Willis, Alta and Bertha Haynie, of Portland, visited with their parents in this city Saturday and Sunday.

Miss Lou A. Davis and Miss Lyla J. Heapy left last week for Grand Forks, N. D. Miss Heapy will engage in school work there.

The premium list of Washington County Poultry Association's second annual exhibition to be held in Forest Grove is out and ready for distribution.

The hitching place on college way certainly should be improved if we expect the farmers patronage. They certainly deserve this showing of appreciation.

Mr. Siedleman, who lives southwest of town, while digging a well, found fir wood at a depth of 45 feet. It was in a fair state of preservation, but colored.

Mr. and Mrs. Willis Goff, Mrs. James Shannon, Mrs. W. M. Langley and Miss Langley made a pleasant auto trip to Hillsboro, Friday evening and called upon Mr. and Mrs. E. B. Tongue in their new home.

Mrs. H. T. Giltner and James O. Convil were initiated in the Eastern Star Chapter, Monday evening after the regular business of the order. Refreshments were served and the evening was spent socially.

Charles Hicks and family, of Independence, now occupy the residence of E. G. Mills in South Park. Mrs. O. W. Humphreys, of Hillsboro, was in the Grove on business Monday.

At the morning services of the M. E. Church last Sunday 37 members were taken in. Rev. James Moore, Supt. of the Salem District, delivered an able sermon. Rev. Moore will hold first quarterly conference Tuesday, Nov. 14th.

FORMER CORNELIUS GIRL HEROINE

Shortly after 4 o'clock Saturday morning Miss Maud Gesner, formerly of this place but now of Portland, Ore., who is a student of the New England Conservatory of Music at Boston, saved the lives of 35 girls at the Boston Students Union clubhouse on St. Stephens St. She was aroused by a choking sensation. Her eyes were smarting from smoke in the room. She donned a bath robe and hastened to the doors of the other rooms and aroused the inmates. Mrs. Osborne, the director, was one of the first awakened. She and Miss Gesner found the kitchen burning fiercely and the main clubhouse was filling with smoke.

All of the girls were quietly, but hastily summoned into the parlors on the street floor, and then an effort was made to get to the 12 maids sleeping in the rear above the flame filled kitchen. The maids became hysterical when awakened, but were led out of the building safely.

Mrs. George Paterson had a sewing whirl Thursday afternoon. Those present were: Mesdames Caples, Todd, Atkins, Brown, McEldowney, Goff, Metsger and Kane. Refreshments were served and the afternoon was thoroughly enjoyed.

Enterprise and civic improvement has been shown by the citizens living in the paved residence district. This certainly gives expression of a boost for the College city. Much energy has been expended in making that part of town the most attractive. This is a real boost.

A. W. Steele had an exciting time Monday morning while leading a horse behind the wagon. He got out of the wagon with whip in hand to urge the horse he was leading, when his team became frightened and ran for a number of blocks. No serious damage resulted.

The Press Publishing Co. filed Articles of Incorporation this week, the names appearing as incorporators being J. N. Hoffman, Virgil H. Massey and A. G. Hoffman. Permanent organization will be effected Wednesday, Nov. 15. A limited number of shares of the capital stock will be sold throughout the county.

Mrs. Mayne J. Abbott entertained the Five Hundred club Friday afternoon. Those who enjoyed the affair were: Mesdames John Abbott, Chas. Roe, P. G. Kinzer, Clifford Walker, Harry Goff, Willis Goff, R. U. Peterson, Clifford Brown, Harvey Baldwin, Chas. Buchanan, J. A. Thornburg, Samuel Todd, and Wilbur McEldowney. The first prize for highest score was awarded to Mrs. Harry Goff, while Mrs. Todd received consolation. Refreshments were served and the afternoon was a pleasant one.

Wm. Deitz, Cicero Hines, Bert Hines, Claude and Fred Lyda and Francis White, of Gales Creek, and E. J. Bonshu, of Thatcher, were among those in the city yesterday.

P. U. ELEVEN ROUTS ANGELS

The Pacific University eleven defeated the Mount Angle College team at Forest Grove, Saturday, 29 to 6. Pacific showed a decided improvement since the Corvallis game and showed up with an impenetrable interference. They circled the Angels ends for 35 and 50 yard runs after time. At the end of the first quarter it looked like a walk-away, for Pacific had scored three touchdowns and Bryant's toe sent the ball true to every goal.

The star performer was Raymond Bryant, of Pacific, who made end runs throughout the game. Bryant was recently taken from tackle and placed at half. Captain Carson, of the Angels, played a strong game at full.

Shairer, Pacific's center, was in every play and showed up as the speediest center, who ever wore the "P." The two teams were about evenly matched in weight, but Pacific showed greater speed and better teamwork.

The Woman's Club will meet on Monday, Nov. 13th, with Mrs. J. A. Thornburgh. Business of importance will be discussed. All members are urged to be present.

At the Congregational Church—Sunday morning theme, "Conforming or Transforming;" evening, Address by Chas. H. Pratt.

Miss Frances Myers, of Portland, visited over Sunday with her father W. H. H. Myers of this city.

Henry Scott, of Scoggins Valley, son of H. W. Scott, after an interesting chase sent a bullet through a large Bob Cat yesterday.

Mammoth's Bone Dug Up

Part of the femur of a mammoth was found in Hillsboro, Saturday, while workmen were digging a well for the Hillsboro water system. The bone was found 11 feet in the earth on a beaverdam deposit and must have been buried for thousands of years. It is well preserved and measures six inches in diameter. Search was made for other portions of the skeleton, but nothing was found, and it is evident that the femur had been washed some distance.

This is the first discovery of the bone of a mammoth in this vicinity which could be well defined as such.

Christian Church.

Last Sunday night, the audience at the Christian Church completely filled the house to hear the first of some special evening sermons being preached by the pastor. The second number of this series will be given next Sunday evening and is entitled "The Unfailing Detective." This sermon will be well worth the hearing especially to young men and young people. The morning theme will be "Different Phases of Church Fellowship." As next Sunday is World's Temperance Sunday, there will be some special features in the Bible School session that will be worth hearing, and the Christian Endeavor Society is also planning something unique for their service at 6:30. You cannot afford to miss any of these services. A cordial welcome extended the public.

The Baber home has been reconstructed and attractively improved. Mr. and Mrs. Duncan MacLeod will make it their home.

Harry Wescott, of Gaston, picked from 3 acres 30,000 pounds of prunes, selling the crop for \$800.00.

C. N. Johnson was a passenger to Portland yesterday; he tells us that this year he gathered from 15 acres 20,000 pounds of cured hopes which he has just sold at 42½c. Mr. Johnson has productive land and is a good farmer.

Fred Robinson has sold his ranch in Patton Valley and will buy a small place near the Grove.

VISITS NEW YORK CIGARETTE FACTORY

"Others may take their after dinner cigarettes, but just make a toothpick for mine," said Fred Lockly, manager of the Pacific Monthly this morning. He has recently returned from a month's visit in New York, and after exploring certain sections of the east side arrived at the conclusion quoted above.

Mr. Lockly went into a dimly lighted cellar on a squalid street where he found hundreds of frail Italian and Jewish girls converting "snipes" plucked from spittoons and gutters into cigarettes. These cigarettes are sold unbranded to manufacturers, who put them out under the various names and brands, he was informed.

The "snipes" are taken from the filth of saloon floors and cuspidors, from the under ground dives, from the streets and the garbage can. Germs of every disease known to man may be found lurking in the folds of these snipes. It is said that the maker takes no means to rid the tobacco of the filth contained in them.

"I was told a man simply took his life in his own hand when he entered one of these places," said Mr. Lockly, "but I started out to see things and I didn't want to overlook anything. My companion refused to enter the cellar with me and even urged me to remain in the daylight so I went in alone.

"Under the dim gas jets there were hundreds of girls wedged together stripping the folds of snipes apart. They make no secret of their business and I was informed that the snipes were obtained from every possible place—saloons, dives, gutters and everywhere. They did not hesitate to say that the cigarettes when made up were sold to the large contributors, who branded them and sold to the smokers of the world. Included in the sale of cigarettes are billions of disease germs of every description, which may account for the emaciated appearance of the average inveterate cigarette smoker."

The girls in the establishment which Mr. Lockly visited were pale and listless; many are afflicted with tuberculosis and other diseases contracted, it is presumed, while handling the germ laden tobacco.

Mr. Lockly said he did not see the remains of tobacco chews on the table at which the girls worked but nearly every other variety of discarded tobacco was in evidence.—Tillamook Herald.

The Commercial Club met Tuesday evening. The Hillsboro delegation, representing the Washington County and Hillsboro Development League, were present. The Clubs of the County are expecting to co-operate in the matter of advertising this county and the local Club has on hands some interesting work. The meeting was well attended and arrangements made for many of our citizens to visit Hillsboro Club next Friday evening.
