### Gettin' Spring Fever

With the first nice sunshiny day of spring, the world looks bright and the birds all sing; the air is laden with sweet perfume and the hearts of the people are singing in tune. It's the season of promise, and beauty, and joy, and your mind takes you back to when you were a boy; you played "hooky" from school and spent the hours fishin', or stretched out on the grass, just dreamin', er wishin'. Here, wake up, old man, you wouldn't exchange your present good home for the Rocky range, and you musn't forget your wife's request—to get her Chi-Namel; she says it's best. Best for what? Why, everybody knows it is the best varnish to use for refinishing old floors, furniture or wood work and best for the interior of new buildings. All colors and all size packages. Sold by Mertz & Latta.
