# STOVES

The cold weather demands proper protection within doors as well as without. You can secure indoor comfort at a low cost in fuel by using the right stoves. We have them.

The "AURORA", a handsome heating stove, with bronze urn and full nickel trim. Swing top. Removable front panel with nickel screw. Draft Register and Hot Blast Attachment. Nickel foot rail. A splendid heater which will give sure satisfaction.

The "CHARTER OAK" range is carefully made throughout of "Hammered Planished Steel", the finest grade that is made, manufactured especially for these stoves. The oven is strong and rigid and its construction such as to insure the best possible results in baking. The flue box is cast iron, extra large, with ample opening; the damper is very simple and impossible to burn out; reservoirs are porcelain lined. All ranges are full nickel trim and will STAND THE TEST OF WEAR.

## Charter Oak and "Wood" Superior HEATERS

Stand at the head of all competitors. Give a greater amount of heat at a lower expenditure for fuel. Come in and examine them.

## I Never Said It!!

I never said that  
**T. J. O.**  
is the best flour  
ever made, but I  
did say that I be-  
lieve "T. J. O." is  
as good a flour as  
is made or sold  
in all the state  
of Oregon.
