PAVING CONTRACT IS COMPLETED

The fires making the big smoke at the mixing plant, which have been burning since July near the Electric depot, were extinguished yesterday morning. The street paving contract is completed and preparations are being made to move the plant.

The work has been done to all appearances in a very satisfactory manner. The crew of workmen have been industrious and hard working. The citizens have lent every aid to facilitate the work and nothing but the best of feeling exists between the city and the Warren Construction Company. The citizens are busy all along the paved streets laying cement walks and improving the park strips. Within a short time that part of the city will show evidence of its energetic citizens in the neat and well kept properties.

The Press and the many who desire to see our city what it should be hope that in the near future a move will be made to extend the present limits of the pavement to other sections of our town. This movement must be brought about by the property owners and much depends on their pride and desire for improvement. Those in the resident Sections who have already paved are certainly to be congratulated in the showing they have made in leading the movement. Now for more pavement and a still better town.

This country is getting so far from the log cabin stage that statesmen of the future will get next to the people by beginning life as newsboys.

An exchange says to pay the printer and the preacher. You're sure to get your money back. The printer tells you the news about this world and the preacher about the world that you are going to.

Frank Thatcher, of the neighborhood that bears his name, was in town Monday. Thatcher was named for Frank's father, an old settler. The postoffice once located there has given way to the more modern method of the R. F. D. system.

The grade on the extension of the Kearney and Black Hills railroad has settled sufficiently for the beginning of the laying of the track. Large gangs of men began this work Wednesday and upon its completion the same gangs will be put upon the rails.—Arnold Sentinel, Nebraska.

E. L. Barnett, the former Athena banker, was a recent Weston visitor. He but lately returned from Alberta, and says that Umatilla County colonists will have good crops up there this season with but few exceptions. Mrs. Barnett accompanied him and they were guests while here of Mr. and Mrs. I. M. Kemp.—Weston Leader.

ONLY REAL JURORS TO RECEIVE PAY

A decision was made by the County Court of this county Monday that may set a precedent in county administration all over the state. The Commissioners made an order that when a juror is summoned in the body of the courtroom and is not accepted for jury service, he should receive no compensation. Whether the new order will stand with the interpretation of the law is conjecture.

Veteran Association Meets

We wish to call the attention of those veterans who happened to be absent from the Semi-annual meeting of the Washington County Veteran Association held at Hillsboro on Oct. 5, that it was called to order by Pres. A. B. Thomas. The meeting was opened by prayer by Comrade Haines. A portion of the forenoon was devoted to chapel services in commemoration of the late deceased comrade W. M. Jackson, long-time treasurer of Washington County, Commander of Ransom Post No. 69 G. A. R. and Chaplain of this Association, in concluding these services the audience arose and bowed their heads in supplication for a brief time. After a few brief talks they adjourned to the dining room where the tables were groaning under their load of good things that only the fertile brain of the auxilliary can give birth too.

The program for the afternoon consisted of songs in German of recent importation and English speeches and good stories.

The rendition of a solo entitled "Dropping Out One By One" by the Perine sisters with piano accompaniment by Mrs. Brown brought tears to the eyes of many and no sweeter strains of music have fallen upon the sons and daughters of men since the morning stars sang together than that rendered by those charming ladies of Hillsboro. The program for the afternoon cannot be duplicated. The veterans that attempt to cover in their absence by various excuses surely missed more than a good thing.

The Hall was crowded with a thoroughly appreciative audience and smiles, tears and extravagant encores were the seasoning to a good program. The President ordered the flag draped in mourning for the period of thirty days.

VICE-PRESIDENT

Pioneer of 1852 Dies at Hillsboro

Died at the home of her son, John M. Brown at Hillsboro, Monday, Oct. 9, Mrs. Susan Jane Everett Brown, aged 81 years. A pioneer of 1852. She was born at Independence, Mo., Jan. 18, 1830, and was married to William M. Brown Dec. 7, 1848. They arrived in Portland Oct. 1, 1852 after a long trip across the plains. They afterwards settled in Washington County. Mr. Brown died in 1872. Twelve children were born to the union of which five survive.

Mrs. Brown was a member of the Methodist Episcopal Church.

IS CHARGED WITH ROBBERY

Jack Harris, of Portland, was arrested Sunday and brought to Hillsboro, charged with robbing a Hungarian, Joseph Cholak, of \$260. The robbery took place about two weeks ago at Hillsboro, Harris riding from Portland in the same car seat with the victim.

It is alleged that Harris and a confederate took the old man into a back lot and there relieved him of his cash. They boarded the next car for Portland, making a stay of only 30 minutes in the count seat. Harris was held by the Portland police on another charge, and Cholak went to Kelley Butte, Sunday, and identified the prisoner. Harris is a forger.

The Skovgaard Concert Co.

One of the big things of the year in the musical world will appear in Forest Grove at Marsh Hall, Thursday evening, Oct. 26. Not since Maud Powell was here two years ago have we had so good a violinist. Skovgaard is a Dane and the greatest of the Scandinavian violinists and what gives him especial pre-eminence is that he possesses one of the finest Stradivarius violin in existence for which he paid \$13,000. He brings a company with him who are only second in importance to the violinist, a pianist, a vocalist and accompanist. It is hoped that the music lovers of Forest Grove will give their loyal support to this concert. Only a few concerts of the highest grade can be given by the College Conservatory each year and it helps materially when they receive the corresponding support of the musical people. There is a possibility that we may have with us again this year Maud Powell, who so delighted our people two years ago.

Looks Like Saviour

There was considerable consternation among the prisoners in the city jail Tuesday evening when a man with a face similar to the popular conception of that of Jesus of Nazareth, was ushered into the cells as a vagrant.

Some of the prisoners crossed themselves and others gave the newcomer a wide berth.

He of the heavenly features bears the name San Perio Cobo, a Spaniard. He wandered into the station and asked the way to St. Vincent's hospital. He claimed he was sick, but was recognized as having been up before on a vagrancy charge and was arrested.—Portland Daily News.

FIRST MEETING OF WOMAN'S CLUB

The Woman's Club held its first regular meeting of the year Monday afternoon at the home of Mrs. C. V. B. Russell. The prettily decorated rooms were filled to overflowing with enthusiastic members. Five applications for membership were accepted by the club. E. W. Haines, representing the Commercial Club, requested the assistance of the ladies in arranging for the box social. Postmaster Haines sent in a letter asking instructions for the making of rose beads. The letter was referred to Mrs. Taplin to answer.

The program which followed contained many enjoyable features not the least of these was the excellent music, consisting of two piano solos by Mrs. Williams and two vocal solos by Miss Amy Thomas.

The president's greetings contained many good suggestions and showed deep thought and a broad understanding of existing conditions. Mrs. Shippee gave a short talk on hygiene, Practical Hygiene being the study topic for the year. The program closed with a reception to the new members. Dainty refreshments were served by the refreshment committee and a vote of thanks given to the Schultz Market for the delicious coffee donated for the occasion.

Some people are wise when young, but outgrow it later; others acquire wisdom by education, and others are always wise.

Some have great abilities along only one line; others along many lines, and still others have no ability at all.
