### PORTLAND DEFEATS PACIFIC.

One of the Worst Exhibitions of Football Ever Seen on Multnomah Field.—Score 4-0.

Had the dying gladiator been present at the exhibition of football put up by the Pacific aggregation on Multnomah field Thursday, he would surely have survived long enough to have taken the field himself. Let it be repeated, had he been in the death agonies, the spirit manifested by the defenders of old Pacific's goal line, would surely have wiped away those tears of anguish and spurred him to do something desperate. For a man of his fighting qualities could never have died, with the disgrace of 4-0 written upon his tomb.

It is no disgrace to be beaten fairly and squarely by a stronger team. But when a team is defeated 20-0 and then turns the scales, within three weeks to a 4-0 victory, something is radically wrong. Let it be said that it was not due to P. A.'s brilliant playing although they played far better than in the first game, but to Pacific's absolute failure to prove themselves men when the time came; to grasp an opportunity and make good.

Pacific's right half deserves more credit than the rest of the team combined. By constant cross bucks and off tackle runs Markham repeatedly advanced the ball. The field was so soft and muddy that end runs or forward passes were exceedingly dangerous. Norris, P. A.'s captain and right end, Cod and Summers played a plucky game, and kept Pacific from making goals.

Six times during the 40 minutes of play did Pacific get the ball within striking distance; and six times did they absolutely fail to put the ball across the line. The Academy advanced the ball on a forward Pass on an side kick and several line bucks. Pacific made the yardage a dozen times around ends, through the line and off tackles; and when the ball was just ready for the coveted goal the lads from Forest Grove "laid down in the harness" like a balky mule.

Pacific kicked off and P. A. failing to make yardage punted. Pacific ran the ball in 10 yards and then by P. A.'s 15 yard line. Here the ball was lost on downs. P. A. punted and again the ball was carried to the 20 yard line where a place kick by Ferrin failed. P. A. kicked out and the ball taken to P. A. 10 yard line and lost on a fumble. P. A. punted out of danger. By bucks and end runs the Academy was pushed back to the 2 foot line when time was called.

The second half was played more in the middle of the field. Fumbles and mixing of signals by P. U were the main features of this half. The ball was worked to P. A.'s 15 yard line and lost on downs. P. A. punted out and the ball falling short for Humyhey's catch was knocked into P. A.'s hands. By a clever forward pass and on side kick P. A. carried the ball to Pacific's 20 yard line where an easy drop kick by Hanser netted P. A. 4 points. Score P. A. 4, P. U. 0.

### Mr. Thompson's Address.

Hon. W. H. Thompson of Seattle, who is known throughout the West as an orator and poet, spoke to the assembled students and friends Wednesday on the subject of "Courage."

"Courage," said Mr. Thompson, "is the highest quality of man." He went on to show that the man of courage possessed all the other virtues and qualities that make for right living and success. It is the lack of courage that makes cowards and criminals of men. It is because the child lacks courage to tell the truth that he utters his first falsehood. Men fail every day because they have not the courage to

face adverse circumstances. The speaker said that Napoleon Bonaparte owed his remarkable success to his undaunted mental courage. Men admired and loved him while they feared him. As an example of great mental courage Napoleon's life has been of much value to mankind.

The greatest courage is that which dares to acknowledge a fault. The bravest soldier in battle is he who steels himself against being a coward and will die or endure any agony rather than let another know that he is afraid. This courage that makes life successful is the natural attribute of youth. It can and ought to be developed in order that we may make the best of our lives.

Mr. Thompson has a clear and earnest delivery; the inflection of his voice being particularly pleasing. His word pictures were clear and striking. The students appreciated the opportunity of hearing Mr. Thompson and were pleased with his address.

### Student Body Election.

Last Friday in Brighton Chapel was held the student body election of officers for the coming year. Two tickets were in the field—the Progressive and Constitutional. The vote cast was rather light. The counting of the ballots resulted in a decisive victory for the entire Progressive ticket.

The following officers were then elected for the coming year:

Vice President, Miss Jessie Hoge. Miss Hoge was the unanimous choice of the entire Student Body for this office.

Secretary, Miss Margaret Whealdon. Treasurer, Sumner Bryant.

### Hop Conditions.

Sunday's Journal says: "The publication of the final reports of the English government on this year's hop crop, was somewhat of a surprise to the trade. To the producer of hops in this state is offered some slight encouragement to hold his supplies for a better price. Transactions here during the past week while not on an extensive scale were more liberal than some of the growers believed.

"Shorts are making every effort to secure choice quality because a large per cent of their contracts were taken at high prices and brewers will not accept them this year when hops are so low unless quality is fully up to the contract. In order to get this shorts have been forced to bid higher prices in order to get the quality they needed.

"The big operators of last week, Klaber, Wolf & Netter Co., were scarcely in the market this week but according to Mr. Klaber, the firm's inactivity will not extend into the coming week. Mr. Klaber states that he intends getting into the market again as soon as he can take his old purchases in. There are many orders in the market at this time for good hops around 7½c and 8c a pound, the latter figure being the extreme top for confirmed sales, although there are reports of a slightly higher figure.

"It begins to look as if Washington will now become an active market, for McNeff Bros. yesterday started the ball rolling in the Yakima district by taking out about 400 bales that are said to be but the initial movement."
