P. U. SECOND TEAM WINS.

Snappy Game on Hard Fast Field. Score P. U. 5, P. H. S. 0.

Saturday afternoon, the second team of Pacific and Portland West Side High School met on the grid-iron and struggled manfully for forty minutes in the effort to put the ball across the goal line. It would be difficult to mention the stars of the game. In fact the second team was composed of stars. Both teams deserve especial praise for their plucky and clean playing. It was a clean game, only one penalty being inflicted.

For P. H. S. Capt. Smith played a heady game, and ran the team in good shape. Full-back Holden was the best ground-gainer for the visiting team.

In the second half he bucked the line for five and six yards at a time. Rightguard O'Neil was in every play, and stopped several line bucks by P. U.'s back field. For Pacific Capt. H. B. Ferrin was there with the goods every time. He also ran the team like a veteran and in a way that made the 5-0 possible. In a long quarter back run he clipped off 25 yards and made it all but possible for a second touch down.

Holmes made good yardage in spite of being in poor condition.

Brown played a sensational game, but one open to criticism. He made good but might have done better. Eastman is a comer and will make some one go for the first team. Silverman and Taylor held like a stone wall.

History of Music Club.

Last Monday evening the History of Music Club of the Conservatory held its second meeting in the parlors of Herrick Hall. Some twenty pupils and teachers listened to the paper given by Miss Leah Lieser. Her subject was the Ancient Music of the East. She spoke especially of the Chinese, Japanese, Indian and Egyptian music.

Miss Alice Sewell gave the instrumental numbers of the evening. She played one of Chopin's Etudes and the Intermezzo in octaves by Lischitzky which were very much enjoyed.

RHEUMATISM RECIPE.

Directions to Prepare Simple, yet Remarkable Home Mixture.

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

A Great Artist.

On completing a fine painting always puts his name at the bottom; he is proud of it and well he might be for it has taken time, labor, money and patience to produce it.

Likewise with good, honest, well tailored clothing. The Hoffman & Allen Co. are telling you something in their advertisement this week that will interest you: read it.

Industrial Notes.

Assistant Secretary J. E. Wilson, of the United States Department of the Interior, and Mr. W. M. Geddes of the Treasury Department, Washington, D. C., were guests at the Portland Commercial Club last Saturday. They are making a tour of the Northwest.

Hon J. W. Bailey, State Dairy and Food Commissioner, has been made chairman of the Season Ticket Sale of the Portland Country Club and Livestock Association for 1909. Mr. Bailey is determined that five thousand tickets, at \$5.00 each, must be sold before the close of the present year.

"The Fruit Grower," of St. Joseph, Missouri, has just issued a Homeseekers' Edition, which contains an extended report from all the fruit growing districts of the West, and no one state receives as much attention as Oregon. There is page after page of illustration and text, and every part of the state is given prominence. In fact, Oregon probably gets more attention than any other two states. This is true because the state is better organized, doing better advertising, has more good pictures and has learned how to present its resources and attractions better than any other state in the Union.

Here's a Few of Them.

Forest Grove Real Estate Co.'s office at The Bazaar next to P. O.

Advice to Teachers.

J. H. Ackerman, state superintendent of public instruction, in an address to 100 teachers at the Crook county institute said:

"I would advise every teacher when seeking a contract to teach in any school district in Oregon, first to ascertain the certain amount of the district's general school fund, 85 per cent of which under the law must be spent for instruction. I would further advise every Oregon teacher then to demand in his or her contract 85 per cent of this fund as salary; in other words, if the fund amounts to \$500, do not accept a penny less than \$425. Using these figures there are some school boards which deem it a smart trick to pay the teacher, say, \$400, turning the \$25 over and above, but within the lawful 85 per cent back into the general fund, thus lessening the taxes of the district just that much. This is a poor policy for both parties so next year demand the full 85 per cent or refuse to sign the contract."

Fourteen hundred school children of Humboldt county, Calif., have sent a petition to the U. S. government asking that the redwood groves be protected, and giving reasons based on their nature study.

A man in Andover, Mass., left \$500 for the support of an old fashioned spelling bee in his native town. The match is to be conducted annually and is to be under the charge of the school committee of the town.

Williams College claims the oldest living graduate of any college in the United State. He is Mr. William Rankin of the class of 1831. He is now 98 years of age, and his son is a professor in Princeton University.—Ex.
