## "Seaside Oyster Dishes"

This is the name of our new book which gives many shore recipes, unknown inland. Every housewife is welcome to a copy at our store.

We are handling only Sealshipt Oysters this year. We are registered agents of the Sealshipt Oyster System.

## Sealshipt Oysters

Straight from the Oyster  
Beds Under Seal

This means that the oysters are placed in air-tight containers right at the seashore, immediately sealed and shipped straight to us. The ice is packed AROUND the containers on the OUTSIDE. No ice or water in the containers—just solid oysters. The oysters retain all of the true oyster flavor—the real tang of the sea.

When they reach our store, they are placed in a cleanly white and blue porcelain Sealshiptcase, used by all licensed agents under contract.

Remember in buying Sealshipt Oysters you need only half as many as you do of common oysters which are half "liquor," or melted railroad ice. Once you try Sealshipt Oysters, you will agree that our strongest claims are justified.
