### What Chi-Namel Varnish Will Stand

Every woman who looks at the faded and scuffed appearance of her living room floor and furniture, has reason to wish that varnish was not such a delicate thing.

Her wish could be gratified and a load of care taken off her mind if she were to have the entire woodwork (house, furniture and all) coated with my pure unadulterated varnish.

Water will not hurt it.

Heel nails will not scratch it.

A blow from a sledge hammer will not make it powder off or turn white. Geo. G. Paterson can furnish the proof; call at his store. CHI-NAMEL.
