# INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

PORTAGE NEARLY READY. LAND BOARD AGREES.

### Completion of Road By End of November Expected.

The Dalles—Work has been begun by the State Portage commission on the inclines and bulkheads of the state portage road, which is to end at the foot of Washington street in this city.

The roadbed, which is built on the low-lying bank of the river north of town, is being heavily rippedraped for half a mile from the terminus, and this work is nearly finished. A pile-driver has been erected, and workmen have begun to put down the piling north of the track. On this will be nailed heavy planking to prevent the high water and waves and ice of the Columbia from tearing out the ripping.

### The bridge across Five Mile at Seuffer's is nearly finished.

The only thing now holding back the completion of the road to Big Eddy is the half bridge, about 100 feet in length, which is to be built at that point to connect with the road built some time ago from Celilo to Big Eddy. This work is waiting for the O. R. & N. company to shift from its old line to the new roadbed now being built. This probably will be done this week and the whole of the portage road will be completed by the end of November, so that freight will be moving over the whole length of the line before January 1.

### FISH LADDERS NEED REPAIR.

Salmon Have Difficulty Ascending Celilo and Oregon City Falls.

Astoria—Secretary Lornsen, of the Columbia River Fishermen's Protective union, has received a letter from State Fish Warden Clanton, in which Mr. Lornsen is invited to go with the fish warden and make an investigation relative to the fishways needed at the Oregon City falls and at Celilo.

A fish way was constructed some years ago at Oregon City, but it does not appear to give satisfaction in its present condition, and on a recent visit there Mr. Lornsen counted 40 salmon which had perished while trying to get over the falls. However, it is stated that a small amount of work will place the fish way in condition to afford an easy passage way for the fish to the upper river.

At Celilo the condition is much more complicated, and it may be necessary to blast a fish way out of the solid rock, so that a few at least of the early salmon, which reach that point, may be able to ascend to the natural spawning grounds.

### REALTY DEALS FREQUENT.

### Farm Land About Medford Brings More than \$1,000 An Acre.

Medford—City real estate in Medford is moving lively. W. T. York & Co. report 13 sales of city lots and small tracts of land in the vicinity of Medford in four days. Forty-one acres of orchard land in the Willow Springs district were sold for \$45,000, Frank Tompkins purchasing the ranch from A. T. Reunells. W. A. Stone, of Vermont, bought 35.55 acres between Medford and Jacksonville for \$18,000, and lot 12 of the Midway tract sold for \$3,300.

Siskiyou Heights and Queen addition are being boosted vigorously by real estate firms with the result that many lots in both suburban districts have changed hands, most of the lots being sold to newcomers who expect to build immediately. Twelve building permits for homes were taken out in one day.

### Rebuild Burned Town of Wendling.

Wendling—Contracts for buildings to cost \$15,000 have just been let. Sixteen small cottages, eight larger cottages and a public school building are included in the contract.

W. B. Mumme was awarded the contract to build the 16 small cottages. Buley & Applewhite got the eight larger cottages and J. R. Chazem the public school building. Each of the contractors will at once begin work and expect to have the buildings completed before the heavy rains set in.

In addition to these buildings, there are in course of construction for the company six cottages that are still larger than any of the others, costing \$1,000 each, the lodging house costing about \$6,000 and the eating house costing \$3,200. These buildings are all to replace those destroyed in the recent forest fire that swept the town.

### Oregon Chinese Gets Scholarship

An ex-university of Oregon student, Lee Sam, '13, a Chinaman, has just won a scholarship at Cornell university, New York, by competitive examination. Sam is a civil engineering student.

### Central Oregon Irrigation Co. Escapes Tax—To Make Contracts

Salem—With the filing of articles of incorporation for the Central Oregon Irrigation company, to succeed and take over the work of the Deschutes Power & Irrigation company, and with the state land board acquiescing in the recent decree of the Federal court, confirming the sale, further steps were taken in Salem toward reorganization of the old company.

The state land board split on the question of acquiescing in the order of the Federal court, State Engineer John H. Lewis wishing to hold up such acquiescence until it is possible to make some new contracts and receive further assurances from the company.

One plan which the state engineer has in mind is a tax of 50 cents an acre to come from the settlers to place in the state treasury for the reclamation funds. He contended that the state has advanced considerable money for the workings of this project and he wishes to receive assurance that the state will get some of it back.

Roscoe Howard and Jesse Stearns, who were here representing the new company, said that in all probability they would be willing at some future convenient time to make this concession of 50 cents an acre by raising the price of the lands, but that they desire time to think it over. The state engineer wished to make this a consideration for acquiescing in the Federal court order, but the board finally allowed the order over the protest of the state engineer. Attorney General Crawford said that it must be understood in acquiescing that the board merely considered itself as ceasing to do business with the old company and starting to do business with the new.

Articles of incorporation for the new company show a capitalization of \$1,500,000.

### Packing Oregon Apples.

Ontario—Adolph Gramse is packing apples from his orchard and has already shipped two carloads to Chicago. V. V. Hickox, manager of the McEl-downey ranch southeast of town, is getting ready some beautiful specimens of Malheur county fruit for the Eastern market. Mr. Gramse expects to ship about six cars in all, or about 4,000 boxes.

## PORTLAND MARKETS.

## DOCTORS ADVISED OPERATION— DECIDED TO TRY GREAT KIDNEY REMEDY.

I want to tell you in a few words what your Swamp-Root did for me, believing that my testimony may do some other suffering person a great deal of good.

About six years ago, I was dangerously ill, consulted three doctors, all of whom said I had kidney trouble. One of the doctors analyzed my urine and reported that I had gravel, and further said that in order to regain my health and life, an operation would be necessary. I did not want to be operated on as I was afraid that I would not recover. Someone told me of Dr. Kilmer's Swamp-Root and said it was a reliable medicine for kidney trouble, so I decided to try it, and I went to Mr. Rose, the druggist, at 303 Central Ave., Minneapolis, and bought a bottle, took it, noticed results and continued taking it until I was entirely cured.

Having been free from any kidney trouble for over six years, I consider that I am absolutely cured and know that Swamp-Root has the credit.

I never fail to tell my friends about your remedy, as I believe it is the best of its kind. Your U & O Ointment is also very good. We are never without a jar in our house.

Yours very truly,  
**MRS. MARGARET E. ANDERSON,**  
Minneapolis, Minn.

State of Minnesota } ss.  
County of Hennepin }  
Personally appeared before me this 23d day of Sept., 1909, Mrs. Margaret E. Anderson, of the City of Minneapolis of the State of Minnesota, who subscribed the above, and on oath says that the same is true in substance and in fact.

**M. M. KERRIDGE,**  
Notary Public.

Commission expires March 26, 1914.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

**Prove What Swamp-Root Will Do For You**

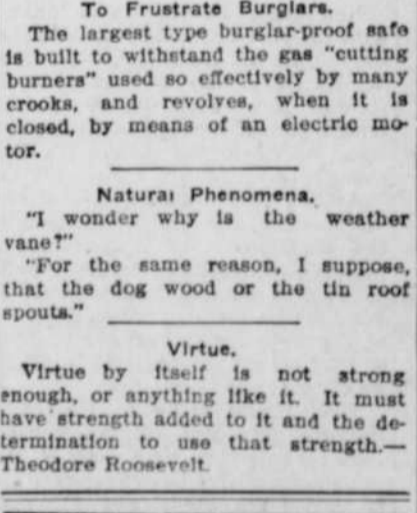

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention this paper. For sale at all drug stores. Price fifty-cents and one-dollar.

**To Frustrate Burglars.**  
The largest type burglar-proof safe is built to withstand the gas "cutting burners" used so effectively by many crooks, and revolves, when it is closed, by means of an electric motor.

**Natural Phenomena.**  
"I wonder why is the weather vane?"

"For the same reason, I suppose, that the dog wood or the tin roof spouts."

**Virtue.**  
Virtue by itself is not strong enough, or anything like it. It must have strength added to it and the determination to use that strength—Theodore Roosevelt.

Habitually Positively Cured. Only authorized Keeley Institute in Oregon. Write for illustrated circular. **KEELEY INSTITUTE, 71 E. 11TH ST.**

**PORTLAND, OREGON.**

## Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—**give the children Ayer's Cherry Pectoral.** Ask your doctor if this is his advice also. He knows best. Do as he says.

**Ayer's**

We publish our formulas  
We banish alcohol from our medicines  
We urge you to consult your doctor

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

—Made by the J. C. Ayer Co., Lowell, Mass.—

### Could Live on Waste.

In the various discussions of the high cost of living, it is frequently suggested that waste is responsible for some of it. A Frenchman is reported as saying that he could live in any American village better than any of the inhabitants on what the inhabitants throw away.

### Merely a Question of Comfort.

"Now, doctor," complained a bitulous patient, "my great trouble is elephants—pink ones. Not that I object to elephants, you understand. I like them—but they do crowd one so."—**Success Magazine.**

### Old-Time Espousal Ring.

A particularly beautiful form of espousal ring was known as the "gimmel" or linked ring, which was made in parts, which, when brought together, assumed the appearance of the ring shown with clasped hands.

### LAUNCH FOR SALE OR EXCHANGE
