### Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Hemionus Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator, increases the normal activity of the entire reproductive system." He continues "in Helonias we have a medication which more fully answers the above mentioned than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is found which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; periodic or irregular menstruation; amenorrhoea (absence of menstruation) from or accompanying an atonic condition of the digestive organs and general (thin blood) habit; drainage of the uterus in the extreme lower part of the abdomen."

If more or less of the above symptoms are present in the female, can be better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all uterine conditions of general debility, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

### ON LAND OR SEA

your loved ones will always be with you if you carry their photographs with you. So if you are going away or they are the ones to go, bring them here to be PHOTOGRAPHED. Then when you are apart you can still look at their dear faces and imagine how glad you all will be to see each other again. We make a specialty of family group pictures.
