

# INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

## ATTENDANCE INCREASED.

Students at O. A. C. 1011, and a Possibility of 2000.

Corvallis—The attendance at Oregon Agricultural college has increased twenty-four per cent over that of last year. Up to date 1,011 students have matriculated. They are registered from every county in Oregon, eighteen states of the Union, and eight foreign countries. Benton county leads the list with 174 students, and Multnomah comes next with 127. Linn county sends 39, Marion 36, Lane 34, Douglas 33, Washington 28, Yamhill 43, Jackson 25, Clackamas 21, Clatsop 18, Umatilla 17, Polk 20, Lincoln 15 and other counties from 2 to 14.

Students have come to the college this fall from 23 colleges and universities located in all parts of the world. They come from such institutions as the universities of Michigan, Wisconsin, Minnesota and Columbia, and from the Agricultural colleges of Michigan, Colorado, Oklahoma and Kansas. One man from India who has degrees from the schools of India and the University of Edinburgh, Scotland, has registered here in order to get special work in horticulture. Dean Cordley, of the school of agriculture, reports an exceptional growth in that work. He states that the Freshman class has increased 63 per cent; the Junior class 50 per cent; the Senior class 90 per cent; special students 50 per cent and graduate students 100 per cent.

In speaking of the increase in attendance President Kerr said: "I am convinced that the total registration for the year will reach 1,800 and possibly 2,000. I am particularly impressed by the large growth in the school of agriculture and in the great number of graduate and special students who are coming to us from other institutions."

## BIG SUM SECURED.

State Land Agent's Sales for Two Years Bring \$629,697.

Salem—Peter Applegate, state land agent, has submitted his first letter of transmittal to Governor Benson and in it is shown that gross sales during the time covered by his report, October 1, 1908, to October 12, 1910, amounted to \$629,697.30.

The letter of transmittal is as follows:

"At the time I took charge of the office of state land agent the price for which the state selected indemnity lands was \$8.75 per acre. This price was advanced on October 12, 1909, to \$10 per acre; on February 4, 1910, to \$13 per acre, and on April 12, 1910, to the present price of \$15 per acre.

"The state pays filing, advertising and other fees incidental to indemnity selections whenever the selection is for ten acres or over. Where a selection is for less than ten acres, the applicant pays the fees. The amount of these fees paid by the state during the period covered by this report is \$7,307.87, a cost of about 11 cents per acre on the 65,850.77 acres selected during this period.

43,683.64 acres were sold at \$8.75 per acre.

15,020.35 acres were sold at \$10 per acre.

4,968.89 acres were sold at \$13 per acre.

2,177.89 acres were sold at \$15 per acre.

"The gross amount of sales is \$629,697.30.

"There are about 47,000 acres of land still on hand to dispose of, which is being used as base by the state at \$15 per acre.

## Apple Market Sought.

Commercial exploitation of Oregon's famous apples will be started at once by the Northwestern Fruit exchange in the Middle Western and Southern states. At a recent meeting of the exchange it was decided to put four salesmen in the field and to sell Northwest apples where they have never been heard of, but where they have never been sold before.

The campaign will be directed especially to the wholesale grocery trade, and it is expected that there will be opened up a wide territory heretofore undeveloped on Northwestern fruit. The campaign will be the first of its kind ever inaugurated by the exchange in the interest of the industry.

Plans are being formulated for the co-operation of the exchange with its local constituents for the betterment of the pack and grade of apples and to bring about an improvement in the practical working conditions of the business.

## Big Squashes at Athens.

Athens—A 64-pound squash, grown by Andy Weaver and J. E. Froome on the Cass Cannon tract south of Main street, is the centerpiece for an attractive window display in the Musgrove Mercantile store in this city. It has a companion weighing 52½ pounds.

## CHICKS THRIVE IN SOUTH.

Medford Climate Ideal for Raising Poultry, Says Expert.

Medford—Manager Malbouef, of the Medford Commercial club, is in receipt of a letter from James Dryden, professor of chicken husbandry at Oregon Agricultural college, in which the professor lauds the climate and soil of the Rogue river valley from the chicken raising point of view, and urges that more enter the field of production. The letter in part is as follows:

"I know of no place in the United States that is more favorable in a climatic way for the raising of poultry than the Rogue river valley. You have no extremes of temperature, a moderate rainfall, little snow and abundant sunshine. You have all the natural advantages of soil and climate. Poultry may be successfully kept in orchards, and there are advantages of such combination, but you have large tracts outside of your orchard land that are bringing in little or no revenue now, that might be devoted to poultry raising. I have in mind a farm of 120 acres, too poor for crop, that is producing over \$10,000 a year in poultry and eggs, and the same thing could be done on waste land in Southern Oregon that has practically no market value at the present time. I prepared a book for the Portland Commercial club on poultry raising in Oregon, which I believe is now being printed. In this I refer to conditions in Southern Oregon, and you may get some points from it that you can use to advantage in your community."

## Build Big Wool Warehouse.

Lakeview—Work has commenced on the big warehouse for the Lakeview Wool Storage company. The building is located directly west of the high school grounds, and will be 73x100 feet in size. It will have a capacity of 1,000,000 pounds. The building will be so arranged that every sack of wool that is stored can be inspected by the intending purchaser, and buyers will then be able to make an intelligent offer.

"What has become of our poets?" asked the literary editor, sadly. "Those that haven't starved to death are working for the advertising agencies," remarked the sporting editor.—Philadelphia Record.

## PHYSICAL WRECK RESTORED TO HEALTH BY GREAT KIDNEY REMEDY.

I feel it my duty to furnish you with my testimonial as to what your remedy Swamp-Root did for me when I was a physical wreck from kidney and bladder trouble. Some years ago I was not able to do any work and could only just creep around, and am satisfied that had it not been for Dr. Kilmer's Swamp-Root I would not have lived. After using the preparation for one month I was able to work some and when I had used \$8.00 worth of Swamp-Root I could do a good day's work. I used about \$10.00 worth altogether and would not take \$10,000 for the good that it did me. I consider it a God-send to suffering humanity for the diseases for which you recommend it and have recommended it to many sufferers.

H. L. HUGGINS, Welch, Ark.

Personally appeared before me this 20th of September, 1909, H. L. Huggins, who subscribed the above statement and made oath that the same is true in substance and in fact.

Highest Good in Life. The highest good is found in the way of doing good, giving what we have, our best selves, to others. Let a man seek efficiency in his business, let him seek leadership in his profession, let him seek enriching some other lives. This is the myrrh that preserves to us all that we gain and perfumes all, while selfishness is the moth that breeds decay and death.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Olive Oil to Remove Cinders. The man with the cinder in his eye was suffering great pain. Every one had a different method of relief to suggest, but nothing had the desired effect. At length one of the bystanders procured a little olive oil from the luncheon room. This was poured into the eye and relief was instant. "I learned that method of dealing with cinders while abroad," said the bystander, "and I guess it is about as effective as anything after all."

Quick As Wink. If your eyes ache with a smarting, burning sensation and dizziness, use PETTIT'S EYE SALVE. All druggists or Howard Bros., Buffalo, N. Y.

Priceless Relic Found. The first original description of America ever written has just been discovered. It was penned by Dr. Diego Alvarez Chanca, physician to the second fleet of Columbus, and was dated at the Port of Isabella, Santo Domingo, in January, 1494. Dr. Fernando de Ybarra, of the New York Academy of Sciences, with the Smithsonian Institution of Washington, aiding and abetting, uncovered the documents.

## Worms

"Coccaris are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of a tape worm. He then got a box and in three days he passed a tape-worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co., Pa. I am quite a worker for Coccaris. I use them myself and find them beneficial for most any disease caused by impure blood."—Chas. Z. Condon, Lewistown, Pa., (Millin Co.)

Pleasant, Palatable, Potent. Taste Good. Do Good. Never Sickens. Weakens or Grips. 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back.

## Drink Dole's Pure Hawaiian Pineapple Juice

The Drink Delightful. Nature has blended the pineapple's constituents so perfectly that this pure juice, bottled in Hawaii, needs no added sugar or other assistance to increase its delight to the user. It's a fine drink, a healthful drink, an all-the-year-round drink. The rough throats of winter and the delicate stomachs of the cold season are peculiarly in need of just this delightful appetizer from tropical Hawaii.

Drink it Pure It is Pure. When druggists and grocers haven't Dole's Pure Hawaiian Pineapple Juice, send us their names and get a useful booklet. HAWAIIAN PINEAPPLE PRODUCTS CO., Ltd. 112 Market Street, San Francisco, Cal.
