### QUESTION FOR DEBATE RECEIVED

Last Friday, H. E. Ferrin, secretary of the Debate Council received a telegram from Corvallis stating the question which will be debated by the two schools April 15th or sooner. The question as stated is "Resolved, that the U. S. should adopt a policy of ship subsidy." Although this question may seem somewhat worn from the number of times it has been debated in the last few years, it is still a subject which demands the attention of the citizens of the country. The abundance of material on both sides of the question ought to assure an interesting and instructive debate. It is our place to choose the side of the question we prefer and that will soon be announced. The tryout will be held in about three weeks and those who expect to enter have been handing their names to the secretary today.
