If some men acted half as decently at home as they do away from home there would be a great deal of happiness added to domestic life.

The Press with this issue enters upon its third year of existence, having faithfully put out its issues each week for the past two years. We are thankful for the liberal support that has been given, and ask a continuance of your patronage.

We commend the action of our city officers in prompt application of the law and its penalties on the traveling show violating ordinances last week. Now while our hands are in enforce the curfew ordinance or ask its repeal.

Our city council for many hours wrestled with the perplexing question of the noisy theatrical piano at the Scenic Theatre brought to notice by petition. They have come to a happy conclusion of the matter. King David was a firm believer in making a lot of noise. David's orders were make a joyful noise unto the Lord, all the earth; make a loud noise and rejoice and sing praise. With trumpets and sound of cornet make a joyful noise before the Lord the King." We are something like David, we enjoy a lot of noise.

There are many happy homes thank God, in every community and when they exist there goes out from them a blessed influence which can hardly be over estimated. "A real home with a mother in it," whose hospitable doors are ever open to those not so blessed, is a wonderful power for good.

A great event in every young man's life is his awakening. There comes a time when he is aroused from the dreamy carelessness of boyhood by the opening possibilities of life. If he comes to deep earnest purpose to be at his best and do his best he arrives early at the highest rank among equals in business, profession or trade.

American women of the upper classes would enjoy a whole lot better health, besides being more happy and useful, if they spent less time playing bridge whist and attending pink teas and a good deal more time in cross country walks, studying birds and flowers and in personally doing some of the work in flower and vegetable gardens. Doing these things might not be aristocratic, but it would nevertheless be mighty sensible.

law should question the legality of a law or ordinance but upon evidence of its violation should apply the prescribed penalty. The law or ordinance is made by the representatives of the people and the legality or illegality should be declared by high legal authority and by those versed in law.

School Notes

The foot ball season is over for the Public School this year.

Basket ball teams are being organized and a schedule is being made for a few match games.

The High School girls have organized an athletic association.

The High School work is progressing nicely and the pupils show great interest in their work.

The first set of grade cards were sent out this week. Parents are requested to look them over and if some things are questioned please see the teacher or principal.

The first parent and teachers meeting this year will be held in the High School room Friday evening, November 17.

J. Sherman Wallace, who holds the chair of oratory and public speaking in McMinnville College, will address the parent and teachers meeting on November 17. Don't miss this meeting.

The next Washington County Teachers Association will be held at Verboort Saturday, November, 18th. J. Sherman Wallace will address the association in the afternoon.

The pictures that were obtained by the school at the Art Mxhibit last year are being framed and will be on exhibition at the parent-teacher meeting.

Miss Wuest, of Portland, is getting the drawing started in fine shape. The teachers and pupils are delighted. Scarcely an objection is raised and surely if the parents could understand the great benefit to the child and the very small expense to the parents, there would be no objection at all.

The Domestic Science and Art work is progressing nicely. The girls enjoy their room and take a delight in their work. We expect splendid results before spring.
