Young Christiansen, though only in this country a year from Germany, speaks the english like one to the manner born.

Notice to The Public

I have purchased the Flour and Feed business of R. A. Phelps in Forest Grove. I take this means of introducing myself to you; my name is T. J. O. Thacher, called "T. J. O." for short.

Among the changes I have made in the store is the introduc-tion of a "FREE REST ROOM". This room is designed for the use of farmers' wives and daughters coming to town. It is equipped with wash bowl and towels, look-ing glass, whisk brooms, sofa, chairs stove and everything for the women folks who have ridden through the dust and dirt to town that they may make themselves presentable for their shopping. I hope the women will make use of it and enjoy it as much as I have in fixing it up.

I have a lot of wagons and farming implements which I will sell AT COST as I am going out of that branch of the business, but I shall keep Flour, Feed and everything in that line. I hope you will call and get acquainted with me.

Yours Respectfully,
T. J. O. THACHER.

New Bridge is Fine Structure

The bridge across the Willa-mette river at Oswego, over which the Southern Pacific trains pass-ing this city cross, is one of the best built bridges in the west. The bridge was built by G. W. Boschke, chief engineer of the Harriman lines, and is eighty feet above the river, which allows any upper river boat to pass under at any stage of the water. It has two stone piers and three 300-foot spans, and was erected at a cost of \$350,000. Mr. Boschke says the bridge is strong enough to re-sist any force. It is constructed of steel and carries a single track. The line approaching this bridge is known as the Beaverton-Will-sburg cut-off, and in place of run-ning along Fourth street, Forest Grove passenger trains now run over the railroad bridge and across the Oswego bridge. The first pas-senger train ran across this new bridge July seventeenth.

What Will YOU Do At 50?

Have you ever thought what will become of you when your earning capacity is waning?

At 50 will you still be working for a low wage or enjoying a good income?

That depends upon what you are doing NOW to secure the training that will steadily advance you in position and salary during the coming years. Only training will put you in the income class.

To learn how you can receive this training without giving up your present occupation, let the International Correspondence Schools advise you. All you have to do is to mark the coupon as directed and mail it today. There is no charge for this advice. No matter who you are or what your present occupation is, the I. C. S. has a way of helping you. It is an institution of experts—experts in helping poorly paid men succeed. Only your spare time in your own home is required. You do not lose an hour of work or a dollar of pay. This coupon is the greatest opportunity in the world for you to secure a happy, prosperous, and successful life, for it is an opportunity offered by an institu-tion backed with a capital of six million dollars, whose sole busi-ness for 17 years has been to pro-vide ambitious men and women with salary raising training.

Don't neglect practical opportuni-ties for promotion. Mark and mail the coupon NOW.

INTERNATIONAL CORRESPONDENCE SCHOOLS

Please explain, without further obligation on my part, how I can qualify for a larger salary and advancement to the position before which I have marked X.
