Knowledge.

Knowledge is an excellent drug, but no drug has virtue enough to preserve itself from corruption and decay if the vessel be tainted and impure wherein it is put to keep. Such a one may have a slight clear and good enough, who looks aquint, but consequently sees what is good, but does not follow it, and sees knowledge, but makes no use of it.—Montaigne

A Morning Spat.
She (angrily)—I can stand this no longer; you're utterly unbearable, and I'm going back to mother this very day!
He (coolly)—Very well, that arrangement will suit me exactly; I'll see you this evening. I met your mother yesterday and she invited me to take supper with her tonight.

A Failure.
"Well, old man, have you found that marriage is a success?"
"Nope, I have found that it is a failure."
"Why, how's that?"
"My father-in-law says I must go to work."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

An Irresponsible Client.
The lawyer of a man named Tembornino, who was being tried for theft in the Paris courts recently, pleaded that Tembornino was not quite accountable for his actions. This defense made the prisoner so angry that he leaned over the dock and knocked his lawyer flat on the floor of the court. The lawyer was not much hurt and rising to his feet, made use of his client's violence so cleverly that he secured an acquittal.

Diamond Will Indent Steel.
While the diamond is the hardest substance known it is also brittle and may be fractured by a blow. But if it is placed between two hard steel faces in a hydraulic press and a slowly accelerating pressure applied the hard steel will become indented.

SOUR STOMACH

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

WILDEST ON EARTH.

Pendleton Show to Eclipse Anything Ever Attempted in West.

Pendleton—Deputy District Attorney Frederick Steiwer, of Umatilla county, formerly a well known athlete at the University of Oregon, who is chairman of the committee on competitive events for "The Round-Up," which is to be given in this city September 29, 30 and October 1, has drawn up a provisional draft of the events for the big frontier show, and from that it is evident that the exhibition here will be the wildest western show ever pulled off in the Northwest. The list includes bucking contests, steer roping contests, relay races, men's and women's, and pony express races lasting over three days, wild horse races, wild mule races, wild steer races, tug-o-war on horseback, slow mule races, Indian pony races, fancy and trick shooting, hat races, horseback pistol contest, fancy roping and bulldozing of steers. Other events will be added from time to time as the committee completes arrangements, and for all of them purses will be hung up for the winners, who will receive in addition the title of all-Northwest champion. Besides the competitive events there will be Indian war dances, military spectacles, parades and cowboy band concerts.

FARMERS PLANT FRUIT.

Apples and Pears on Commercial Scale Popular Near Weston.

Weston—Farmers in the mountain country adjacent to Weston are preparing to plant commercial orchards, and 30 or more have contracted for trees. Visiting experts have pronounced the mountain soil to be well adapted for winter apples and pears without irrigation, and each of the farmers interested will plant from one to ten acres of these fruits this fall. Small orchards have been tried heretofore, but received no attention and frequently contained a score of different varieties. One or two standard commercial varieties will now be planted by each farmer, and the young trees will receive thorough care and cultivation.

Since interest in fruit culture has been aroused in the past few weeks many fine specimens of mountain pears and apples, raised on a few thrifty trees, have been brought to town for display. J. R. Beaton exhibits two apples weighing three pounds.

DELEGATES ARE NAMED.

Representatives to Farmers' Convention Get Credentials.

Salem—Delegates to the Farmers' National congress to be held at Lincoln, Neb., commencing October 6, and to the American Mining congress, to be held at Los Angeles, Cal., from September 26 to October 1, were named by Acting Governor Jay Bowerman. The delegates to the Farmers' congress are as follows: Austin T. Buxton, Forest Grove; B. C. Leedy, Corvallis; Fred Crane, Cleone; C. D. Huffman, La Grande; A. T. Shoemaker, Salem; A. A. Bonney, Tygh Valley; A. I. Maison, Hood River; J. Edwin Johnson, Vale; B. F. Laughlin, Yamhill; C. L. Shaw, Albany; T. E. Griffith, Klamath Falls; C. L. Griffith, McCoy; W. D. Barnes, Laidlaw; C. N. Wheeler, Pleasant Hill; W. P. Kirham, Oregon City. Delegates to the Mining congress are: W. T. Wright, Roseburg; J. S. Day, Olalla.

Rush Work on Cut-off.

Klamath Falls—Construction is being pushed on the Klamath Falls-Natron line, but no construction is being done by the Oregon Trunk in Klamath county. Surveyors are at work in the Wood river valley and vicinity. No locations for the line from the head of the Upper Klamath lake to Klamath Falls have been made. It is believed that the road will be built so that the vast timber holdings of the Weyerhaeuser company can be tapped. These holdings are on both sides of the Upper Klamath lake. The branch line to Medford will be the first to be built, as most of the contracts for this have already been let, and supplies are being drawn to some extent from this valley.

Investigate Log Stealing.
Astoria—Prosecuting Attorney John I. O'Phelan, of Pacific county, Washington, is investigating a wholesale system of log theft in which several prominent business men of North Beach are said to be connected. During the past several months, Mr. O'Phelan states, logs to the amount of more than \$5,000 have been missing.

Good Yield of Clover Seed.

Albany—J. A. Jones, who had 31 acres of red clover from which he took seed harvested 252 bushels, or a trifle more than eight bushels per acre.

STATE BUYS PHEASANTS.

Birds Will Be Liberated by Game Warden Stevenson.

Corvallis—R. O. Stevenson, state game warden, has purchased 100 pairs of Reeves pheasants of Gene Simpson at \$15 per pair and will liberate them in sections of the state showing the least number of violations of the game laws. This week four pairs will be sent to each of the following and liberated by them: Bob Hughes, eight miles south of Corvallis; C. B. Gay, Medford; Eugene Wright, Grants Pass; J. D. Wilson, Yoncalla; Philip Ritter, Albany; Paul Houser, Salem.

Others will be liberated later when suitable localities have been found and where the assurance is given that they will be properly protected.

Reeves pheasants are the largest of the pheasant family and have proved a great game bird in England, but so far as known Oregon is the first state to stock up with this variety, just as it was the first to plant the China ring-neck, which has been so prolific in its propagation. Many of the states have been wasting their money on the Hungarian partridge.

The pheasants just bought are paid for out of the general game fund, of which there is now \$50,000 on hand. Mr. Stevenson gives it out as his intention to spend a portion of this money in an effort to restock the fields and streams.

LAND WILL YIELD OIL.

Five Drills Are Boring Fields of Eastern Oregon.

Vale—Walter S. Martin, one of the owners of the Eastern Oregon Land company, and whose home is in San Francisco, is in Vale for the purpose of looking into the development of his vast holdings in Malheur county, which will eventually lead into the placing of his acreage on the market. Demonstration farms are being established in the Cow valley country and dry farming is proving successful. Grain will this year yield from 25 to 40 bushels to the acre. Some of the corn stands over six feet high. Mr. Martin is greatly interested in the Vale oil fields and is looking over the five different wells now being drilled. He is pleased with the prospects.

PRACTICE ILLEGALLY

Itinerant Opticians Work Rural Districts Without State License.

The Oregon State Board of Examiners in Optometry will pay a reward of \$25 to anyone causing the arrest and conviction of any person or persons testing eyes and selling glasses who do not hold a certificate issued to them by the Board of Examiners. It is not alone necessary for them to possess their certificate, but it must be registered with and countersigned by the Clerk of the court, in each county where the holder practices. The public in general is hereby warned not to patronize anyone not holding such certificate, as in the strict letter of the law they are accessory to the illegal practice and will at least be called upon to go into court and testify as witnesses against the persons violating the law. For further particulars address H. W. Barr, Sec., State Board of Examiners of Optometry, Salem, Ore.

Alfalfa Juice a Curative.

Alfalfa, hitherto holder of a plebeian place in the food scheme, is destined to become a comprehensive medicative and remedial agent that will put all others in the shade, according to Dr. Marlan N. Clark, who announces the discovery of remarkable curative powers in the plant and blossoms. Her idea, already carried out on a small scale and suggested by the methol industry, is to electrolyze the alfalfa and condense its healing elements to vest pocket size—a haystack of medicine in a tiny tablet. Dr. Clark recounts many instances of curing with the condensed alfalfa juice many nervous ailments, from D. T.'s to that tired feeling. One of these was the aggravated case of a Reno sport who bet on Jeffries and drowned his sorrow in so many tall ones that the cobs came to get him. The condensed hay expert beat 'em to it, and cured the victim so effectively that now he shudders at sight of even a dog, if the dog is a growler. Tobacco chewing, gloomy thoughts of suicide, insomnia, and a host of other undesirable things fade away like the mists of the morning under the soothing influence of a few forkfuls of alfalfa bunched up into a tablet.

Almond Ice Cream.

One quart of cream, eight ounces of sugar, four ounces of shelled almonds, one teaspoonful of caramel, one tablespoonful of vanilla extract and four tablespoonfuls of sherry wine. Blanch and roast the almonds, then pound in a mortar to a smooth paste. Put half the cream and the sugar on to boil; stir until the sugar is dissolved, then add the remaining pint of cream and the almonds; stand away to cool; when cold add the caramel, vanilla and sherry. Freeze and pack.

Watermelon Sweet Pickles.

Layer of grape leaves, layer of rind; sprinkle teaspoonful of alum, cover with water, and let simmer on stove until clear. Set aside to cool. To one pound of rind take one pound of sugar, one-half pint vinegar, six cloves, four sticks of cinnamon, and a small piece of white ginger root. Boil rind and sirup 30 minutes and can while hot.

How He Did It.

"Well, I have been 20 years trying to get into the house late at night without waking my wife, and last night I succeeded."

"Yes, I heard she was away at the shore for the summer."

Tough Luck.

Warden—You'll get six months for this job.

Prisoner—Just my blooming luck. Only had my hair on last night. Three-piece chucked away, as you might say.—Illustrated Bits.

New Potato Hint.

Don't stain your fingers scraping new potatoes. Put in cold water for a few minutes, then rub with a small piece of burlap or coarse cloth, which removes every particle of skin.

For Mixing Concrete.

For mixing concrete a spade has been invented with long, oval holes in the blade, the perforations allowing the finer cement to flow through and give the face a finer finish.

A Hair Dressing

If you wish a high-class hair dressing, we are sure Ayer's Hair Vigor, new improved formula, will greatly please you. It keeps the hair soft and smooth, makes it look rich and luxuriant, prevents splitting at the ends. And it keeps the scalp free from dandruff.

Does not change the color of the hair.

Formula with each bottle Show it to your doctor. Ask him about it, then do as he says.

At the same time the new Ayer's Hair Vigor is a strong hair tonic, promoting the growth of the hair, keeping all the tissues of the hair and scalp in a healthy condition. The hair stops falling, dandruff disappears. A splendid dressing.—Made by the J. C. Ayer Co., Lowell, Mass.
