apportioned among the several counties in April of this year, leaving a balance of \$102,522.13 on hand, to be apportioned August 1. The cash on hand in the irrevocable school fund January 1, 1908, was \$293,281.60, and this has been increased to \$373,995.85 up to July 1.

The total amount of the irrevocable school fund, including outstanding first mortgage loans, school district bonds and certificates of sale of state lands, is \$4,953,204.92, and this will be increased to the \$5,000,000 mark before the close of the present year.

Continue Forestry Experiments.

Astoria.—Dr. Hawley, the forestry department expert, who has been here for several weeks experimenting with waste products of the mills and logging camps, has gone to Everett to conduct similar investigations, and from there will go to Vancouver. Later he will return to Astoria to complete his work here, and eventually will conduct experiments at Portland. The report of Dr. Hawley's work this far has been sent to the department in Washington and will be made public by it. After concluding his labors on this coast, Dr. Hawley will go to Montana to experiment with the waste products of the larch forests.

Heavy Yield of Good Wheat.

Pendleton.—Every bushel of wheat threshed in Umatilla county so far this season, according to reports which have reached this city, has made grade one when tested, and the reports from those portions of the county in which threshing has been carried on during the past week show that the yield is going to be much heavier than the most sanguine had hoped for. Many farmers are harvesting just as large crops as they ever did.

Better Telephone Service.

McMinnville.—Representatives of the DeWemyer-Waggoner company met with the directors of the McMinnville Local & Long Distance Telephone company last evening and announced active work to begin on the line connecting this city with the Home company in Portland. All poles necessary for construction have been purchased, and are being delivered along the line. Work is to begin at Sherwood, one crew working toward Portland and another in the direction of McMinnville.

Alfalfa Meal Mills.

Echo.—J. E. Murphy, of Portland, this week commenced the erection of a fireproof building, 32x60, and 18 feet to the eaves, of cement and steel, to be used for an alfalfa meal mill. The mill will have a capacity of 25 tons every 24 hours, and will cost, when completed, \$23,000. Mr. Murphy has leased the Henrietta mills, and will run them in connection with his alfalfa meal mill.

Fight High Insurance.

Astoria.—On account of the exorbitant rates for fire insurance that are being charged by the companies, a resolution has been adopted by the Astoria city council directing that an amendment to the city charter be submitted to the vote of the people in December, authorizing the city to make contracts with citizens to carry insurance on their property at cost.

Laying Rails on Northwestern.

Baker City.—Following the statement given out by officials a few weeks ago, the Northwestern railroad, which is building from Huntington north to Copperhill, on the Snake river, has begun laying steel. One mile in four hours is the record made by one steel gang, and there is considerable rivalry among the workmen to make a record in this department.

Silverton Mill to Resume.

Silverton.—After having been shut down about four weeks, the Silverton Lumber company's mill, in this city, is expected to start up this month. The company has received eastern orders for more than 60 cars of lumber, which will clean out the yards. The mill was shut down owing to temporarily unfavorable conditions of the market.

First Step for Fair.

Salem.—Frank A. Welch, secretary of the state board of agriculture, has taken up his office and headquarters at the fair grounds. It is the first step toward preparations for the annual state fair to be held in September. The grand stand and exhibition buildings are to be enlarged at once.

NO MORE DICTATION.

Cherry Growers in Marion County to Fight Canneries.

Salem.—Cherry growers in Marion county who are facing 3-cent prices are contemplating the organization of an additional cannery association. The Mutual Canning company, now under the absolute control of one man, is declared to have overreached itself in its efforts to compel the growers to submit to three-year contracts. In view of past experiences and the conditions confronting them this year, the fruit men are talking seriously of building a new cannery.

In Liberty precinct a number of growers have expressed their willingness to subscribe \$500 toward the erection of a cannery. Growers in other parts of the county are also realizing the necessity of concerted action if they desire to stay in the fruit business.

"Cherry growers and other small fruit men" said Fruit Inspector E. C. Armstrong "will lose enough this year to build a good cannery. I shall do everything in my power to assist the growers to organize an association that will remain a mutual organization, and I believe such a cannery can be built for less than \$10,000."

It will be impossible to erect a cannery this summer, but it is the plan to start in the fall. The Liberty growers' plan is to erect a cannery as a packing plant this summer, and next spring enlarge it and add the machinery necessary to take care of all the fruit that may be offered.

The Mutual Canning company is buying cherries at 3 cents a pound. The growers refused to sign the three-year contracts, but there is little hope of better prices from the cannery this year or next. In California the canneries are paying from 6 to 8 cents for the cherry crop and it is said the fruit will not compare with the Marion county product.

Gervais Oil Streets.

Gervais.—The streets of Gervais have been covered with crude oil by order of the city council, to keep down the dust. This is the third year oil has been used, and it has proven very beneficial. It is easy to apply and cheaper than water. There is no unpleasant smell, and the results are lasting. It is rarely ever applied more than once, although a second application would be desirable later in the season.

Money for Electric Line.

Astoria.—Over \$6,000 of the \$10,000 capital stock of the Oregon Coast Railway Company, the company that is being formed to secure rights of way and make surveys for the proposed electric railroad to Seaside and Tillamook, has been subscribed, and the stockholders will effect organization by the election of officers. As soon as this is done steps will be taken to make the surveys, and within the coming few days a force of men will be in the field.

R. F.D. for Echo.

Echo.—A petition has been sent to Washington, D. C., by the citizens of this section asking that a free rural mail delivery route be established. The names of nearly all of the farmers in this section of the county were secured on the petition. The proposed new route will take in all of the Buetter creek and Meadows country, and it will probably be established in the next four months.

Afflicted With Mosquitoes.

Rainier.—Rainier people are suffering inconvenience and pain from mosquitoes, which are here by the millions, due to the warm weather and the receding water. They are so troublesome at times as to be almost unbearable.

PANAMA ELECTIONS QUIET.

No Opposition Develops to Election of Senor Obaldia.

Panama, July 14.—The presidential elections throughout the Isthmus of Panama passed off Saturday without disturbance. Jose Domingo de Obaldia, formerly minister to the United States, and acting president during the absence of Dr. Amador, was elected president. The supporters of Ricardo Arias, who recently withdrew his candidacy, decided not to vote, and as a consequence no opponent to Senor Obaldia was placed in nomination.

Notwithstanding this a large number of voters registered their choice and demonstrated the overwhelming majority of Senor Obaldia's supporters.

From all parts of the republic news is received here that the elections were carried on in an orderly manner, and that Senor Obaldia received all the votes cast. At the conclusion of the balloting enthusiastic crowds, headed by a band of music, paraded the streets of Panama, cheering continuously for the newly elected president.

There appeared to be an absolute absence of ill-feeling between the former supporters of Senator Arias and the adherents of Senor Obaldia. Never before has such a friendly spirit been shown so quickly after an election.

NEW CHARGES FOR ADAMS.

Acquittal in Collins Case Means Re-arrest of Prisoner.

Grand Junction, Colo., July 14.—Introduction of evidence for the defense will begin today in the trial of Steve Adams, a member of the Western Federation of Miners, on the charge of murdering Arthur Collins, mine superintendent at Telluride.

Despite Judge Sprigg Shackelford's decision ruling out Adams' alleged confession of this murder, the end is not yet in sight in the cases growing out of the murders and mysterious disappearances that occurred during the troubles in the mining camps of Colorado. If Adams is acquitted he will be immediately re-arrested, charged either with the murder of Detective Lyte Gregory at Denver, or with having set off the bomb at the Independence depot at Cripple Creek, when 13 miners were killed.

According to the prosecution, Adams confessed to having had a hand in both these crimes in eight statements secured from him by Detective McPartland in the penitentiary at Boise, Idaho.

WALES COMES TO QUEBEC.

British Heir Apparent to Attend Celebration.

Quebec, Ont., July 14.—Quebec on the occasion this month of the tercentenary celebration of its founding, is planning a great historic and military pageant. The heir to the throne of the British Empire is coming to honor the memory of Canada's founder, Samuel de Champlain, and his official landing will be made a brilliant spectacle.

The dedication of the battlefield will be made the occasion for a military display on July 24. Thousands of soldiers will be mobilized from all parts of Canada, and a score of battleships and cruisers will be in port, representing the United States, England, France, Germany, Spain, Japan and the Argentine Republic.

Japs Don't Like Platform.

Tokio, July 14.—The news of the action of the Democratic national convention at Denver in including in its platform a plank favoring the exclusion from the United States of Asiatic laborers is taken here to be directed against Japanese, and is causing considerable surprise and displeasure. In some quarters indignation is expressed, and the declaration is made that such a course is an infringement on the treaty rights of Japan and opposed to the principle of humanity that should govern the relations of nations.

Watch Captors Fight.

Los Angeles, July 14.—Four Chinese, taken into custody a few moments after they had crossed the international boundary at Calexico, were witnesses of a revolver duel between their captors, Immigration Inspectors Ames and Handley, and a Mexican believed to have been their guide. After about 15 shots had been exchanged the Mexican disappeared at the edge of the irrigation canal marking the boundary, and it is possible he was drowned.

Rebels Beg for Amnesty.

London, July 14.—A special to the Daily Mail from Teheran says that Rachin Khan, who in command of a large force, including several batteries of quick-firers, entered Tariz a few days ago, is now bombarding the revolutionists, who are massed in the Khivana quarter. The latter, the dispatch says, have telegraphed to the shah begging that amnesty be granted.

Haytiens Show Hostility.

Paris, July 14.—Official advices received here from Port au Prince state that the situation there is becoming more and more disquieting since the burning of the French hospital. An outbreak is feared among the Haytiens, who are showing hostility to foreigners. The French cruiser Chasseloup-Laubat is the only warship in the harbor.

Independence for Corea.

Denver, July 14.—Coreans coming from all parts of the world will meet in convention in this city to discuss measures for making Corea independent. There are only 36 delegates, but they are men of high education and absolute devotion to their cause.

BRYAN NOMINATED

Result of Long and Enthusiastic Session at Denver.

CARRIES DAY ON FIRST BALLOT

Delegates Shout and Wave Flags for Over an Hour—Bryan Listens Over Long Distance.

Denver, Colo., July 10.—(3:45 A. M.)—William J. Bryan has just been nominated for president of the United States by the Democratic national convention. It was a sweeping victory, the vote being:

Table with 2 columns: Name and Votes. Bryan 892 1/2, Johnson 46, Gray 59 1/2, Not voting 8.

The nomination was immediately made unanimous, and at 3:40 A. M. the convention adjourned until 1 P. M. today.

The defeat of the "allies" was more than a defeat; it was a rout. After all their boasting of their ability to withhold from Bryan more than one-third of the vote on the first ballot and thus prevent his nomination without a struggle, all they could muster was a beggarly 10 1/2 votes out of a total of 1000.

New York remained silent as to its intention until the last moment, then cast its entire 78 votes under the unit rule for Bryan, after a poll in which Parker, Sheehan and Chairman Conners sullenly refused to respond.

The nomination was the closing scene of a night of the most delicious excitement ever witnessed even in a Democratic convention. The wait for the report of the committee on resolutions was prolonged until midnight, and after an hour of freeloance oratory the delegates decided to get the agony of nominating speeches over as soon as possible. They therefore suspended the rules and called for nominations before the platform was reported.

I. L. Dunne, of Omaha, electrified the convention with a lurid panegyric on the Commoner, and at its conclusion every Bryan delegation joined in a most tumultuous outburst of enthusiasm. They tore the state standards from their fastenings and marched around the hall, beating drums, blowing horns, clashing cymbals, bearing down every person who came in their way, women included. They massed the standards around the speaker's stand, and waved them so recklessly that they tore the decorative eagles from their perches.

This din continued to rise and fall by turns for an hour and 14 minutes in a vast building packed so densely with humanity that it was impossible for any person in the galleries to move in his seat and with many of the aisles and doorways jammed so that ingress or egress was impossible. A lesser demonstration greeted the nomination of Governor Johnson, of Minnesota, by Winfield Scott Hammond. On an ordinary occasion this demonstration would have been considered very much out of the common, for it continued for 14 minutes, and the cheers and yells made up in earnestness what they lacked in volume.

Judge Gray's name was greeted with a spasmodic outburst of cheering from the scattered delegations which supported him, but by this time everybody was too much exhausted for any prolonged demonstration. The adoption of the platform was marked by an outbreak of decided ill-feeling. A resolution in favor of the celebration of the centenary of Abraham Lincoln's birth had been declared carried unanimously, when I. L. Straub, of Maryland, attempted to offer an amendment. His voice was drowned by hoots, and when later, in seconding the nomination of Bryan he tried to explain his intention to move the addition of the name of R. E. Lee to the resolution, he was howled down so furiously that he was forced to abandon the attempt to make a speech.

Bryan Heard It All. Fairview, Lincoln, Neb., July 10.—W. J. Bryan, in the midst of his family and one or two close friends, tonight listened by the telephone to the wild demonstration which interrupted the speech of I. J. Dunn, nominating him as the democratic candidate for president. He heard the voice of Sergeant-at-Arms Martin the music of bands and voices raised in song. By the magic of electricity and refined acoustics he was a part of the convention. A great local celebration will take place in this city tonight.

Roosevelt Gets 12 a Word.

New York, July 10.—The price Charles Scribner's Sons will pay President Roosevelt for his account of his hunting trip through the African jungles will be the highest ever given to an author for a work of similar length. Not only will the president receive a lump sum of between \$60,000 and \$75,000 for the serial privileges, but he will also get a high royalty on the book, into which the magazine articles will be incorporated.

New Rockefeller Baby.

Bar Harbor, Me., July 10.—Mrs. John D. Rockefeller, Jr., gave birth to a son late yesterday at the Rockefeller summer home here. This is the third child, the others being a boy and a girl.

Window Glass Goes Up.

Cleveland, July 10.—A raise of 10 and 20 per cent in the price of glass was decided upon by window glass manufacturers of the United States here yesterday.
