# STOVES

The cold weather demands proper protection within doors  
as well as without. You can secure indoor comfort at a low  
cost in fuel by using the right stoves. We have them.

The "AURORA", a handsome heating stove, with  
bronze urn and full nickel trim. Swing top. Remov-  
able front panel with nickel screw. Draft Register  
and Hot Blast Attachment. Nickel foot rail. A  
splendid heater which will give sure satisfaction.

The "CHARTER OAK"

range is carefully made  
throughout of "Hammered  
Planished Steel", the finest  
grade that is made, manu-  
factured especially for  
these stoves. The oven is  
strong and rigid and its

construction such as to insure the best possible results in  
baking. The flue box is cast iron, extra large, with ample  
opening; the damper is very simple and impossible to burn  
out; reservoirs are porcelain lined. All ranges are full  
nickel trim and will STAND THE TEST OF WEAR.

## Charter Oak and "Wood" Superior HEATERS

Stand at the head of all com-  
petitors. Give a greater amount of heat at a lower ex-  
penditure for fuel. Come in  
and examine them.
