

Tires Set Quicker and Better

And Will Run Longer Without Loosening Than Is Possible When Set the Old Way. You Will Not Be Out the Use of Your Vehicle, as it Requires But a Few Minutes to Do the Work.

No Charred Surfaces to Wear Away and Loosed the Fire.

No Overdriving Wheels or Splitting Fellos or Cutting Out Too Much of the Rim.

The BROOKS Sets Them in a Mechanical and Scientific Way.

The BROOKS COLD TIRE SETTER compresses the metal cold. No steam and water-soaked fellos to shrink away and loosen the tire; to burnt paint to replace. It gives just the amount of dish required.

(The United States Government Finds the Cold Process the Best and has Adopted the BROOKS at the Shops of the U. S. Ports and the Department of the Interior.)

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. E. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them **Remedies of Known Composition.**

By this bold step Dr. Pierce has shown that he is not afraid to subject them to the closest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, a full liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing the **strongest possible terms**, each and every ingredient contained in Dr. Pierce's medicines. One of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolepsis, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

Dr. Hines and family are camping at the soda springs which are located on the Dr.'s ranch out at Gales Creek.

On Monday we were presented with a demijohn full of the water from the springs, and as we are an excellent judge of water, we are decided in pronouncing it first class. It would only take a trolley line up that way to make this one of the most noted summer resorts in the state, as the water has been analyzed and found to contain all the ingredients that go to make health, besides there is plenty of good fishing, mountain climbing et cetera, in the neighborhood to make it ideal.
