

SAVE THIS, ANYWAY.

Put It in Some Safe Place, for It May Come in Handy Some Day.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe. Try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the Rheumatism by forcing the kidneys to filter and strain from the blood and system all uric acid and foul decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

COMMON SENSE

Lead most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the maker of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily proving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-over coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

CONNECTICUT FOR TAFT.

Carries State, but by Greatly Reduced Majority.

Hartford, Conn., Nov. 4.—Despite the efforts made to place Connecticut in the Democratic column, the state has given its vote to the Republican candidate. Mr. Taft's majority, however, fell far below that of Mr. Roosevelt four years ago. In that year the Republican candidate carried the state by 38,180.

Congressman Lilley has been elected governor by 5000, despite the opposition to him on account of the submarine boat matter, and the opposition to him in his own party. Five Republican congressmen have been elected, and the state legislature will be Republican.

The leaders of both parties in the state expressed great interest in the growth of the Socialist vote, which increased about 100 per cent.

Cannon Is Elected.

Chicago, Nov. 4.—Joseph G. Cannon will go back to the house from the Eighteenth district of this state. Returns from the Congressional elections all over the country have been received which insure the party that was just elected Taft to the Presidency a clean-cut working majority in the next House.

STILL "SOLID SOUTH"

The Usual Democratic Majorities Are Returned in Dixie.

St. Louis, Nov.—Missouri has reversed the Republican victory of 1904 and is again in the Democratic ranks by a large majority. St. Louis went Republican by a small majority. William S. Cowherd has been elected governor.

Texas.

Austin, Tex., Nov. 4.—William H. Taft did not make as good a showing in this state as President Roosevelt, who polled 51,242 votes in 1904. The vote this year is approximately as follows: Bryan, 220,000; Taft, 20,000. Thomas M. Campbell, Democrat, has been re-elected governor.

Georgia.

Atlanta, Ga., Nov. 4.—Georgia's thirteen electoral votes will be cast for William Jennings Bryan, and the state's representation will continue solidly Democratic. The state election was held in September. The Taft vote in this state fell 10,000 below that of Mr. Roosevelt.

Kentucky.

Louisville, Ky., Nov. 4.—Kentucky has gone Democratic by a large majority. The Republicans have lost two of their congressmen, giving the state now nine Democrats to two Republicans. There was no state election.

Florida.

Jacksonville, Fla., Nov. 4.—Albert W. Gilchrist, Democrat, has been elected governor of Florida, and the Democratic National ticket has carried the state by a majority of 25,000, the Republican vote showing a loss of 3000 since 1904.

South Carolina.

Charleston, S. C., Nov. 4.—The Republican party polled only 2000 of the 58,000 votes in this state, running behind the figures of four years ago. M. F. Ansel has been re-elected governor without opposition.

Virginia.

Richmond, Va., Nov. 4.—The Old Dominion is still safely within the Democratic ranks by a very large majority. The Republican vote shows a loss of 18,000 since 1904.

North Carolina.

Raleigh, N. C., Nov. 4.—The Democratic national ticket has carried North Carolina by a majority of 25,000, the total vote being 210,000. W. W. Kitchin has been elected governor.

Oklahoma.

Guthrie, Okla., Nov. 4.—The seven electoral votes of the new state, the first to be cast, will go to William Jennings Bryan, who received 79,000 of the state's 125,000 votes.

Alabama.

Montgomery, Ala., Nov. 4.—Bryan 90,000; Taft, 13,000, are the election figures in this state. Mr. Taft polled 9,472 fewer votes than Mr. Roosevelt did in 1904.

Arkansas.

Little Rock, Ark., Nov. 4.—Arkansas has given Mr. Bryan a majority of 30,000, an increase of 12,436 over the vote polled by Mr. Parker in 1904.

Tennessee.

Nashville, Tenn., Nov. 4.—Tennessee is still strongly Democratic by a majority of 80,000. The Republican vote of 1904 was greatly reduced.

Mississippi.

Jackson, Miss., Nov. 4.—Mississippi's ten electoral votes will go, as usual, to the Democratic candidate. There was no state election.

Louisiana.

New Orleans, Nov. 4.—As usual, Louisiana is solidly Democratic by a very large majority. There was no gubernatorial election.

MANAGER TALBOT RETURNS

Forest Grove Electric Line to Be Opened Nov. 15.

(Journal)

Armed with the approval of the syndicate controlling the road and with authority to expend \$600,000 on new equipment and extensions of the line next year, Guy W. Talbot, general manager of the Oregon Electric company, returned yesterday from New York, where he went two months ago.

Mr. Talbot went east primarily to talk over the railroad situation in Oregon with the owners of the Oregon Electric Railroad company. He has decided upon the rolling stock that will be needed next year, and has recommended to the board the construction of a line from Tigardville, on the Portland-Salem line to McMinnville. The extension of the Salem line as far as Albany may also be undertaken if traffic conditions this winter warrant early commencement of the work.

"We have eight new passenger coaches on the way from the shops of the Niles Car Manufacturing company, at Niles, Ohio, now," said Mr. Talbot, "and two full baggage and express cars. Next year I figure we will need 10 coaches and fifty freight cars, although the orders for these 60 cars have not yet been placed and will not be until the first of February, in all probability."

"We are authorized to spend more than \$600,000 the coming year, if conditions are found to warrant it. A part of this money will go for the line from Tigardville to McMinnville, which I have recommended building, but which will likewise not be decided definitely upon until February 1, when we can see how traffic on the lines now in operation works out."

"Also we are going to push work on the construction of the Hillsboro main line to Forest Grove and will revise the schedules on both the Hillsboro and Salem lines as soon as our new equipment arrives. We will run several limited trains daily between Salem and Portland, the limiteds to make the time in one hour and 40 minutes and the locals in two hours. Ballasting work that has been going on on our Salem line ever since the rails were laid has just been completed, and we have one of the fastest tracks in the west."

George B. Moffat of New York, president of the Oregon Electric, will reach Portland November 10 and will spend a week here, expecting to be in the city for the opening of the Forest Grove line which will be about November 15. Mr. Moffat will look over the lines and surveys of the road, and he will probably determine how soon work shall begin on the McMinnville line and on the proposed Salem to Albany extension. The company has spent \$3,000,000 without issuing a bond so far, but in case of the proposed extensions, including the extension of the McMinnville line to Corvallis and Eugene, some change in the policy of the road may become necessary.

While in the east Mr. Talbot attended the convention of American interurban companies at Atlantic City, where an unusually fine exhibit of equipment and track material was displayed. He inspected many new improvements, some of which will be put into use on the Oregon road, but says that of all the lines he inspected on his trip none was better and few were as good as the Portland-Salem line. The third rail is being used very little and is found expensive to operate. Roads that have gone about their construction work along railroad instead of street railroad principles have an enormous advantage over other lines, according to Mr. Talbot.

"I'm glad to get back to Oregon," said he, "and wouldn't live in the east if they would give the whole thing to me. Things look prosperous, and I think if everything is favorable with the road, the improvements and extensions under consideration will undoubtedly be made. The syndicate has approved of them, and will issue definite instructions within three months."

BACK GIVES OUT.

Plenty of Forest Grove Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

W. H. Morton, Third & Lincoln Sts., Hillsboro, Ore., says: "When I began using Doan's Kidney Pills, I was suffering from a weak back and a disordered condition of my kidneys. These organs were weak and I was forced to arise several times during the night on account of the too frequent action of the secretions. I was obliged to stoop and bend a great deal at my work, and when the pains across my back were at their height, I was hardly able to attend to my business. I read about Doan's Kidney Pills and seeing that they were so highly recommended, I procured a box. I am now feeling better than before in a long time and can say that Doan's Kidney Pills acted like magic in my case."

A Great Artist.

On completing a fine painting always puts his name at the bottom; he is proud of it and well he might be for it has taken time, labor, money and patience to produce it. Likewise with good, honest, well tailored clothing.

The Hoffman & Allen Co. are telling you something in their advertisement this week that will interest you: read it.

Eugene surprised the people of this entire country last year by raising a great advertising fund and paying a salary of \$5,000 annually for an expert. Up to last Saturday night there had been subscribed for the coming year \$13,661., to which will be added \$14,000, the total being more than a dollar and a half for every man, woman and child in the city, and this will be used in advertising the resources and advantages of Eugene and Lane Co. Eugene is determined to go ahead and doesn't mind a little thing like a national election. What other town of 10,000 people in Oregon, Washington or California can match this record?
