**Peculiar Rose in English Garden.**  
 Mr. William Twiddle of Stanhope, England, has growing in his garden a novelty in the shape of a heliotrope moss rose. Gardeners declare that they have never before seen or heard of a moss rose of that color. The bush, which stands four feet high, contains about a dozen buds, besides two or three roses in full bloom.

# Hood's Sarsaparilla

Cures all humors, catarrh and rheumatism, restores that tired feeling, restores the appetite, cures paleness, nervousness, builds up the whole system.  
 Get it today in usual liquid form or chocolate tablets called **Sarsatabs.**

**Good Artificial Marble.**  
 They are now making artificial marble with much success in Sicily. The manufactory is in the shadow of Mount Etna and there common blocks of sandstone are put in a tank containing volcanic asphalt and coal tar and boiled for 84 hours. The stones are then taken out and polished and it is said that it takes an expert to tell them from black marble.

**HOWARD BURTON**—Assayer and Chemist, Leadville, Colorado. Specimens priced: Gold, Silver, Lead, B. Gold, Silver, Tin; Gold, 50c; Zinc or Copper, 25c. Mailing envelopes and full price list sent on application. Control and Empire work solicited. Reference: Carbonate National Bank.

 Porcelain Crowns.....\$3.50 to \$5.00  
 Gold or Porcelain Fillings.....\$1.00 to \$1.50  
 Silver Fillings.....50c to \$1.00  
 Root Plate Made.....\$1.00  
 No charges for Painless Extracting when other work is done. 15 years' guarantee with all work.  
 Hours, 8 a. m. to 8 p. m. 221½ Morrison Street.

**Lots of Fun.**  
 The sweet little sole sister of a large family was asked if she didn't have a lot of fun with the big brothers who were at once her slaves and tyrants, her adoring and adored. "Yes'm," came the surprising response, accompanied by a seraphic smile, "we have lots of fun always. Sometimes," the wide eyes waxing fascinatingly reminiscent and dreamy, "sometimes they fight me, an' sometimes I fight them!"

**Humor in Signs.**  
 A New York shop exhibits a card warning everybody against unscrupulous persons "who infringe our title to deceive the public." The shopman does not quite say what he means, any more than the proprietor of an eating house, on the door of which may be read the following announcement, conveying fearful intelligence to the gallant tars who frequent port: "Sailors' vitals cooked here."

**The Cost of a Soul.**  
 A recent query sent out as to the cost of saving a soul in Chicago brought some interesting answers. It was found that the Mormons figured on spending \$1,500 for every person converted, whereas the Volunteers of America set the cost as low as \$5. These were the highest and lowest prices named.

**Pettit's Eye Salve for 25c.**  
 Relieves tired eyes, quickly stops eye aches, congested, inflamed and common sore eyes. All druggists or Howard Bros., Buffalo, N. Y.

**Helping Her Out.**  
 "Have you a young chicken? I am rather green at cooking."  
 "Such being the case, madam, don't you think you'd better have an old, experienced fowl?"—*Courier Journal.*

**Our War.**  
 The war we wage must be waged against misconduct, against wrongdoing wherever it is found; and we must stand heartily for the rights of every decent man, whether he be a man of great wealth or a man who earns a livelihood as a wage worker or a tiller of the soil.—*Theodore Roosevelt.*

They are positively the most economical shoes for you to buy. W. L. Douglas name and the retail price are stamped on the bottom—value guaranteed.  
**TAKE NO SUBSTITUTE!** If your dealer cannot supply you write for Mail Order Catalogue.  
**W. L. DOUGLAS, Brockton, Mass.**

# INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

**CRANBERRY YIELD BIG.**  
 Profit of \$2 a Bushel Shown After Picking and Packing.

Marshfield—The harvest of the cranberry crop in Coos county is nearly over and the yield this year is big. One small patch yielded cranberries at the rate of almost \$5,000 an acre. This was on the McFarland place. It was 6 feet long and 10 feet wide and from it were taken six bushels of cranberries. If an entire acre was covered with vines yielding at the same rate the acre would produce 1,633 bushels. The berries sell for \$3 a bushel this year and this would be a yield of \$4,899. It costs for harvesting and for boxes a little less than \$1 a bushel.

The average of all of the cranberry marshes in this locality this year will be about 400 bushels an acre. Allowing \$1 a bushel for picking and packing, this gives the grower a profit of \$800 an acre.  
 Nearly all of the cranberry marshes are along North slough, tributary to the bay, and there are hundreds of acres available which have not been set out. The land must be of a peat formation. The heavy bottom lands will not do. Land which is made of decomposed vegetable matter, such as is found in the old beds of lakes, is the only kind adaptable in this part of the state. It must be of such a nature that the water will drain through. In addition to the necessity of having a certain kind of soil there must be available a quantity of fresh water so situated that it can be controlled and the marsh flooded when desired.

The ground must be especially prepared and made level and sanded. The expense is not so much in securing the plants and setting them out as it is in the preparation of the soil. The marshes can be started at a cost of about \$150 an acre if the grower understands his business. Then it is four years before a good crop is secured. The plants live for years if tended.

**WHEAT FREE FROM SMUT.**  
 Most Successful Harvest in Years is Now Drawing to Close.

Pendleton—Probably the most successful harvest season Umatilla county has ever had is being brought to a close. In those parts of the wheat belt where harvesting is done by means of the combine, harvest was over some time ago. The season was shorter by several days than any other ever experienced in this part of the state. This was probably due principally to the fact that there were from 30 to 40 new combine harvesters and several new headers to assist in caring for the crop. One Pendleton dealer alone sold 29 combines. A second cause for a short harvest was the ideal weather. There was but one shower during the entire season.

A third cause was the substituting in not a few instances of the steam and gasoline engines for the 20 to 30-horse teams on the combines.  
 There has not been a season in recent years when the growers had to contend with so little smut. The quality of the grain has been of the best and some phenomenal yields have been reported.

Early season estimates of 5,000,000 bushels for the county have been exceeded. Other authorities say the country's crop fell short of the 5,000,000 mark.  
 Fully half the crop has already been sold. The greater part of the wheat sold brought in the vicinity of 80 cents.

**FALL WHEAT TO BE TRIED.**

**Upper Klamath Farmers Dissatisfied With Spring-Sown Wheat.**

Klamath Falls—That the farmers of the Upper Klamath country have come to the conclusion that they must resort to some other method to make a success of wheat raising, other than sowing in the spring, is shown by the fact that a dozen of the largest farmers are banding together and sending away for fall seed wheat with which to make a test the coming season. They intend to sow several acres of fall wheat and give it a thorough test.

That the farmers cannot successfully grow spring sown grain in the Upper Klamath country one year after another has been demonstrated. With an unusually wet season spring grain will make good yields, but with a dry season it is invariably short and the yield is hardly worth harvesting.

**\$40,000 Building at Medford**  
 Medford—Work has been begun on the two-story \$40,000 concrete and brick block at Main and Riverside avenue by contractor R. J. Stewart, and is to be completed by the middle of January. This building will be 75x100 feet in dimensions. The lower floor will be used as a store room and the upper floor will contain a number of office rooms. J. M. Root and San Francisco associates are financing the structure.

**MEDFORD PEARS COSTLY.**  
 Eastern Shipments Bring Good Prices for Carloads.

Medford—One hundred and forty-one cars of Bartlett and other early pears have been shipped from Medford to date. The average price received has ranged from \$2.40 a box to \$3.60, which is the price that John G. Gore received for a car load of Bartletts in Chicago.

This price beat by 27 cents the returns that the Burrell orchard received at New York earlier in the season for a car, which for a time held the blue ribbon as to banner prices of the year. Of the cars that were shipped from Medford the Rogue River Fruit & Produce association shipped 78, the Burrell orchard 47, John G. Gore 11, Hill Crest 18, Bear Creek 7, Hall 2 and Allen 2.

John G. Gore's prices averaged \$2.70 a box; those of the Burrell orchard \$2.55 each, those shipped by the Rogue River Fruit & Produce association \$2.50 each, and the Bear Creek orchard \$2.68 per box.

It cost growers from 70 cents to \$1 to ship and market and about 50 cents to produce a box of pears.

The prices this year were lower than last year because the crop was two weeks earlier in ripening and thus was thrown into the market before the California season was over. Comice, Howells and d'Anjou pears are now being shipped. The Bosc and Winter Nellis are yet to be picked.

**University Opens.**  
 University of Oregon, Eugene—The State University opened its doors to incoming students Sept. 20, and from all indications it is entering upon the most prosperous year within its history. The first of the registration days was set aside for the first-year students and a total of 287 filed their registration certificates. Practically all of these are freshmen and an unusually large proportion of them are from Portland and Multnomah county.

Students will continue to register throughout the week, as many are late returning.

A. R. Tiffany, registrar, predicts that the registration this year will reach 800, which will eclipse all previous records.

Several additions have been made to the university faculty. Professor Arthur Collier, of Harvard, who has been connected for many years with the United States geological survey, has been chosen to fill the chair of geology, which has been vacant since the death of Dr. Thomas Condon.

## PORTLAND MARKETS.

**Wheat**—Track prices: Bluestem, 90 @91½c; club, 83@84c; red Russian, 81c; valley, 88c; 40-fold, 85@86c; Turkey red, 82@88.

**THE KEYSTONE TO HEALTH IS HOSTETTER'S STOMACH BITTERS**

A short course of the Bitters will quickly correct, tone and sweeten any case of "bad stomach." This is a proven fact. Try a bottle and see for yourself. It is for Indigestion, Dyspepsia and Malaria.

**Valuable Assistance.**  
 Children always love to have a "finger in the pie" and to help with whatever is going on. When mother or nurse does everything for them they are deprived of a great deal of pleasure and will not be so well fitted to struggle for themselves when the time comes as they would have been if they had been accustomed to do things for themselves. They should be encouraged to be useful and to assist with any preparations that may be going on.

**Mary's Revenge.**  
 Mary was a little girl who did not like to wait, but one day her mother, having several guests, Mary was made to wait anyway, so just about the time dinner was under good headway, she poked her little curly head in at the dining-room door and said: "I don't care if I do have to wait; that was an old sick turkey, anyhow."  
 —Norman E. Mack's National Monthly.

**Complainers.**  
 What is odious but noise, and people who scream and bewail! People whose vane points always east, who live to dine, who send for the doctor, who coddle themselves, who toast their feet on the register, who intrigue to secure a padded chair and a corner out of the draught. Suffer them once to begin the enumeration of their infirmities, and the sun will go down on the unfinished tale.—*Emerson.*

**Rose Guess.**  
 Any one can play this simple game. Take a full-blown rose, hold it up where all can see, then let them write on slips of paper how many petals they think are in the rose. The petals are then counted and the nearest right receives a prize.

**Mothers will find Mrs. Winslow's Soothing Syrup** the best remedy to use for their children during the teething period.

**The Great American Pie.**  
 Steak, salad, fish, potatoes in all forms, may be thrown into the furnace in a huddle, but when the close of his repeat approaches, when the pie hour is about to strike, it is the duty of every true American to reflect. Then he should attack the pie firmly but reverently, never in the spirit of one who runs a race.

**You Can Get Allen's Foot-Ease FREE.**  
 Write Allen S. Olmsted, Le Roy, N. Y., for a free sample of Allen's Foot-Ease. It cures sweating, hot swollen, aching feet. It makes new or tight shoes easy. A certain cure for corns, ingrowing nails and bunions. All druggists sell it. 25c. Don't accept any substitute.

**Peculiar Excuse.**  
 A teacher in a girls' school recently had the following excuse for absence handed her by one of her pupils: "It gives me much pleasure to write to you because I have a worryment, and you should please excuse my Annie, who does not come by you because she has to go to the hospital with her sister's sore eyes."

**Not a drop of Alcohol**

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

**Ayer's**

We publish our formulae. We banish alcohol from our medicines. We urge you to consult your doctor.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills.  
 —Made by the J. C. Ayer Co., Lowell, Mass.
