REBELS ARE GATHERING.

Beseigers at Nanking Well Armed and Attack Imminent.

San Francisco — Revolutionary troops are assembling in great numbers just outside of Nanking, according to a cable dispatch received by the Chinese Free Press. Advices say that the troops are commanded by General Chao Shu Ching, former general under the Manchu government. The attack on Nanking is expected to begin at any time. The revolutionists are well supplied with arms and ammunition.

Hongkong advices to the Chinese Daily Paper say that the former viceroy of Canton, Chong Ming Chi, has cut off his que and gone to Europe.

District Magistrate Yen Ping has abandoned his post to the Republican party and fled. The commander in chief of the Republican army in Canton is sending one regiment north and will head the other troops in his command in the attack on Pekin.

American Woman is Slain.

Pekin—The killing of foreigners at Sian Fu, Shan Si province, has been further confirmed by two Chinese students who have arrived from that city.

During the fighting in Sian Fu a mob attacked the China Inland mission, just outside the city. The mob murdered Mrs. Beckman, who is said to be an American, and five of the mission children. Mr. Beckman was wounded, but escaped, saving an infant.

SUFFRAGETTES BEATEN.

Attempt to Storm Parliament Fails—Many Arrested.

London — The suffragettes fared badly at the hands of the police in this city Wednesday. They had threatened to force their way into the house of commons and make a protest on the floor against the prime minister's refusal to pledge the government to a bill giving equal suffrage to both sexes, but they failed to reach the entrance to parliament.

Thwarted by the police, who arrested 220 women and three men, the suffragettes resorted to a campaign of window smashing. Driven from parliament square by the police, 1,800 of whom were on duty, the women, accompanied by sympathizers and gangs of rowdies, proceeded through Whitehall, armed with bags of stones, concealed under their coats, and broke windows in public offices, the Liberal headquarters and the National Liberal Club. They extended their operations to the Strand, where windows of the Postoffice bank and other private concerns suffered from the onslaught.

The militant tactics of the suffragettes followed a statement by Premier Asquith that the government was unable to introduce a bill to enfranchise women, as the cabinet was divided on the question, but would allow an amendment to be introduced to the proposed manhood suffrage bill, leaving it to the house of commons to decide whether women should be given a vote.

STRIPPED BY JOHN D.

Michigan Miner Claims Financier Got Millions By Trickery.

Washington, D. C.—Alfred Merritt, of Duluth, Minn., first president of the Duluth, Missabe & Northern railroad, who styled himself a "lumberjack," unacquainted with the methods of the "money trust," told the house Steel trust investigating committee that through loans of less than \$1,000,000, from John D. Rockefeller, he had lost his holdings in the Missabe iron mines and the railroad property now owned by the United States Steel corporation and estimated to be worth \$700,000,000. Merritt declared that he was induced through F. D. Gates, Mr. Rockefeller's secretary, "in charge of his charitable work," to put up all his holdings as collateral for loans. Two months after he had put up his collateral with Mr. Rockefeller during the panic of 1893, Rockefeller called in the loan, giving him 24 hours to raise \$420,000, and that being unable to raise the money, he and his brother lost their property.

Italians Repulse Turks.

Tripoli—The Italians report that the Turks were repulsed Wednesday in three outpost attacks with 29 killed. Five aeroplanes, returning to camp, reported that there had been no change in the Turkish position. They succeeded in dropping bombs inside the Turkish camp, which was destroyed. At the same time the Italian armored cruiser Carlo Alberto bombarded the village of Amrus and the fort of Henni, 3 miles from Tripoli.

ANARCHY THREATENS

Chinese Empire on Verge of Reign of Terror.

Robber Bands Organize and Plunder—Both Sides in War Powerless to Check.

Washington, D. C.—Affairs in China apparently have reached such a point that neither the rebels nor the imperialists are able to check acts of lawlessness. Advices to the State department report that brigandage is on the increase in various parts of empire. Business is reported in a critical condition and finances in very bad shape.

Rear-Admiral Murdock, commandant of the American naval forces in China, reports that Nanking is cut off from communication with the outside world by railroad and telegraph and that the natives are leaving in disorder. All the missionaries except three are reported to have left Nanking for Wu Hu. There are no disorders in Che Foo, but many robberies have been committed in the vicinity.

Later advices from Nanking, where the decisive battle of the revolution is thought to be impending, are to the effect that all is in readiness on both sides. The naval officers report that it will be extremely difficult to protect foreign property inside the walls, because it is so widely scattered. The revolutionary forces are still concentrating.

They now hold all the territory in the vicinity of Nanking. The principal advance of the revolutionaries on Nanking is from the direction of Chin Kiang. The advance guard is made up of trained troops who are well equipped.

The imperial warships which were captured by the revolutionists, or surrendered voluntarily after the fighting at Hankow, are reported to be lying at Chin Kiang.

Minister Calhoun has grave doubts as to the stability of the new cabinet formed by Yuan Shi Kai. The arrival of Yuan Shi Kai in Pekin has done much to steady the situation, but the government is in need of financial help.

Grand Canyon, Ariz. — Tired and wet, but happy, Emory C. and Ellsworth Kolb arrived at their home Saturday after a 900-mile contest with the rapids of the Green and Colorado rivers, on their journey from Green River, Wyo., to the Gulf of California. The little boat in which they made the trip was in good condition. The Sockdolager section, supposed to be worst of the entire trip, was passed in safety.

Washington, D. C.—Night scouting in aeroplanes equipped with searchlights has been tried for the first time at the army aviation school at College Park, Md. Successful surveys were made and, returning, the machines landed without the aid of watch fires.

TEXAS DRIVES OUT REBELS.

Mexican Plotters Against Madero Ordered Across Line.

Austin, Tex.—"All revolutionists in the vicinity of Laredo must leave within 48 hours," reads a specific order from Governor Colquitt, of Texas, to Adjutant General Hutchinson, who is at Laredo trying to cope with the situation there.

Federal authorities seized a quantity of ammunition and arms said to be a part of a store provided by persons who hoped to lead a revolt against the Madero government in Mexico. The officers were led to the cache by Juan Meriga soon after his arrest on a Federal indictment returned at the same time as the one against General Bernardino Reyes.

Meriga was formerly a Mexican cavalry captain. His arrest is the fifth in connection with the alleged revolutionary plot. General Reyes was arrested in San Antonio and three others said to be implicated were taken into custody at Laredo.

Meriga is said to have made a confession regarding the alleged revolutionary plot said to have been led by General Reyes. The officers say Meriga told them he had been engaged in storing horses, arms and ammunition, a considerable amount of which has already been sent into Mexico.

It was said by United States Marshal Brewster that other important developments were expected within a few days.

PRINCE PINES FOR HOME.

Heir to Baroda Throne Says American Girls Are "Too Cold."

Cambridge, Mass.—Jaisint Gaekwar, prince of Baroda, and heir apparent to the throne of that country and now a senior at Harvard, longs for the time that he can shake the dust of America from his heels and return to the lands of his nativity.

"I can't say that I admire your women, and you can say emphatically that I have no intention of taking an American bride home with me. I have found your girls too cold. They are over-fond of show and awfully affected."

3,000 to Run Big Farm.

Sacramento, Cal.—Morris Brook, of this city, has secured an option on a tract of 22,000 acres of foothill land in Glenn and Colusa counties for a colony of Russians that will include 3,000 persons. The land will be farmed as a whole if the deal is completed, and there will be no individual holdings. The colonists will farm it on a community plan, all living in a town that will be established by the management.

Of this number, 15,320 passed through the Ogden gateway, 9,929 were carried via El Paso, 8,689 via Los Angeles and 3,701 via Portland.

BLIZZARD GETS FOUR

Bodies Buried in Snow-Drifts Near Kamloops, B. C.

Three Bodies Found in Field Near Roadside—Victims Had Tried to Make Camp.

Victoria, B. C. — Overtaken by a blizzard while returning to their home from Kamloops, B. C., a family of four lost their way and were found frozen to death. The dead:

John Keefer, a rancher; James A. Tronson, Keefer's brother-in-law; Elizabeth Keefer, aged 14; May Keefer, aged 11.

The first intimation of their fate came through the discovery by Joseph Frolic of the bodies of Keefer, Tronson and the youngest child, which since have been brought to Kamloops. The body of Elizabeth Keefer has not been found.

The snow is smooth and level, from three to five feet deep in the vicinity, and there is small probability of recovery of this body until the snow melts with the advent of spring.

The Keefer farm is a little off the Nicola road, along which Joe Frolic was driving into Kamloops when this gruesome discovery was made, this being at a point nine or ten miles from the Keefer place.

The bodies of the three were located in one of Rancher McConnell's fields at the side of the road, partially covered with blankets. This is cited as circumstantial evidence that the quartet of unfortunates had stopped possibly with the thought of making camp, fearful of losing their way if they continued. The horses had been unhitched and it was the neighing of one that first attracted Frolic's attention.

James Tronson's body was discovered a few feet from the sleigh, covered with about two feet of snow, with about two feet more underneath it.

Keefer's corpse was in the seat of the sleigh and the younger child in a pitiful, huddled heap between his knees. The little girl was warmly clad and had probably lived some hours longer than the men.

APPROVE PARCELS POST.

Trans-Mississippi Congress Will Meet on Pacific Coast.

Kansas City—After selecting Salt Lake City as the meeting place for 1912 and Kansas City, Mo., as official headquarters, the 22d annual session of the Trans-Mississippi Commercial congress adjourned Saturday.

Although the date for holding the next meeting was not definitely decided upon, it was tentatively agreed upon to convene in the last week of August. The official headquarters were located for only one year, E. J. Becker, of this city, was elected secretary, to succeed Arthur T. Francis, of Cripple Creek, Colo., after which Mr. Francis was elected an honorary member of the congress for life. George B. Harrison, a banker of this city, was elected treasurer.

A resolution was adopted recommending that the congress meet at a Pacific Coast city in 1915, the year of the Pacific-Panama exposition. San Francisco and Seattle are rival aspirants for the meeting at that time.

Consideration of the report of the committee on resolutions occupied most of the session. The resolution declaring that the congress was against the parcels post, which was adopted, provoked acrimonious discussion. The vote was 90 for and 16 against the resolution. A vigorous verbal scrimmage followed, in which charges were made that a "steam roller" was being operated by those in control of the meeting and that the tendency of the congress was to take no definite stand on anything.

Launch Party in Peril.

Marshfield, Or. — A. H. Powers, head of the Smith-Powers company, and a party of friends in his speed boat, narrowly escaped death from being caught in a water spout which swept across Coos bay when the recent big storm was at its height. A column of water was drawn up 150 feet high by a whirlwind with such force that big logs were thrown up out of the bay. The awe-inspiring column was at times 10 feet in diameter.

Germans Lurk for Horses.

Los Angeles — Individual drinking cups for horses will be a reality in Los Angeles if a recommendation by the Los Angeles board of veterinary surgeons is carried out. Watering troughs are breeding places for glanders germs, say the veterinarians. The report urges each driver of a team to provide himself with a bucket, from which his horses, and no others, may drink.
