I am representing the big **Oregon Nursery Company of Orengo**. Everybody in Washington County knows of my company and of the high-class, reliable trees we grow. If you are needing any **Apple, Cherry, Pear, Peach, Walnut**, or other kind of Fruit Trees I can fill your needs with **First-Class** one year old trees. I also handle Rose Bushes, Lawn Shrubs, etc. Firstclass trees are in demand; don't delay getting your trees reserved. FARMER'S BUSINESS COURSE BY CORRESPONDENCE

S. P. OFFICIALS IN FOREST GROVE

Judge Lovett, president of the board of managers of the Harriman system and a coterie of S.P. officials visited Forest Grove Monday while on a tour of their lines between Portland and Corvallis. Lovett was accompanied by the following S. P. officials: Pres. Sproule, Gen. Manager Calvin, Gen. Supt. Campbell, Supt. Fields, Gen. Passenger Agt Scott, Gen. Freight Agent Lonesberry, Dist. Engineer Burkharter and Attorney Fenton.

The party was met at the depot by a large delegation of Forest Grove Commercial Club members and business men.

The visit of the party was one of particular interest to Forest Grove in that local business men were given to understand that the S. P. lines from Portland to this city would be electrified in the near future. No official announcement of the fact was made but the information given out makes it an assured fact. At this time it is difficult to foretell just how great the benefits will be from this important step, but it is an assured fact that it will add much to the wealth and population of this city and surrounding country and will be a big factor in making Forest Grove one of the principal cities of the Willamette Valley.

Many Heard Gipsy Smith

A special train over the Oregon Electric carried 320 Forest Grove people to Portland, Monday evening, to hear Gypsy Smith, the famous evangelist. Special rates were granted for the trip and every one that could took advantage of the occasion. Those who attended report that they were well paid for the trip and were highly pleased with the discourse. The Forest Grove people were joined at Orengo by a delegation of 175.

Habit is hard to overcome, but it can be done by practice and persistence. Instead of telling strangers what a poor town you live in and what old fogies the inhabitants are, what's the matter with spreading the five points of the town and of your neighbors? You may be able to see some clouds, but you'll help this good old world along if you display the silver lining to strangers instead of dark spots.
