Not much real estate changing hands at present. People in Thatcher are holding on to their property expecting a good margin when the motor line arrives in Thatcher, which is a sure thing. We must and shall have it.
A road meeting was called at the Thatcher school house, Saturday, Dec. 5 at one p. m. This meeting was for the purpose of taking a vote on whether they should have more crushed rock this year or not. A five mill tax was voted. Thirty-one votes were cast, twenty-five for good roads and six

against. At the close of the meeting E. J. Bonshu, one of the school directors, made a motion that J. Byers pay the school janitor one dollar out of the road fund for cleaning the school house. After which the meeting adjourned.

President E. J. Ross of the Washington State Dairymen's Association, and numerous other members of that organization will participate in the convention of the Oregon State Dairy Association in Salem Thursday and Friday of this week. Electric power has been installed in the exhibit hall for working exhibits, and handsome cups are to be given as prizes, appropriately engraved, and assurance of dairy and creamery exhibits are coming to the secretary daily. Salem people have arranged a splendid reception for their guests. Oregon dairymen will be well represented at the Washington meeting in Chehalis next week.

Among sportsmen there appears to be in various sections of the state a demand for a bounty on cougars because these animals threaten to exterminate the deer among Oregon hills. Residents along the Wilson river have at various times argued that a bounty ought to be placed on these animals and a similar opinion is entertained by the sportsmen of Linn county. Whether the legislature will take steps at the next session to place a bounty on cougars will in a measure depend on the general attitude of the hunters of the state.

The W. C. T. U. has subscribed for a copy of each of the following papers, to be placed in the free reading room for the coming year: Union Signal, National Prohibition paper and Monthly Crusader.

Oregon and Washington were each given a hearing before President Roosevelt's Commission on Country Life, and expressed themselves as more than pleased with the co-operation they received in these two states. They were particularly fortunate in being enabled to meet the leading horticulturists on account of numerous fruit meetings at this season. The whole country is awaiting the Commission's report with genuine interest.

The case of the State of Oregon vs. W. H. Adams charged with an assault with a dangerous weapon, went to the jury yesterday and a verdict is expected some time today.

Dr. and Mrs. Chas. Hines entertained a few friends at cards last evening.
